

Non-QCML Product Evaluation Application

This application is for new products that do not have a category under MassDOT's current Qualified Construction Materials List (QCML). These types of products can be used as long as they meet contract special provisions, on a project by project basis. They should essentially be marketed to designers and contractors to use.

Please email one copy of this application and one copy of any product literature such as brochures, test data, and Materials Safety Data Sheet to:

massdotnewproducts@dot.state.ma.us

Upon receipt, the completed application will be reviewed by the New Product Evaluation Committee. When the committee has reviewed the application and made a determination, the applicant will be notified as to the results of MassDOT Highway Division's evaluation. The applicant may withdraw their product application from the evaluation process at any time by submitting a written request to the above address.
