NEMTEC

Northeast Emergency Management Training & Education Center

\$1.5M Federal Grant Received

A \$1.5 million federal grant was awarded to facilitate collaboration among and provide training to emergency management professionals through NEMTEC.

These funds will help create new curriculum, provide more training delivery options, and reach disadvantaged and remote communities throughout New England.

Click [here](#) for the full article.

NEMTEC History

NEMTEC was launched in March of 2023 and is coordinated by the Massachusetts Emergency Management Agency. NEMTEC is a collaborative program between the six New England state emergency management agencies, offering accessible, no-cost training to all emergency management practitioners that would not otherwise be achievable by any one state, alone. NEMTEC was established to help professionals within the emergency services sector meet the evolving needs of the region in response to the emerging threats & expanding roles for emergency management.

Training Survey

**Has your organization responded yet?
There's still time to have your voice heard.**

Results will assist in the development and delivery of no-cost training for emergency management professionals throughout New England. Visit the survey at: [2023 Training Needs Assessment](#). The survey will take only a few minutes to complete. The link will remain active through December 31st.

We are seeking responses from a diverse cross-section of the New England emergency management profession. This includes: emergency response agencies, NGO's, healthcare orgs., business & industry, municipalities, educational sites, federal & military, natural resources agencies, and public works/utilities agencies.
