

# 2023 NATIONAL CYBER CRIME CONFERENCE

## EXHIBITOR & SPONSOR PROSPECTUS

APRIL 25TH - 27TH • FOUR POINTS BY SHERATON • NORWOOD, MA

HUNDREDS OF LABS AND LECTURES • NETWORKING SESSIONS • DEMO SPACE

## THE 2023 NATIONAL CYBER CRIME CONFERENCE

In 2007, the Attorney General's Office released the Massachusetts Strategic Plan for Cyber Crime, a plan that focused heavily on training initiatives for local, state and federal law enforcement. The Attorney General's Cyber Crime Initiative, the implementation mechanism for the Strategic Plan, followed closely thereafter. Since the creation of the ***Cyber Crime Initiative***, the Massachusetts Attorney General has held over 400 training events with over 30,000 registered attendees. In 2012, the Massachusetts Attorney General's Office held its first National Cyber Crime Conference ("NCCC"), the flagship of the Cyber Crime Initiative.

Over the past eleven years, the NCCC has distinguished itself as one of the premier international cyber training events for law enforcement in the country. Offering hundreds of individual training sessions at the most cost-effective price for law enforcement, the NCCC has experienced significant annual growth in overall attendance since its inception. We are excited to announce that we will be hosting the 2023 NCCC between April 25th and April 27th. At the 2023 NCCC, police, prosecutors, and forensic examiners will take part in three full days of training that will help them face the challenges posed by digital evidence and technology in their criminal investigations.

The NCCC is a great opportunity for attendees to learn how to better investigate cases involving digital evidence. It is also a great opportunity for exhibitors and sponsors to meet the officers who are on the front line to understand their needs and help them accomplish their investigative goals. Over the past eleven successful years we have heard from many of our sponsors that the NCCC offers the best return on investment for vendors seeking opportunities to connect with clients. NCCC information, registration, and details can all be found on our website, [www.mass.gov/ago/nccc](http://www.mass.gov/ago/nccc).

## NEW TO NCCC 2023

### Whova Lead Gen

NCCC will be offering Whova Lead Gen....what is that?

- An easy way to capture and qualify Leads onsite
- Quick and effective sales follow-up
- Complete exportable list of all retrieved Leads

Whova's Lead Gen enables exhibitors to create detailed profiles and retrieve attendees' contact information ("Leads") to form a thorough Leads list that can be exported to email, LinkedIn, Vimeo, and more! Users may collect Leads by scanning a QR code displaying on an attendee's badge or mobile device or by manually entering an attendee's information. Exhibitors will also have the ability to capture Leads from virtual attendees. All of this is done through the Whova app that can be downloaded onto your mobile device.

Visit <https://whova.com/resources/how-to-guide/leadgen-tutorial/> for more details.

## NCCC AT A GLANCE

The attendees of the National Cyber Crime Conference come from diverse backgrounds, experience levels, and jurisdictions. All ranks of law enforcement attend; the 2022 NCCC hosted almost 900 participants on site and over 400 virtually. Over the past eleven years the conference has had attendees from all around the world, including the UK, Japan, Scotland, Ireland, Canada, Australia, Estonia, Austria, the US Virgin Islands, Trinidad & Tobago and Turks and Caicos Islands.

“This is always a top-notch training.

“Your NCCC is one of the best we have attended as a sponsor.

“The experience was easy and seamless. Thank you for a great event.

“A very professionally run conference. Everything was on point. All the classes I took were helpful and informative, I learned so much.

“I already can't wait for next year.
