

The Massachusetts Office for Victim Assistance (MOVA) is an independent state agency responsible for upholding and advancing victim rights across the Commonwealth. MOVA is undertaking a strategic planning process to develop an inclusive vision to guide our work and the ways we support victims, witnesses, and survivors.

Throughout the strategic planning process, we want to ensure that our work is informed by your insights and ideas. To capture your thoughts, we'll be putting out a public survey in the coming weeks. We will also have other engagement opportunities, including interviews and focus groups. I am requesting your participation in one or more of these engagement opportunities. Your participation will help us collectively leverage MOVA's strengths to meet the needs of victims and survivors in Massachusetts.

You may hear directly from our planning consultants at [Strategy Matters](#) requesting a phone interview or other contact as they gather your insights to inform our process. Thank you in advance for giving them some of your time and expertise.

Please feel free to contact Strategy Matters directly at info@strategymatters.org if you have any questions or concerns. Thank you for your involvement, partnership, and support in MOVA's strategic planning.

Sincerely,

Liam Lowney
Executive Director
Massachusetts Office for Victim Assistance
