Citizenship Affirmation	I am a U.S. Citizen
Residency Affirmation	I am a resident of the Commonwealth of Massachusetts
Statement of Intent	I intend to comply with and advance the policy established by this Act.
Statement of Interest	<p>I feel that until we end the corrupting influence of corporations and big money in the political process the issues that adversely effect our lives will not be addressed to our satisfaction. These issues include the Environment, War, Healthcare... I first started working on this issue with Occupy Boston's Citizen United Working Group. I then got involved with Move to Amend and attended the Greater Boston meetings. During this time a colleague and myself started CUWG inc to work on the issue nationally and to sell merchandise in support. Realizing that change on the Federal level starts in the States we then organized PassMassAmendment, a State Ballot Initiative Committee. Our efforts have included a ballot initiative each year and also filing legislation on the issue. Amending the Massachusetts Constitution based on "Corporations are not People, Money is not Speech" has been the focus of our efforts. I have been the PassMassAmendment contact person for the State from the beginning. I believe part of Question 2 was to ensure non-partisan participation. It has not made sense to me how People elected to office as members of political parties are going to ensure that this process can be non-partisan when picking members. I do not believe that I have ever been part of any political party and all of my efforts on this issue have been non-partisan. I am also a Local 7 Ironworker.</p>
