

# Nationally Certified Radon Mitigation Professionals

(Updated 05/04/2026)

Below is a comprehensive list of certified radon mitigation professionals in Massachusetts certified by either the [National Radon Proficiency Program](#) or the [National Radon Safety Board](#) (updated monthly).

The Commonwealth of Massachusetts does not certify radon professionals, but we do recommend that you use a professional who is certified by one of the two certifying agencies to conduct radon work. A professional only needs certification from one of the two agencies, and it is the professional who holds the certification, not the business. Mitigation work being performed can be either conducted by the certified professional or overseen by the certified professional.

*Please note that not all professionals listed below provide residential radon mitigation services.*

Mitigator Name	Business Name	Town	Email	Phone	Agency
Steve Byun	SB Environment	Agawam	<a href="mailto:steve@cnhincusa.com">steve@cnhincusa.com</a>	860-970-9694	NRPP
