

# Need proof of your **COVID-19** vaccination?

The My Vax Records tool lets you access your COVID-19 digital vaccine card and your vaccination history from the Massachusetts Immunization Information System (MIIS). My Vax Records uses the SMART Health Card platform to produce a COVID-19 digital vaccine card, which can be saved on your smartphone as a handy way to show you have received COVID-19 vaccination.

The My Vax Records website follows national standards for security and privacy and for the first time enables residents to directly access their vaccination records stored in the Massachusetts Immunization Information System (MIIS), including their COVID-19 vaccination record.

Get started at [MyVaxRecords.mass.gov](https://MyVaxRecords.mass.gov).
