Massachusetts Rental Voucher Program (MRVP)

- The purpose of the MRVP program is to provide rental assistance to eligible low-income households.
- There are currently 8 regional non-profit housing agencies and 100 local housing authorities that administer MRVP throughout the Commonwealth.
- MRVP provides housing stability to over 9,400 low-income households (and growing!)
- \bullet In FY 2023, MRVP's total budget was over \$174 million dollars the largest it has ever been!

Department of Housing and Community Development (DHCD) • DHCD administers a variety of programs, including

 DHCD administers a variety of programs, including public housing, emergency shelter, housing stabilization, rental assistance, affordable rental and home ownership development, community development, fuel assistance, and other community services.

 DHCD partners with hundreds of private and nonprofit organizations throughout the state to achieve its goals.

10

DHCD Division of Rental Assistance (DRA)

 Within DHCD, the Division of Rental Assistance (DRA) has the responsibility for regulatory and administrative oversight of all state-funded affordable housing rental assistance programs, including the administration of MRVP.

 In addition to state-funded rental assistance, the DRA is responsible for oversight and administration of over 22,000 federal rental assistance subsidies throughout the state.

11

Administering Agencies (AAs)

- DHCD contracts with different agencies to administer MRVP on its behalf.
- These agencies are collectively referred to as Administering Agencies (AAs). AAs are made up of:
- Local Housing Authorities (LHAs); and
- Regional Administering Agencies (RAAs)

Local Housing Authorities (LHAs)

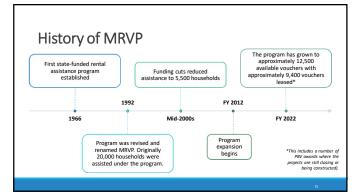

- LHAs are independent authorities formed at the city or town level to provide public housing and rental assistance to low-income households.
- LHAs receive funds directly from the Commonwealth to support state rental assistance programs.
- Some LHAs also receive Federal funds to support Federal public housing and/or Housing Choice Voucher Program rental assistance.
- There are approximately 240 LHAs in Massachusetts.
- Approximately 100 LHAs administer some type of MRVP Voucher

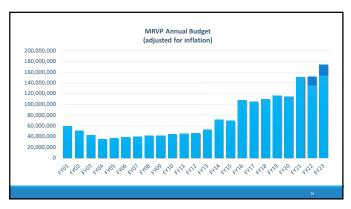

13

Regional Administering Agencies (RAAs)

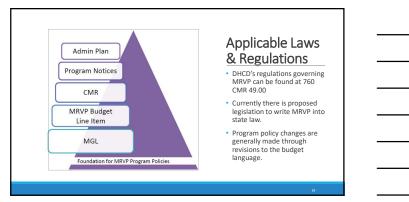

- Regional Administering Agencies (RAAs) are eight private, non-profit agencies that administer rental assistance programs throughout the state.
- DHCD subcontracts the administration of its Housing Choice Voucher Program (HCVP or Section 8) Vouchers to these agencies.
- All eight RAAs also administer MRVP on behalf of DHCD.

14

Types of MRVP Vouchers There are two types of vouchers authorized under MRVP: Tenant-Based Vouchers (TBV): • The voucher is issued to the Participant. • The voucher is valid to be used anywhere in the state of Massachusetts, as long as the unit is approvable. Project Based Vouchers (PBV): • PBVs are assigned to a specific housing unit or development. • A participant benefits from the subsidy as long as they continue to live in the PBV unit. • When a participant moves, they generally cannot take the subsidy with them.

The Administrative Plan

19

Purpose of the Administrative Plan

- The purpose of the Administrative Plan is to aid in the proper administration of MRVP by clarifying DHCD's policies for carrying out the program in a manner consistent with MRVP regulations.
- The Admin Plan is a living document that has the flexibility to change as MRVP changes.

20

Purpose of the Administrative Plan

- Why is the Admin Plan so important?
- Provides for effective operation of the MRVP Program
- Provides staff with a tool for decision making
- $^{\circ}$ Ensures consistency in the operation of the MRVP program
- Minimizes legal challenges
- Promotes fairness, uniformity & equity

Mandatory Requirements vs. **Discretionary Practices**

- Required by legislation, regulations, current administrative guidance, notices, and DHCD legal opinions.
- Example: The voucher search period shall be 120 calendar days from the date of issuance.

- Practices and procedures developed by the Administering Agency (AA) (i.e. the LHA or RAA who administers the voucher) which are not required under mandatory program requirements.
 In some cases, these practices and procedures may be based on optional, non-binding DHCD guidance, including notices that have expired, but not been suspended, and recommendations from individual DHCD staff.
 Example: The AA may grant one voucher extension request if cause exists. The AA must determine how they interpret cause.

22

Updates to the Administrative Plan

- DHCD will revise the Administrative Plan periodically to comply with program, regulatory and legislative changes.
- The plan may also be updated to clarify information and ensure staff consistency in operation.
- AAs are notified of additions or changes to the plan and/or DHCD policies and procedures by email and program notice, which are publicly available on www.mass.gov/mrvp.

23

Administrative Plan

- This training will cover commonly applied MRVP policies; however, will <u>not</u> include <u>all</u> MRVP Admin Plan policies.
- Staff remain responsible for review and correct application of all MRVP policies in accordance with the Administrative Plan and all related notices and guidance.

Application & Selection from the Waiting List

WAITING LIST
SELECTION
PREFERENCES & PRIORITIES

25

Waiting Lists

- Waiting lists for Mobile Vouchers are currently maintained by the AA. However, MRVP will be added into the CHAMP system in September 2023.
- Once in CHAMP, all MRVP waiting lists will be opened and will remain so.

26

Waiting Lists

- Waiting lists for Project-Based Vouchers (PBVs) may be established by either the owner or AA via CHAMP
- $^{\circ}$ As of FY 13, all new PBVs have owner-managed waiting lists.
- When an owner manages their own waiting list, the owner must submit, and DHCD must approve, the owner's Tenant Selection Plan (TSP).
- Older projects may switch to owner-managed waiting lists upon owner request and DHCD review and approval.

Order & Selection from the Waiting List

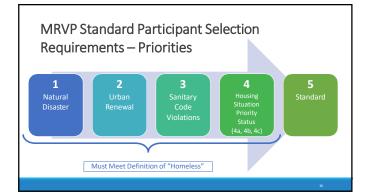

- Order and selection from the waiting list is based on date and time of application, priority categories, and local or regional preference.
- This means that a homeless Applicant, for example, may be offered a voucher before a non-homeless Applicant.

28

Priority

- Priority: DHCD has contracted with Archipelago Strategy Group (ASG) to verify homeless priority for all applicants for MRVP, AHVP, and state-aided public housing.
- The following slide includes the priority categories which inform the order of selection
- Priorities 1-4 focus on homeless applicants
- $^{\circ}$ Priority 5 is for any applicant who does not fit into categories 1-4

29

Local Resident Preference (LHAs only)

- For <u>LHAs only</u>, a Local Resident preference shall be applied within each priority category when determining the order of tenant selection.
- For applicants who claim a local or regional preference but no homeless priority, the AA will be responsible for verifying local/regional preference.
- A Local Resident is defined as a person or Household who meets the following criteria at the time of application and final determination of eligibility:
- Has a principal residence in the LHA's city or town
- Is employed or has a verified offer of employment in the LHA's city or town
- $^{\circ}\,$ Has a child who attends school in the LHA's city or town

31

Eligibility Screening

VITAL DOCUMENTS
INCOME ELIGIBILITY
ASSET ELIGIBILITY
CRIMINAL RECORD AND HOUSING HISTORY

32

Eligibility Screening

- Once an applicant is selected from the waiting list, the AA must determine eligibility for assistance.
- The AA is responsible for ensuring that every Household admitted to MRVP is selected from the waiting list according to policy and meets all program eligibility requirements.
- The Household must provide any information needed by the AA to verify eligibility and determine the level of the Household's assistance.

Photo ID

- Acceptable reasons for being unable to obtain government-issued photo ID may include, but are not limited to:
- Requested/applied for government-issued photo ID, but will not obtain in a timely manner
- Applicant/Participant does not have documents required to obtain government-issued photo ID; and/or
 Government-issued photo ID was lost, stolen, and/or destroyed and has not yet been replaced.

Note: This may primarily impact households who may have greater difficulty applying for and/or obtaining photo ID due to documentation and/or other requirements, such as undocumented immigrants and/or homeless individuals/households.

40

Date of Birth

- For each household member, the AA must request verification of date of birth.
- Ideally, the AA shall attempt to obtain an original or copy of every household member's birth certificate.
- A passport, immigration card, or other government-issued photo ID confirming date of birth is acceptable when a birth certificate is not available.
- $^{\circ}$ For young children, the AA may also accept a mother's letter provided by a hospital at the time of the child's birth in lieu of a birth certificate.

41

Date of Birth

- If a household member <u>cannot</u> provide a birth certificate at initial screening, the AA shall accept any documentation that confirms the household member's date of birth (including photo ID).
- If a household member cannot provide a birth certificate or photo ID: • The household member must provide their Social Security card (if they have an SSN);
- $\,{}^{\circ}$ The household member must self-attest to their date of birth; and
- The household member must provide their birth certificate to the AA if/when they receive it.

Social Security Number (SSN)

- Each adult household member must authorize the use of their Social Security number, if they have one, to verify income for the purposes of determining eligibility, Tenant Rent Share, and Voucher Payment.
- The ideal verification of a Social Security number is someone's Social Security card, but other verification may be accepted, such as official correspondence from the Social Security Administration.
- If a household member does <u>not</u> have an SSN:
 No verification of SSN is required; and
- The household member must provide government-issued photo ID (if able) and/or birth certificate to verify identity.

43

Vital Documents

- If a household member has any or all of three vital documents then they must provide them to the AA.
- Ideally → government-issued photo ID, birth certificate, and SS
- If a household member is missing one or more of these documents but subsequently receives them during their participation in MRVP, they must be provided to the AA.
- If an adult household member, including the Head of Household, cannot provide either a government-issued photo ID, birth certificate, or Social Security card then they are not eligible for MRVP.

44

Reminder!

- MRVP and other state programs do not have citizenship or immigration status requirements.
- Thus, AAs should <u>not</u> request verification of citizenship and/or immigration status for MRVP households, as it does not affect program eligibility.
- In cases where a household member does not have an SSN then SSN verification is not required.

Authorization for Release of Information

- All Applicants and Participants age 18 or older must sign the Authorization for the Release of Information when being screened for program eligibility.
- \circ Note: the form must also be signed at recertification and relocation.
- The form must be used by all AAs and placed on AA letterhead.
- The form has been translated into multiple languages
- Coming Soon! A new version of the Authorization for Release of Information form will be distributed to AAs by DHCD once finalized.

46

Authorization for Release of Information

- The Authorization for the Release of Information form:
- $^{\circ}$ Allows AAs to verify income, assets, and deductions with a third party; and
- Allows AAs to share data with DHCD and DHCD to share that data with other government agencies if deemed necessary.

- $^{\circ}$ Has not failed to comply with the terms of a previous MRVP Voucher

- Must not have engaged in criminal activity, which would interfere with or threaten the rights of other tenants or AA employees to be secure in their persons or in their property or with the rights of other tenants to peaceful enjoyment of their units and common areas.

- The greater the degree of danger, the greater must be the strength of the mitigating circumstances showing that a recurrence of behavior will not occur in the future.
- Always consider reasonable accommodations and the impact of domestic violence.

70

71

- The CORI and SORI must be appropriately destroyed.
- AAs are prohibited from providing verification to a property Owner or any other agency that an Applicant and/or Participant has no CORI/SORI or a "clean" CORI/SORI.
 If questioned, an AA may state that all Participants have been found eligible for MRVP based on current eligibility criteria.
- Document the file with notes that the CORI and SORI were run on (enter date).

Mobile Voucher

- The AA must enter the following information on a mobile voucher:
- Name of the AA
- Name of the participant
- Members of the household
- Voucher size
- Voucher Issuance Date
- Voucher Expiration Date
- We will discuss the Voucher (or bedroom) Size, Voucher Issuance Date and Voucher Expiration Date in more detail in the later slides.

106

Project-based Voucher

- If the participant receives a projectbased voucher, they will not be required to search for a housing unit because the voucher is issued for a specific projectbased unit.
- You will notice that the project-based vouchers include the contract unit address for the project-based unit that the participant will lease.

107

Project-based Voucher

- The AA must enter the following information on a project-based voucher before issuing it to the applicant:
- Name of the AA
- Name of the participant
- Members of the household
- Contract Unit Address (for the project-based unit)
- Date Issued
- Bedroom Size

Voucher: Unit Approval

- The AA will determine if the unit is decent, safe and sanitary based on the standards described in Chapter 9: General Leasing Procedures of the Admin Plan.
- The standards for the unit are the same for applicants who receive mobile and project-based vouchers.
- $^{\circ}$ As described on the voucher, the AA has the sole discretion to deem a unit suitable or unsuitable for the MRVP program.
- The AA is not obligated to approve a unit chosen by the applicant.

109

Voucher & Bedroom Size

110

Voucher and Bedroom Size

- The AA will list the Voucher Size (mobile) or Bedroom Size (project-based) on the participant's voucher, which is the number of bedrooms that the AA has deemed appropriate for the family.
- Participants who receive a mobile voucher will be instructed to search for a unit with the same number of bedrooms as their voucher size.
- To determine the family's voucher size, the AA will review the family composition, including:
- AgeRelationship
- Gender

Voucher Size

- The AA will use the following criteria to determine the appropriate number of bedrooms for the family:
- Household members of the opposite sex will generally not be required to share a room unless they are in a partnered, romantic relationship or are 2 children under the age of 8.
- Household members of the same sex share a bedroom except for a household member, aged 21 or over, who may elect not to share a bedroom with their child, grandchild or legal ward.
- Unborn children will be counted when determining the voucher or bedroom size.
- Each bedroom must be at least 70 sq. ft. and must contain at least 50 sq. feet of floor space for each occupant; and meet all other requirements of the State Sanitary Code.
- No bedroom can be shared by more persons than permissible under the State Sanitary Code.

112

Voucher Size: Exceptions

- If requested by the participant, the AA may increase the voucher size under the following circumstances:
- If medical documentation is provided as evidence, the AA may permit a household member to have their own bedroom if sharing a bedroom would have a severe adverse impact on their mental or physical health.
- As a reasonable accommodation for a disability, the AA may allow the household an additional bedroom.
- An approved Personal Care Attendant receives their own bedroom.
 Only one bedroom may be granted for PCAs per Household.

113

Over-housed

- Mobile Vouchers
- If a family with a mobile voucher selects a unit larger than the voucher size, they will be considered over-housed. The AA will permit them to do so only if the unit is affordable based on their voucher size and applicable payment standard.
- Project-based Vouchers
- A family with a project-based voucher cannot be over-housed at initial lease-up. However, they may become over-housed during their tenancy if a member of their family leaves.

Underhoused

- An underhoused family is one that is living in a unit that is smaller than their voucher size.
- A family with a mobile or project-based voucher may choose to be underhoused at initial lease-up.
- However, the family may not later use being underhoused as a good cause to transfer or terminate the lease; unless the household composition has increased after leasing.

115

Overcrowded

- Though families can be underhoused during tenancy, the AA will not permit them to be overcrowded, which is defined as a household that has too many people living in it based on square footage.
- Generally, the Board of Health will determine if the household is overcrowded.
- The AA may reject a participant's request to add a household member during their tenancy if it would result in the household being overcrowded.
- Though a participant is not required to request to add a member as a result of birth, adoption or court-ordered custody, the AA will work with the participant to re-locate to an appropriate-sized unit if the addition will result in overcrowding.

Voucher Term TERM, EXTENSIONS, AND SUSPENSIONS

Mobile Voucher: Term

- As we discussed earlier, the participant can begin their housing search once they receive their mobile voucher.
- The participant will have **120 calendar days** to search for a housing unit from the Voucher Issuance Date to the Voucher Expiration Date listed on the voucher.
- The AA will track the days remaining on the voucher term, often referred to as the "voucher clock."

121

Mobile Voucher: Expiration

- The voucher will list the Voucher Expiration Date, the date when the participant must either:
- Submit an RFPP or
- Request an extension
- The voucher will expire if the participant does not submit an RFPP or request an extension before the Voucher Expiration Date.

122

Mobile Voucher: Expiration Notices

- Thirty (30) days before the Voucher Expiration Date, the AA must send a notice to the participant with the following information:
- Notice that the participants will no longer be entitled to MRVP benefits if they allow the voucher to expire
- Instructions on how to request an extension
- The AA must also send a notice to inform the participant at the time that they have allowed their voucher to expire.
- Participants who allow their voucher to expire cannot request an appeal or file a grievance.

Mobile Voucher: Clock Stop

- When the participant has found a unit they wish to lease, they will submit a Request for Program Payment (RFPP) and the AA will begin their process to determine if the chosen unit can be approved.
- Once the AA receives the REPP the voucher clock will ston
- If the AA cannot approve the unit for which the participant has submitted an RFPP, the voucher will be amended to update the Voucher Expiration Date.
- The new Voucher Expiration Date is calculated from the date the unit found not suitable plus three days for mailing (if voucher is mailed).

124

Mobile Voucher: Extension

- As noted in previous slides, the participant may request to extend their voucher term before their Voucher Expiration Date.
- The AA may provide a 30-day extension if the participant demonstrates cause, such as housing search logs to demonstrate that the participant is searching diligently but has been unable to find a unit.
- DHCD may grant an additional 30-day extension provided that the participant can provide documentation of hardship. The AA must submit such requests to DHCD (thomas.timms@mass.gov) on behalf of the participant.
- The participant will only be granted voucher extensions beyond 60 days for as part of a request for reasonable accommodation.

125

Project-Based Voucher: Term

- The project-based voucher is only valid as long as:
- The participant remains eligible;
- The participant is the legal occupant of the contract unit, as referenced in the header of the voucher; and
- There is a valid Voucher Payment Contract in place for the unit.
- Generally, the participant will sign a lease for a project-based unit at the time their voucher is issued to them.
- When the participant chooses to or is required to move from the project-based unit, the voucher will be automatically terminated, and the participant will not be entitled to any further MRVP benefits. However, the voucher will not be terminated if the participant is required and/or approved to move as a result of an administrative transfer.

Voucher: Suspension

- For both mobile and project-based vouchers, the AA may suspend the voucher for **up to 1 year** if the entire household is unable to search for or occupy a contract unit.
- The head of household must submit a request for suspension and provide verification for the reasons they are requesting the suspension, including:
 Hospitalization
- In-patient treatment, including for substance abuse
- An emergency that requires temporary relocation
- Vouchers cannot be suspended due to incarceration; however, the AA may suspend the voucher if the participant is arrested and unable to make bail.

127

Voucher: Suspension

- Suspensions cannot be open-ended. The AA must suspend the voucher for a defined period of time according to the verified reason for their request.
- During the period of suspension, the AA will not make voucher payments to the owner on behalf of the participant.
- The AA cannot re-issue a suspended mobile voucher to another applicant. However, the AA may re-issue a suspended project-based voucher to another applicant based on the length of suspension and characteristics of the project.
- Before the voucher is re-issued to the participant, the AA must recertify the household's composition and income; however, the AA does not need to redetermine eligibility.
 Household members added during suspension require approval
- If the household is over-income at the time of reissuance, issue the voucher, then prepare and send an over-income termination letter.

128

Mobile Voucher Suspension

- · A Mobile Voucher may be suspended if:
- The entire Household is unable to occupy the Contract Unit for more than 30 days (without prior AA approval); and
- The Participant is unable to look for housing for a set time period.
- A suspended Mobile Voucher may not be reissued to an Applicant.
- The AA may also provide a voucher suspension to a participant currently leased. In such cases, tenancy must first be terminated by an Owner or Participant and the Participant must have a Mobile Voucher issued to them before the Mobile Voucher may be suspended. If the Participant does not vacate the Contract Unit prior to Voucher suspension, the Participant does not vacate the Contract Unit prior to Voucher suspension, the Participant may be liable for the entire Contract Rent.
