

This annual report provides information on non-Hispanic admissions to BSAS funded and/or licensed services. In FY 2017, there were 95,929 admissions where the client reported being non-Hispanic at the time of admission. Starting in FY 2017, this fact sheet includes all age groups (including <18 years of age). To ensure proper interpretation of this data, please read the footnotes and refer to the appendix at the end of this report.

## **Characteristics of Admissions**

- The average age at admission for non-Hispanic admissions was 34.7 years.

- 20.4% had children under six years of age; 28.4% had children 6-18 years old.

- 4.7% lived with children under six years of age; 7.2% lived with children 6-18 years old.

- Drug Categories:

Other Opioids includes: Prescription and Non Prescription Opioids.

Other includes: PCP, Other Hallucinogens, Inhalants, OTC, and Other.

*Other Sedatives/Hypnotics* includes: Benzodiazepines, Other Tranquilizers, Barbituates, and Other Sedatives. *Other Stimulants* includes: Methamphetamine, Other Amphetamines, Other Stimulants, and Club Drugs. - The total admissions reported in this table may vary from the total admissions for non-Hispanic admissions; for additional information, please refer to the appendix.

### Past Year Substance Use

At admission, clients are asked to report on all substances used in the past 12 months. Due to poly-substance use\*, percentages may add up to more than 100%. Table 2 shows the distribution of past year substance use for all substances. This table includes information about admissions that reported past year substance use.

	Table 2 Past Year Substance Use Trend: FY 2008 - FY 2017

FY 2014	97,424	42.5%	1.5%	0.0%	0.0%	9.1%	23.5%	12.1%	0.1%	0.7%	8.6%	1.9%
FY 2015	92,422	42.7%	1.5%	0.0%	0.0%	8.3%	23.6%	12.4%	0.1%	0.5%	8.7%	2.0%
FY 2016	91,382	40.6%	1.4%	0.0%	0.0%	9.5%	22.6%	13.1%	0.1%	1.6%	9.3%	1.8%
FY 2017	95,920	38.5%	1.3%	3.1%	0.0%	9.6%	20.8%	13.8%	0.1%	2.6%	8.3%	1.8%

- The total admissions reported in this table may vary from the total admissions for non-Hispanic admissions; for additional information, please refer to the appendix. - Service types are classified into service categories based on setting.

- Engagement, Assessment and Referral includes opioid urgent care centers

- Medication Assisted Treatment includes all three FDA-approved MAT treatments: methadone, buprenorphine and extended-release injectable naltrexone

- Acute Treatment Services includes acute treatment services and section 35

# Appendix

### **General Notes**

- To protect client confidentiality, the data in cells containing 5 or fewer counts are suppressed.
- Data includes primary clients only; a primary client is defined as a person seeking treatment for their personal substance use problem(s).
- Missing/unknown/not applicable responses are excluded from the data. Therefore, the number of admissions for each category/table may vary from the total number of admissions.
- In 2014, a new system of reporting was adopted by some Methadone treatment providers. Due to this system change, the reported enrollment numbers for FY 2014 may
- be higher than the actual number of enrollments. This also influences any assessment data captured in the trend tables starting from 2014 onward.
- Homelessness at enrollment is determined based on the client's housing disposition at the time of enrollment.
- Due to data updates and changes to definitions, data included in this fact sheet should not be compared to similar data published in prior years.
- Data and definitions used were as of July 6, 2018.
- Prepared by: Massachusetts Department of Public Health, Bureau of Substance Addiction Services, Office of Statistics and Evaluation on August 13, 2018.

### **Not Applicable Values**

The table below shows values that reflect a valid response for the element, but were excluded from the percent calculations. Specifically, in the calculation of the % employed, we exclude clients who are not in the labor force and clients who reported an employment status of other.

Category	Response	% of Total Admissions
Employment	Not In Labor Force	52.4%
	Other	0.5%
