## **SECTION 9.8 - DETERMINATION OF BREACH**

*(a) In the event that the Issuing Authority has evidence that the Licensee has defaulted in the performance of any material provision(s) of this Renewal License, except as excused by force majeure or other factors beyond the reasonable control of the Licensee, or prior to institution any action under either Section 9.3 (Performance Bond) or Section 9.7 (Revocation of License), the*

*Issuing Authority shall notify the Licensee in writing, by certified mail, of the provision or provisions which the Issuing Authority believes may have been in default and the details relating thereto. The Licensee shall have thirty (30) days from the receipt of such notice to:*

- (1) respond to the Issuing Authority in writing, contesting the Issuing Authority's assertion of default and providing such information of documentation as may be necessary to support the Licensee's position; or*
- (2) cure any such default (and provide written evidence to the Issuing Authority of the same), or, in the event that by nature of the default, such default cannot be cured within such thirty (30) day period, promptly to take steps to cure said default and diligently continue such efforts until said default is cured.*

*(b) In the event that the Licensee fails to respond to such notice of default or to cure the default or to take reasonable steps to cure the default within the required thirty (30) day period or to diligently continue such efforts until the default is cured, the Issuing Authority may schedule a public hearing no sooner than thirty (30) days after written notice, by certified mail, to the Licensee. The Licensee shall be provided reasonable opportunity to be heard at such public hearing, including the right to present evidence in its own behalf (both testimonial and documentary), to pose questions to those conducting the hearing (which questioning shall not be unduly burdensome and shall be limited to no more than thirty questions), and to review documents presented in support of a claimed material breach. Within thirty (30) days after said public hearing, the Issuing Authority shall make a written determination, based upon evidence introduced at*

***the hearing, whether or not the Licensee is in default of any material provision of the Renewal License.***

*(c) If the Issuing Authority determines that the Licensee is in such default, the Issuing Authority may determine to pursue any of the following remedies:*

- (1) seek specific performance of any provision of the Renewal License which reasonably lends itself to such remedy as an alternative to damages;*
- (2) exercise or foreclose on all or any appropriate part of the security provided herein;*
- (3) commence an action at law for monetary damages;*
- (4) declare the Renewal License to be revoked subject to the provisions herein and applicable law; and*
- (5) any other remedy available to the Issuing Authority.*

#### ***SECTION 9.9- TRANSFER OR ASSIGNMENT [SEE G.L.c. 166A §7]***

*This Renewal License or control hereof shall not be transferred or assigned without the prior written consent of the Issuing Authority, which consent shall not be arbitrarily or unreasonably withheld. The consent of the Issuing Authority shall be given only after a hearing upon written application therefor on forms prescribed by the Commission. The application for consent to an assignment or transfer shall be signed by the Licensee and by the proposed assignee or transferee or by their representatives, evidence of whose authority shall be submitted with the application.*

#### ***SECTION 9.10 - REMOVAL OF SYSTEM [SEE G.L.c. 166A]***

*Upon termination of this Renewal License or of any renewal hereof by passage of time or otherwise, the Licensee shall remove its supporting structures, poles, transmission and distribution systems and other appurtenances from the*

*streets, ways, lanes, alleys, parkways, bridges, highways, and other public and private places in, over, under, or along which they are installed and shall restore the areas to their original condition. If such removal is not completed within six (6) months of such termination, the Issuing Authority or property owner may deem any property not removed as having been abandoned. Such abandonment shall not relieve the Licensee of cost of removal.*

#### **SECTION 9.11 - EQUAL PROTECTION**

*(a) The Issuing Authority agrees that, in the event that another Multichannel Programming Distributor offers multiple channels of video programming in such a way as to become a Competing Distributor with the Licensee, regardless of whether such Competing Distributor is licensed or not, the following procedure shall apply:*

*(i) Upon written request of the Licensee, the Issuing Authority shall hold one (1) or more public hearings as may be deemed necessary. At such hearing(s), the Licensee shall have the burden of demonstrating to the satisfaction of the Issuing Authority all of the following:*

*(A) That there exist disparate burdens and inequities between the obligations imposed upon the Licensee by the terms of this Renewal License and the terms and conditions under which the Competing Distributor is licensed or permitted to offer multiple channels of video programming;*

*(B) That those disparate burdens and inequities are the sole and proximate result of conditions imposed upon the Licensee by this Renewal License, and are not, either in whole or in part, the result of reasonably remediable internal policies, decisions or economies of the*

*Licensee which render the Licensee less than competitive with the Competing Distributor;*

*(C) That the Licensee demonstrate at such hearing that its services, or some aspect of its services as required either by law or by this Renewal License, are not or will not be provided by the Competing Distributor; and*

*(D) That as a direct and proximate result of the entry of the Competing Distributor into the market area granted to the Licensee by this Renewal License, the Licensee has sustained six and one half percent (6.5%) decline in its subscription base, or greater, over a six (6) month period, or less. Subscriber base fluctuation due to "churning" or other artificial manipulation of the subscriber base count shall not be include in the six and one half percent (6.5%) calculation.*

*(ii) If, after the conclusion of the hearing or hearings provided for in subsection (i) above, the Issuing Authority is satisfied that the Licensee has met its burden on all required elements of (i)(A) through (D), inclusive, then the Issuing Authority shall:*

*(A) Make written findings that the Licensee has been placed at a competitive disadvantage as a sole and proximate result of conditions imposed upon the Licensee by this Renewal License, and the reasons therefor; and*

*(B) After a further timely hearing, take such steps as it deems necessary to relieve the Licensee of the burdens which are not imposed upon the Competing Distributor, or by imposing similar requirements on the Competing Distributor.*

*(b) If, upon the request of any Competing Distributor, the Issuing Authority conducts a public hearing or hearings for purposes of licensing such Competing Distributor, at the Issuing Authority's request, or on its own initiative the Licensee shall provide for such hearing or hearings evidence of disparate burdens and inequities which would exist between the Licensee's Renewal License and the license terms proposed for or by the Competing Distributor.*

*(c) The provisions of subsection (a) above shall not apply if, at the time that a license for any Competing Distributor is proposed, such distributor is or will provide cable service in only those areas of the Town where the Licensee has not provided such service [or, in the event of a new residential subdivision(s) of land, will not have provided service within one hundred twenty (120) calendar days, subject to timely "make ready" by the utilities, of the issuance of the first occupancy permit for an occupied structure within such subdivision(s)].*

*(d) If the Licensee requests a hearing or hearings under paragraph (a) above, the Licensee agrees to pay to the Town Five Thousand Dollars (\$5,000) to be used by the Town to secure financial and/or engineering expertise to assist the Issuing Authority at the hearing or hearings requested.*

All such general laws, rules, and regulations, as amended, shall control the interpretation and performance of*

*this Renewal License to the extent that any provision of this Renewal License conflicts with or is inconsistent with such laws, rules or regulations.*
