

# Mount Auburn Street Corridor Study

Final Report | May 2018

---

## Table of Contents

---

<b>Background.....</b>	<b>1</b>
History.....	1
Today .....	2
<b>Building the Stakeholder Group .....</b>	<b>5</b>
<b>Existing Conditions.....</b>	<b>7</b>
Pedestrians and ADA Conditions .....	8
Bicycle Conditions .....	13
Transit Conditions .....	15
Vehicle Conditions .....	20
<b>Defining the Issues and Establishing Shared Goals.....</b>	<b>25</b>
Site Walk.....	25
First Public Meeting .....	26
The Shared Goals.....	27
<b>Design Development and Concepts .....</b>	<b>29</b>
Design Alternatives and Discussions .....	30
<b>Short-Term Design Concept.....</b>	<b>35</b>
Mount Auburn Street Transit Priority Pilot.....	37
<b>Long-Term Design Concept.....</b>	<b>39</b>
Key Design Tactics.....	40
Parklands .....	47
Public Realm Improvements.....	48
Pedestrian and ADA Improvements .....	50
Bicycle Improvements.....	53
Transit Improvements .....	55
Traffic Safety and Traffic Calming Improvements .....	56
Ongoing Discussion Topics.....	59
<b>Conclusion.....</b>	<b>60</b>
