## Supplemental Instructions for TPL Exceptions

### Submitting Claims for Members with Medicare and Commercial Insurance

This appendix contains supplemental billing instructions for submitting 837I transactions, paper claims, and direct data entry (DDE) claims for members who have Medicare or commercial insurance, and whose services are determined not covered by the primary insurer. Refer to MassHealth regulations at 130 CMR 450.309 through 450.321.

This appendix lists certain exceptions that need to be considered when billing MassHealth for members with Medicare or commercial insurance. These are specific MassHealth billing instructions that are not described in the HIPAA Implementation Guide for the 837I transactions, in the 837I Companion Guide, or in the billing guide for the UB-04.

**Please Note:** To bill MassHealth for services provided to members with Medicare or commercial insurance, and whose services are determined not covered by the primary insurer, providers may no longer use the Condition Code field on the claim form. If submitting a claim electronically, the adjustment reason code segment must be populated. If submitting a claim on paper, the TPL Exception Form for Nursing Facilities and All Inpatient Hospitals must be completed and submitted with the claim form. The form is located on the MassHealth Web site at [www.mass.gov/masshealth](http://www.mass.gov/masshealth). Click on Provider Forms on the lower right side of the MassHealth home page.

#### TPL Requirements

To ensure that MassHealth is the payer of last resort, generally providers must make diligent efforts to obtain payment from other resources before billing MassHealth. Please see MassHealth regulations at 130 CMR 450.316. Accordingly, providers must seek a coverage determination from the insurer any time a member's medical condition or health insurance coverage status changes. Providers must submit a claim to Medicare or the commercial insurer whenever a new benefit period becomes available.

#### Certain TPL Exceptions

If any of the following exceptions exist, follow the instructions outlined in this appendix for the claim submission medium – 837I transactions, paper claims, or DDE. Claim submissions must include codes found in the HIPAA Adjustment Reason Code Crosswalk table on page G-5.

There are instances when insurance coverage is no longer available to the MassHealth member. Either the MassHealth member does not have benefits available (benefits exhausted), does not meet the insurer's coverage criteria, does not qualify for a new benefit period, or the member is on a medical leave of absence (MLOA). These exceptions are explained below.

#### Medicare Denials

When submitting a claim for a dually eligible (Medicare/MassHealth) member, providers must indicate to MassHealth the reason the service has been determined to be noncovered by Medicare. This requirement applies to dates of service within 100 days of the date of admission or readmission to the facility where the member has been admitted within 30 days following a hospital stay lasting three days or longer. The nursing facility must keep a copy of the Medicare

Advance Beneficiary Notice (ABN) issued to the MassHealth member or the Medicare remittance advice on file at the nursing facility as required for auditing purposes.

### Commercial Insurance and Medicare Advantage Plan

Nursing facility claims for members with commercial insurance and Medicare advantage must be billed to the insurer for payment before billing MassHealth. If the insurer indicates that the member does not have benefits available due to benefits exhausted or the services are not covered, providers may submit the claim to MassHealth for payment. The nursing facility must keep a copy of the insurance denial (EOB), 835 transactions, or response from the insurer on file at the nursing facility as required for auditing purposes.

### Medical Leave of Absence

Providers must follow the general billing instructions when billing for Medical Leave of Absence. If the MassHealth member is on medical leave of absence and has Medicare or commercial insurance, use the appropriate HIPAA adjustment reason code listed in the HIPAA Adjustment Code Crosswalk table on page G-5.

### Billing Instructions for 837I Transactions

### **MassHealth’s Right to Appeal**

MassHealth reserves the right to appeal any case that, in its determination, may meet the coverage criteria of an insurance carrier. Providers must, at MassHealth’s request, submit the claim and related clinical or service documentation to an insurance carrier if MassHealth determines that the provider’s submission is necessary for MassHealth to exercise its right to appeal.
