2. Administration and Finance

- Monthly Budget Summary and Narrative Report March 2017: The Monthly Budget Summary Report along with a narrative for March 2017 was submitted to the

Commissioners for their review and comments. DPPC is on budget and has expended 74% of its budget through the ninth month of the fiscal year.

- Ways and Means Hearing – March 20, 2017: DPPC Executive Director provided oral and written testimony on behalf of the agency’s budget on March 20, 2017 in Worcester to member of the Joint Committee on Ways and Means. Unlike most previous years, DPPC was not scheduled to present along side of EOHHS agencies such as DDS, MRC, DCF and MCDHH but instead was scheduled with Public Safety. A copy of the Executive Director’s written testimony and FY2018 Budget Brief were distributed to the Ways and Means members at the hearing and subsequently emailed to all the committee members. Copies were provided to the Commissioners for review.
- Reception with House and Senate Members – April 5, 2017: Representative Sean Garballey organized a reception at the State House for the DPPC to meet with new House and Senate members. The event was also opened to all members interested in attending. This was an opportunity for DPPC to meet face to face with new and seasoned members and for legislators to learn about the DPPC including its milestones, challenges and needs. Representative Garballey, Representative Khan and Executive Director Alterio briefly talked about the work and budget challenges of the DPPC, in addition to Attorney Levrault highlighting DPPC’s pending legislation.
- House Ways and Means Budget recommendation – April 10, 2017: HWMs released their budget recommendation on April 10<sup>th</sup> and recommended \$3,231,654 which is an additional \$100,000 over H1 for the DPPC. This recommendation not only allows DPPC to maintain, but also would enable DPPC to hire an additional position in FY18.
- Representative Garballey Seeks Budget Amendment: Given DPPC’s high caseloads and ever increasing hotline calls, Representative Garballey sponsored an amendment to the House Ways and Means budget recommendation to increase the DPPC’s line item by \$250,000. Unfortunately the amendment was tied to the wrong appropriation number as it was linked to DPPC’s ACL budget and as a result complicated matters with its passage. The amendment did not pass however DPPC is extremely grateful for Representative Garballey’s ongoing advocacy and support.

### 3. Personnel

- ACES – Stage A: Managers are reviewed on the federal fiscal year that runs from October 1<sup>st</sup> to September 30<sup>th</sup>. During the DPPC All Staff meeting in September 2016, DPPC developed its annual strategic plan and formulated agency and management objectives. HRD most recently released and distributed the revised ACES form with instructions for agencies to begin the planning stage for managers. The goals/objectives DPPC created back in September 2016 were inputted into HRD’s newly revised digital ACES form. ACES Planning Stage forms for Nancy Alterio, John Brown, Emil DeRiggi and Julie Westwater were presented to the Commissioners for review and signature. Executive Director highlighted the objectives that the managers are currently working on and that were copied into the ACES form including revising policies and procedures, pursuing passage of DPPC’s bill to amend its enabling statute, implementation of the ACL project, revising the

investigation report and intake database, implementation the changes of the public records law in addition to other objectives. Progress review stage will be due July 3 through July 21 with final review will be due October 2 through October 27, 2017.

**MOTION:** To approve ACES Planning Stage as presented motioned by Commissioner Medoff and seconded by Chairperson Brett

**VOTE:** Unanimous to approve ACES Planning Stage as presented

#### 4. MOVA

- Request for Grant Applications – Award Notification: DPPC received a letter from MOVA dated March 24<sup>th</sup> confirming the Victim and Witness Assistance Board has approved DPPC’ application to the *Services for Survivors who are Deaf or Hard of Hearing and Survivors with Disabilities* (SDHHD). As part of the contracting process, DPPC staff met with MOVA management on April 10, 2017 to discuss funding details. DPPC applied for \$2 million and was awarded \$1.3 million over two years. The MOVA grant will enable DPPC to create a Sexual Assault Response Unit comprised of Protective Service Navigators and Peer Support Persons which will connect victims of sexual assault with disabilities to the same resources available to other victims of sexual assault. The Protective Service Navigators will offer individualized supports to sexual assault victims with disabilities to ascertain what, if any trauma-related services, the victim may want or need and support that individual in obtaining services. Improving access to services for persons with disabilities also means improving access to long-term mental health treatment for all persons with disabilities, particularly persons with I/DD. DPPC also hopes to be able to use the funds to address the barriers often experienced by individuals in ascertaining an experienced therapist who can provide critical long-term mental health services to sexual assault victims with disabilities. Discussions are underway with MOVA to determine if funds can be used for DPPC to procure a referral service to provide intake, screening, assessment, placement, follow-up and case consultation to match sexual assault victims with disabilities to appropriate therapist. The vendor agency would have to modify its intake process, build its infrastructure, maintain the list of therapists, provide clinical match of person with I/DD with therapist. This would probably cost about \$200,000 over a two year period. There is available space in the building for the grant staff DPPC hires and the increased rental cost was factored into the grant application. DCAM has already visited the space as they handle negotiations with the landlord. Executive Director Alterio is also in discussions with MOVA about planning a formal announcement of the award. The Commissioners will be notified of any planned events.
- Conference: The MOVA Conference was held on April 19, 2017 at the Seaport Hotel and Conference Center in Boston. There were over 400 people in attendance. Patty Quatieri, self-advocate and MASS employee, received an award for her work in victim services. Two workshops were provided on the ACL project and A&A training with approximately 150 people in attendance between the two trainings.

#### 5. DPPC Advisory Council – June 22, 2017

DPPC Advisory Council will attend the Commissioners’ meeting of June 22<sup>nd</sup> to meet with the Commissioners and welcome DPPC’s new Chair, the Honorable James Brett.

6. Office of Child Advocate Residential Schools Report

DPPC is part of an Interagency Working Group on Residential Schools through the Office of the Child Advocate (OCA). The working group was looking to prevent harm to children by more effectively identifying programs at risk of experiencing operational challenges, and how to provide appropriate support and technical assistance to these programs to ensure their safe operation. A report was completed by the working group which provides a series of recommendations to improve the oversight of services to children in residential schools and address systemic challenges. The Commissioners were provided with a copy of the Executive Summary.

11. New Business

- Executive Director Alterio met with DPH and Trial Court personnel on March 23<sup>rd</sup> to begin discussions on designing training for judges and court personnel on working with victims with disabilities. The Trial Court has developed online PowerPoint modules to address other training matters and it is the hope that one will be developed to address working with persons with disabilities.
- The Commissioners discussed recognizing Representative Sean Garballey for all his advocacy and support of DPPC. The Executive Director will invite Representative Garballey to the next Commissioners' meeting to be formally recognized for all his work and commitment on behalf of victims with disabilities.
- It was suggested adding a case scenario on financial abuse to the DPPC Budget brief. Although DPPC has no authority to investigate financial abuse, it still receives hundreds of reports of financial abuse and, due to the passing of the Real Lives Bill, the number of financial abuse reports is increasing. Although DPPC has no authority to investigate financial abuse, the SPDU, housed at DPPC, do investigate financial abuse reports. A financial abuse case will be added to DPPC's budget brief.
- A reminder, the next Commissioners' meeting is scheduled for Thursday, May 25, 2017 from 4:30 – 6:30 p.m.
