

## **CR601 Student Progress Towards MassCore**

The Student Progress Towards MassCore report displays a list of high school students and their progress towards completing the MassCore recommended program of study. It displays the number of course units a student has successfully completed in each subject area. It allows you to identify which students are on track or off track for completing the MassCore recommended program of study, and where they are falling behind in meeting requirements so you can help get them back on track.

## **CR608 Student High School Academic Preparation and Postsecondary Experience**

CR608 provides student-level high school academic preparation and postsecondary outcomes of students who enrolled in a public or private postsecondary institution. The report provides insight into high school academic preparation such as completing the MassCore curriculum, enrollment in AP courses, passing a full year of Math/Science in the 12<sup>th</sup> grade, and SAT scores. Postsecondary outcomes includes enrollment, 2<sup>nd</sup> year persistence, 1<sup>st</sup> degree attainment, and the number of institutions student's attended for up to 6 years after high school graduation.

The student population in the report includes students who graduated from a MA public high school in the selected graduation year who enrolled in a public or private postsecondary institution the immediate fall or within 16 months of high school graduation.

The postsecondary institution information in the report is based on information from the National Student Clearinghouse (NSC).
