2.1. *Grant of Authority:* Subject to the terms and conditions of this License and the Massachusetts Cable Law, the Issuing Authority hereby grants the Licensee the right to operate and maintain a Cable System within the Town, for the purpose of providing Cable Service. Notwithstanding any provision of this License, unless otherwise permitted by federal or State law, the Licensee may not provide Cable Service over the Public Rights-of-Way in the Town other than pursuant to the terms of this License (and any amendments and renewals thereto). Reference herein to "Public Rights-of-Way" shall not be construed to be a representation or guarantee by the Town that its property rights are sufficient to permit its use for any purpose, or that the Licensee shall gain or be permitted to exercise any rights to use property in the Town greater than those already possessed by the Town or which is inconsistent with the purposes for which it was taken, purchased and/or dedicated. This License grants no authority for the Licensee to use the Public Rights-of-Way within the Town for any other purpose unless otherwise provided herein. However, nothing in this License shall be construed to prohibit the Licensee from offering any service over the Cable System that is not prohibited by federal or State law provided that any requirements for Town authorization or permitting not inconsistent with federal and State law are satisfied. The Licensee's FTTP Network in the Public Rights-of-Way, which the Licensee has upgraded under its Title II authority, is subject to M.G.L. c. 166 and as such is subject to regulation by the Town consistent with that law, including all lawful and applicable Town bylaws and regulations regarding rights-of-way and public works matters, including rights-of-way management requirements with regard to public safety and other legitimate municipal concerns. Nothing in this Section 2.1 shall be deemed to prohibit the right of the Licensee to challenge the legality of such a Town bylaw or regulation. No privilege or power of eminent domain is bestowed by this grant; nor is such a privilege or power bestowed by this License.

2.2. *Issuing Authority Does Not Regulate Telecommunications:* The Issuing Authority's regulatory authority under Title VI does not extend to the construction, installation, maintenance or operation of the FTTP Network to the extent the FTTP Network is constructed, installed, maintained or operated for the purpose of upgrading and/or extending Verizon's existing Telecommunications Facilities for the provision of Non-Cable Services.

2.3. *Term:* This License shall become effective on October 1, 2018 (the "Effective Date"). The term of this License shall be five (5) years from the Effective Date unless this License is earlier revoked or terminated as provided herein.

2.4. *Modification/Termination Based on VSP Requirements:*

2.4.1. If the Issuing Authority enters into any franchise agreement, license, or grant of authorization to a VSP to provide Video Programming services to residential subscribers in the Town and provided that such terms or conditions can be reasonably demonstrated to materially and adversely affect Verizon's competitive position relative to any VSP that has entered an agreement, etc. that is deemed materially less burdensome, Licensee and the Issuing Authority shall, within sixty (60) days of the Issuing Authority's receipt of Licensee's written notice, commence negotiations to modify this License to create reasonable competitive equity between Licensee and such other VSPs. The PEG/I-NET Grant and PEG Access Support, as provided in Sections 6.3 and 6.4, will not be subject to modification under this Section 2.4.1 or 2.4.2.

2.4.2. In the event the parties do not reach mutually acceptable agreement on a modification requested by Licensee, Licensee shall, at any time and in its sole discretion, have the option of exercising any of the following actions:

a. commencing license renewal proceedings in accordance with 47 U.S.C. 546 with the License Term being accelerated, thus being deemed to expire thirty-six (36) months from the date of Licensee's written notice to seek relief hereunder;

b. terminating the license within three (3) years from notice to the Issuing Authority;

c. if agreed by both parties, submitting the matter to commercial arbitration by a mutually-selected arbitrator in accordance with the rules of the American Arbitration Association;

d. submitting the matter to mediation by a mutually-acceptable mediator;

e. submitting the matter to the Cable Division of the Massachusetts Department of Telecommunications and Cable.

2.4.3 The PEG/I-NET Grant and PEG Access Support payments under this License shall be modified in accordance with the terms and conditions set forth in Sections 6.3 and 6.4 hereunder.

2.5. *Grant Not Exclusive:* This License and the rights granted herein to use and occupy the Public Rights-of-Way to provide Cable Services shall not be exclusive, and the Issuing Authority reserves the right to grant other licenses for similar uses or for other uses of the Public Rights-of-Way, or any portions thereof, to any Person, or to make any such use themselves, at any time during the term of this License. Any such rights which are granted shall not adversely impact the authority as granted under this License and shall not interfere with the existing facilities of the Cable System or the FTTP Network.

2.6. *License Subject to Federal and State Law:* Notwithstanding any provision to the contrary herein, this License is subject to and shall be governed by all applicable provisions

of federal and State law as they may be amended, including but not limited to the Communications Act and the Massachusetts Cable Law.

2.7. *No Waiver:*

2.7.1. The failure of the Issuing Authority on one or more occasions to exercise a right or to require compliance or performance under this License, the Massachusetts Cable Law or any other applicable law shall not be deemed to constitute a waiver of such right or a waiver of compliance or performance by the Issuing Authority, nor to excuse Licensee from complying or performing, unless such right or such compliance or performance has been specifically waived in writing.

2.7.2. The failure of the Licensee on one or more occasions to exercise a right under this License or applicable law, or to require performance under this License, shall not be deemed to constitute a waiver of such right or of performance of this License, nor shall it excuse the Issuing Authority from performance, unless such right or performance has been specifically waived in writing by the Licensee.

2.8. *Construction of Agreement:*

2.8.1. The provisions of this License shall be liberally construed to effectuate their objectives.

2.8.2. Nothing herein shall be construed to limit the scope or applicability of Section 625 of the Communications Act, 47 U.S.C. § 545.

2.8.3. Should any change to local bylaws, rules or regulations cause the Licensee's provision of Cable Services in the Town to be commercially impracticable, then the parties shall modify this License to the mutual satisfaction of both parties to ameliorate such commercial impracticability. If the parties cannot reach agreement on the above-referenced modification to this License, then, at the Licensee's option the parties shall submit the matter to binding arbitration.

2.9. *Police Powers:* The Town shall not enact any bylaws that are inconsistent with this License, provided however that nothing in this License shall be construed to prohibit the reasonable, necessary and lawful exercise of the Town's police powers. However, if the reasonable, necessary and lawful exercise of the Town's police powers causes the Licensee's provision of Cable Services in the Town to be commercially impracticable, then the parties shall modify this License to the mutual satisfaction of both parties to ameliorate such commercial impracticability. If the parties cannot reach agreement on the above-referenced modification to this License, then, at the Licensee's option, the parties shall submit the matter to binding arbitration.

3. **PROVISION OF CABLE SERVICE**

3.1. *Service Area:* Subject to the issuance of all necessary permits by the Town, Licensee shall continue to offer Cable Service to all residential households in the Service Area, except: (A) for periods of Force Majeure; (B) for periods of delay caused by the Town; (C) for periods of delay resulting from Licensee's inability to obtain authority to access rights-of-way in the Service Area; (D) in areas where developments or buildings are subject to claimed exclusive arrangements with other providers; (E) in areas, developments, buildings, or other residential dwelling units that Licensee cannot access under reasonable terms and conditions after good faith negotiation, as determined by Licensee; (F) in areas, developments, buildings, or other residential dwelling units where Licensee is unable to provide Cable Service for technical reasons or which require non-standard facilities which are not available on a commercially reasonable basis, including, but not limited to, circumstances where Licensee cannot access the area, development, building, or other residential dwelling unit by using Licensee's existing network pathways and which would thus require the construction of new trunk, feeder, or distribution lines; (G) in areas where the occupied residential household density does not meet the density requirement set forth in Section 3.2; and (H) in areas, developments, buildings, or other residential dwelling units that are not habitable or have not been constructed as of the Effective Date where the average density at the time of the request for Cable Service is equal to or less than thirty (30) residential dwelling units per aerial mile and forty (40) residential dwelling units per underground mile as measured in strand footage from the nearest technically feasible point on the active FTTP Network trunk or feeder line and where Licensee has not secured written agreements for the provision of Cable Service from at least twenty (20) residential dwelling units per mile, or where Licensee is unable, after good faith efforts, to make Cable Service available on a commercially reasonable basis.

3.2. *Density Requirement:* Licensee shall make Cable Services available to residential dwelling units in all areas of the Service Area where the average density is equal to or greater than thirty (30) occupied residential dwelling units per mile as measured in strand footage from the nearest technically feasible point on the active FTTP Network trunk or feeder line.

In the areas in which Licensee provides Cable Service, Licensee shall be required to connect, at Licensee's expense, all residential dwelling units that are within two hundred and fifty (250) feet of trunk or feeder lines not otherwise already served by Licensee's FTTP Network. Licensee shall be allowed to recover, from a Subscriber that requests such connection, actual costs incurred for residential dwelling unit connections that exceed two hundred and fifty (250) feet and actual costs incurred to connect any non-residential dwelling unit Subscriber.

3.4. *Cable Service to Public Buildings:* Subject to Section 3.1, Licensee shall provide, without charge within the Service Area and upon written request, one service outlet activated for Basic Service to each public school, police and fire station, public library, and other public buildings as are designated by the Issuing Authority pursuant to Section 5(e) of the

The current designation of public buildings and their street addresses are set forth in **Exhibit A**. Licensee shall be permitted to recover, from any school or other public building owner entitled to free service, the direct cost of installing, when requested to do so, more than one outlet, or concealed inside wiring, or a service outlet requiring more than two hundred and fifty (250) feet of drop cable; provided, however, that Licensee shall not charge for the provision of Basic Service to the additional service outlets once installed.

#### **4. SYSTEM OPERATION**

The parties recognize that the FTTP Network is constructed, operated and maintained as an upgrade to and/or an extension of Licensee's existing Telecommunications Facilities under Title II and M.G.L. c. 166. If a PEG Channel provided under this Article is not being utilized by the Town, Licensee may utilize such PEG Channel, in its sole discretion, until such time as the Town elects to utilize the PEG Channel for its intended purpose. In the event that the Town determines to use such PEG capacity, the Town shall provide Licensee with 120 days' prior written notice of such request.

6.2. *PEG Interconnection and Cablecasting:* The Licensee shall continue to connect to equipment owned by the Town and/or the PEG Access Designee at the PEG Access studio, 21 Bow Street, North Reading, Massachusetts 01864. All PEG access programming shall be transmitted to the Licensee in baseband, SD-SDI or HD-SDI format with either mono or stereo audio signals, and with signals received by Licensee in stereo cablecast by Licensee in stereo. Notwithstanding the foregoing, the Licensee shall not be obligated to provide the Town or PEG Access Designee with either cablecast equipment and facilities or the personnel responsible for maintaining and operating equipment and facilities on the Town's side of the demarcation point and used to generate or administer any PEG access signals, except as necessary to implement the Licensee's responsibilities specified herein. The Issuing Authority and the Licensee shall work together in good faith to resolve any connection issues. If the Issuing Authority issues a license to, or renews a license with, a competing VSP, the competing VSP may not connect its system to Licensee's System for the purposes of obtaining PEG access programming from the PEG Access Channels transmitted on Licensee's System without Licensee's prior written consent.

### 6.3 *PEG/I-NET Grant:*

6.3.1. Licensee shall pay to the Issuing Authority a PEG/I-NET Grant to be used for PEG Access/I-NET equipment and facilities (the "PEG/I-NET Grant") as follows:

(a) Within forty-five days of the Effective Date, Licensee shall pay to the Issuing Authority the sum of Twenty-five Thousand Dollars (\$25,000). Four additional payments in the same dollar amount (\$25,000) shall be paid by the Licensee to the Issuing Authority on the first, second, third, and fourth anniversaries of the Effective Date of the License; and

(b) The Licensee shall pay to the Issuing Authority the sum of thirty-five hundreds of one percent (0.35%) of Gross Revenue as defined in section 1.16 supra, payable on a quarterly basis. Said payments shall be made directly to the Issuing Authority on the following quarterly basis: (i) on or before May 15<sup>th</sup> of each year of this License for the previous (3) month period of January, February and March; (ii) on or before August 15<sup>th</sup> of each year of this License for the previous three (3) month period of April, May and June; (iii) on or before November 15<sup>th</sup> of each year of this License for the previous three (3) month period of July, August and September; and (iv) on or before February 15<sup>th</sup> of each year of this License for the previous three (3) month period of October, November and December. The first .35% PEG/I-NET Grant payment under this License shall be made on or before February 15, 2019, for the previous period from the Effective Date through December 31, 2018. Each such payment shall be accompanied by a Gross Revenue reporting form substantially in the form of **Exhibit B**.

6.3.2. If the Issuing Authority enters into any new or renewed cable license agreement with any other VSP which contains obligations associated with PEG/I-NET Grant or other comparable program that are lesser than the obligations set forth above, the Licensee's obligations under this Section shall be reduced, on an annual basis and upon the effective date of said agreement, to an amount equal to the lowest total payment required to be made by any VSP to the Town. The relief available in the event of the foregoing is equitable relief going forward, and the Licensee shall not recover amounts already paid to the Town. Notwithstanding the foregoing, if at any time during the term of this License, any other VSP ceases to provide cash grants to the Town in support of the production of local PEG programming in accordance with the terms of its respective license agreement, then Licensee's PEG/I-NET Grant obligation shall also cease. The Issuing Authority shall provide notification to Licensee within thirty (30) days of such other VSP's failure to provide a cash grant in accordance with the schedule set forth in such VSP's license agreement with the Issuing Authority. Equipment, services and other in kind, non-monetary contributions to the Town by such VSP shall not count towards the cash grants referenced in this paragraph.

6.4. *PEG Access Support:*

6.4.1. The Licensee shall provide annual funding to the Issuing Authority for PEG Access Channel operating support or other PEG Access Channel costs and expenses ("PEG Access Support") in the amount of five percent (5%) of the Licensee's annual Gross Revenue, subject to the limitation in Section 6.2; however, if the Town issues or renews any cable licenses after the Effective Date that provide for a lower percentage of PEG Access Support, then the percentage of the Licensee's PEG Access Support payments shall be reduced to match such lower percentage over that same time period. The Issuing Authority shall place Licensee's PEG Access Support payments in a restricted account for cable related purposes in the nature of a grant account and not into the general fund, which account will be under the Issuing Authority's control.

6.4.2. The PEG Access Support payments (Section 6.4.1) shall be made no later than forty-five (45) days following the end of each calendar quarter. Each such payment shall be accompanied by a Gross Revenue reporting form substantially in the form of **Exhibit B**. The Licensee shall be allowed to submit or correct any payments that were incorrectly omitted, or shall be refunded any payments that were incorrectly submitted, in connection with the quarterly remittances within ninety (90) days following the close of the calendar year for which such payments were applicable. If Cable Services are provided to Subscribers in conjunction with Non-Cable Services, then the calculation of Gross Revenues shall be adjusted, if needed, to include only the value of the Cable Services billed to Subscribers, as reflected on the books and records of Licensee in accordance with FCC or State rules, regulations, standards or orders.

6.5. *Indemnity for PEG.* The Issuing Authority shall require all local producers and users of any of the PEG facilities or Channels to agree in writing to authorize Licensee to transmit programming consistent with this License and to hold harmless, defend and indemnify Licensee and the Town from and against any and all liability or other injury, including the reasonable cost of defending claims or litigation, arising from or in connection with claims for failure to comply with applicable federal laws, rules, regulations or other requirements of local,

state or federal authorities; for claims of libel, slander, invasion of privacy, or the infringement of common law or statutory copyright; for unauthorized use of any trademark, trade name or service mark; for breach of contractual or other obligations owing to third parties by the producer or user; and for any other injury or damage in law or equity, which result from the use of a PEG facility or Channel. The Issuing Authority shall establish rules and regulations for use of PEG facilities consistent with, and as required by, Section 611 of the Communications Act (47 U.S.C. § 531).

6.6. *Recovery of Costs.* To the extent permitted by federal law, the Licensee shall be allowed to recover the costs of PEG interconnection, the PEG/I-NET Grant, the PEG Access Support, and any other costs arising from the provision of PEG services and related payments from Subscribers and to include such costs as a separately billed line item on each Subscriber's bill. Without limiting the foregoing, if allowed under State and federal laws, Licensee may externalize, line-item, or otherwise pass-through interconnection costs to Subscribers.

6.7. *No PEG Access Designee Rights:* The Issuing Authority and the Licensee herein acknowledge and agree that any PEG Access Designee is not a party to this License and that any provisions herein that may affect a PEG Access Designee are not intended to create any rights on behalf of any PEG Access Designee.

## **7. LICENSE FEES**

7.1. *License Fee:* Pursuant to Section 9 of the Massachusetts Cable Law, the Licensee shall pay to the Town, throughout the term of this License, a license fee equal to fifty cents (\$.50) per Subscriber per year (the "License Fee").

7.2. *Maximum Financial Obligation:* The Licensee shall not be liable for a total franchise fee commitment pursuant to this License and applicable law in excess of five percent (5%) of its annual Gross Revenues; provided that such five percent (5%) shall include (i) the License Fee payable to the Town (Section 7.1), (ii) the license fee payable to the Commonwealth of Massachusetts pursuant to Section 9 of the Massachusetts Cable Law, and (iii) the PEG Access Support (Section 6.4), but it shall not include the PEG/I-NET Grant (Section 6.3).

7.3. *Payment Information:* In determining the License Fee, the number of Subscribers shall be measured as of December 31st of the preceding calendar year. The License Fee shall be paid no later than March 15th of each year during the term of this License.

7.4. *Limitation on Actions:* The parties agree that the period of limitation for recovery of any payment obligation under this License shall be three (3) years from the date on which payment by Licensee is due.

## **8. CUSTOMER SERVICE**

Customer Service Requirements are set forth in Exhibit C, which shall be binding unless amended by written consent of the parties.

## **9. REPORTS AND RECORDS**

9.1. *Open Books and Records:* Upon reasonable written notice to the Licensee and with no less than thirty (30) business days written notice to the Licensee, the Issuing Authority or its designated authorized representative(s) shall have the right to inspect Licensee's books and records including all documents in whatever form maintained, including electronic media, pertaining to the Cable System or the Licensee's provision of Cable Service in the Town at any time during Licensee's regular business hours and on a nondisruptive basis as are reasonably necessary to ensure compliance with the terms of this License. Such notice shall specifically reference the purpose of the review, so that Licensee may organize the necessary books and records for appropriate access by the Issuing Authority. Licensee shall not be required to maintain any books and records for License compliance purposes longer than three (3) years, except if required by applicable law or regulation. If any books, records, Service Area maps, plans, or other requested documents are too voluminous, not available locally, or for security reasons cannot be copied and moved, then the Licensee may request that the inspection take place at the Licensee's designated offices within the State (or other location mutually agreed to by the Issuing Authority and the Licensee), provided that the Licensee must make necessary arrangements for copying documents selected by the Town after its review.

9.2. *Proprietary Books and Records:* If Licensee believes that the requested information is confidential and proprietary, the Licensee must provide the following documentation to the Town: (i) specific identification of the information; (ii) statement attesting to the reason(s) Licensee believes the information is confidential; and (iii) statement that the documents are available at the Licensee's designated offices within the State for inspection by the Town. The Town shall take reasonable steps to protect the proprietary and confidential nature of any books, records, Service Area maps, plans, or other Town-requested documents that are provided to the extent they are designated as such by the Licensee in accordance herewith, including, without limitation, cooperating with the Licensee's exercise of its rights to protect its confidential information from public disclosure.

9.3. *Records Required:* Licensee shall at all times maintain:

9.3.1. Records of all written complaints for a period of three (3) years after receipt by Licensee. The term "complaint" as used herein shall mean any written or verbal contact with Licensee in connection with a subscription in which a Subscriber expresses dissatisfaction with an act, omission, product or service that is (i) within Licensee's control, and (ii) requires a corrective measure on the part of Licensee. Complaints recorded will not be limited to complaints requiring an employee service call;

9.3.2. Records of outages for a period of three (3) years after occurrence, indicating date, duration, area, and the number of Subscribers affected, type of outage, and cause;

9.3.3. Records of service calls for repair and maintenance for a period of three (3) years after resolution by Licensee, indicating the date and time service was required, the date of acknowledgment and date and time service was scheduled (if it was scheduled), and the date and time service was provided, and (if different) the date and time the problem was resolved;

9.3.4. Records of installation/reconnection and requests for service extension for a period of three (3) years after the request was fulfilled by Licensee, indicating the date of request, date of acknowledgment, and the date and time service was extended; and

9.3.5. A map showing the area of coverage for the provisioning of Cable Services and estimated timetable to commence providing Cable Service.

## **10. INSURANCE AND INDEMNIFICATION**

### **10.1. Insurance:**

10.1.1. Licensee shall maintain in full force and effect, at its own cost and expense, during the term of this License, the following insurance coverage:

10.1.1.1. Commercial General Liability Insurance in the amount of six million dollars (\$6,000,000) combined single limit for property damage and bodily injury. Such insurance shall cover the construction, operation and maintenance of the Cable System, and the conduct of Licensee's Cable Service business in the Town.

10.1.1.2. Automobile Liability Insurance in the amount of one million dollars (\$1,000,000) combined single limit for bodily injury and property damage coverage.

10.1.1.3. Workers' Compensation Insurance meeting all legal requirements of the Commonwealth of Massachusetts.

10.1.1.4. Employers' Liability Insurance in the following amounts: (A) Bodily Injury by Accident: \$100,000; and (B) Bodily Injury by Disease: \$100,000 employee limit; \$500,000 policy limit.

10.1.2. The Town shall be included as additional insured as their interests may appear under this License on the Commercial General Liability Insurance and Automobile Liability Insurance required herein.

10.1.3. Licensee shall not cancel any required insurance policy without submitting documentation to the Issuing Authority verifying that the Licensee has obtained alternative insurance in conformance with this License.

10.1.4. Each of the required insurance policies shall be with insurers qualified to do business in the Commonwealth of Massachusetts, with a B+ or better rating for financial condition and financial performance by Best's Key Rating Guide, Property/Casualty Edition.

10.1.5. Upon written request, Licensee shall deliver to the Issuing Authority Certificates of Insurance showing evidence of the required coverage.

## 10.2. *Indemnification:*

10.2.1. Licensee shall indemnify, defend and hold the Town harmless at all times during the term of this License from any and all claims and actions for injury and damage to persons or property, both real and personal, caused by the installation, operation, or maintenance of any structure, equipment, wire or cable authorized to be installed pursuant to this License. The Town shall provide the Licensee with written notice of a claim or action for which it seeks indemnification under this Section 10.2 within a reasonable time after receipt of such claim or action; provided that in any event the Town shall provide the Licensee with such written notice within a period of time that does not prejudice the Licensee's ability to respond, dismiss or defend the claim or action. Notwithstanding the foregoing, Licensee shall not indemnify the Town for any damages, liability or claims resulting from the willful misconduct or negligence of the Town, its officers, agents, employees, attorneys, consultants, independent contractors or third parties or for any activity or function conducted by any Person other than Licensee in connection with PEG Access or EAS, or the distribution of any Cable Service over the Cable System.

10.2.2. With respect to Licensee's indemnity obligations set forth in Section 10.2.1, Licensee shall, at its own expense, provide the defense of any claims brought against the Town by selecting counsel of Licensee's choice to defend the claim, subject to the consent of the Town, which shall not unreasonably be withheld. Nothing herein shall be deemed to prevent the Town from cooperating with the Licensee and participating in the defense of any litigation by its own counsel at its own cost and expense, provided however, that after consultation with the Town, Licensee shall have the right to defend, settle or compromise any claim or action arising hereunder, and Licensee shall have the authority to decide the appropriateness and the amount of any such settlement. In the event that the terms of any such settlement do not include the release of the Town and the Town does not consent to the terms of any such settlement or compromise, Licensee shall not settle the claim or action but its obligation to indemnify the Town shall in no event exceed the amount of such settlement.

10.2.3. The Town shall hold harmless and defend Licensee from and against, and shall be responsible for, damages, liability or claims resulting from or arising out of the willful misconduct or negligence of the Town.

10.2.4. The Town shall be responsible for its own acts of willful misconduct or negligence, or breach of obligation, subject to any and all defenses and limitations of liability provided by law. The Licensee shall not be required to indemnify the Town for acts of the Town which constitute willful misconduct or negligence, on the part of the Town, its officers, employees, agents, attorneys, consultants, independent contractors or third parties.

10.3. *Performance Bond.* Licensee shall provide to the Town, and shall maintain throughout the term of this License, a performance bond in the Town's favor in the amount of Twenty Five Thousand Dollars (\$25,000) securing the performance of Licensee's obligations under this License. The performance bond shall be substantially in the form of **Exhibit D**. In the event that a performance bond provided pursuant to this License is not renewed or is cancelled, Licensee shall provide new security pursuant to this Article within thirty (30) days of such failure

to renew or cancellation. Neither cancellation, nor termination nor refusal by the surety to extend the bond, nor the inability of Licensee to file a replacement bond or replacement security for its obligations under this License, shall constitute a loss to the Town recoverable under the bond.

#### **11. TRANSFER OF LICENSE**

Subject to Section 617 of the Communications Act, 47 U.S.C. § 537, no Transfer of this License shall occur without the prior consent of the Issuing Authority, provided that such consent shall not be unreasonably withheld, delayed or conditioned. No such consent shall be required, however, for a transfer in trust, by mortgage, by other hypothecation, by assignment of any rights, title, or interest of the Licensee in this License or the Cable System in order to secure indebtedness, or otherwise for transactions otherwise excluded under Section 1.43.2 above except to the extent that any of the foregoing are determined to be a transfer of control pursuant to 207 CMR 4.01, in which case such transaction shall be subject to the Cable Division's transfer regulations (207 CMR 4.00 et. seq.)

#### **12. RENEWAL OF LICENSE**

12.1. *Governing Law:* The Town and Licensee agree that any proceedings undertaken by the Town that relate to the renewal of this License shall be governed by and comply with the provisions of Section 626 of the Communications Act, 47 U.S.C. § 546 and applicable provisions of the Massachusetts Cable Law.

12.2. *Needs Assessments:* In addition to the procedures set forth in Section 626 of the Communications Act, the Town shall notify Licensee of all of its assessments regarding the identity of future cable-related community needs and interests, as well as the past performance of Licensee under the terms of this License. Such assessments shall be provided to Licensee by the Town promptly so that Licensee has adequate time to submit a proposal under Section 626 of the Communications Act and complete renewal of this License prior to expiration of its term.

12.3. *Informal Negotiations:* Notwithstanding anything to the contrary set forth herein, Licensee and the Town agree that at any time during the term of the then current License, while affording the public appropriate notice and opportunity to comment, the Town and Licensee may agree to undertake and finalize informal negotiations regarding renewal of the then current License and the Issuing Authority may grant a renewal thereof.

12.4. *Consistent Terms:* Licensee and the Town consider the terms set forth in this Article 12 to be consistent with the express provisions of Section 626 of the Communications Act.

#### **13. ENFORCEMENT AND TERMINATION OF LICENSE**

13.1. *Notice of Violation:* If at any time the Issuing Authority believes that Licensee has not complied with the terms of this License, the Issuing Authority shall informally discuss the matter with Licensee. If these discussions do not lead to resolution of the problem in

a reasonable time, the Issuing Authority shall then notify Licensee in writing of the exact nature of the alleged noncompliance (for purposes of this Article, the “Noncompliance Notice”).

13.2. *Licensee’s Right to Cure or Respond:* Licensee shall have thirty (30) days from receipt of the Noncompliance Notice to: (i) respond to the Issuing Authority, if Licensee contests (in whole or in part) the assertion of noncompliance; (ii) cure such noncompliance; or (iii) in the event that, by its nature, such noncompliance cannot be cured within such thirty (30) day period, initiate reasonable steps to remedy such noncompliance and notify the Issuing Authority of the steps being taken and the date by which they are projected to be completed. Upon cure of any noncompliance, the Town shall provide Licensee with written confirmation that such cure has been effected.

13.3. *Public Hearing:* In the event that Licensee fails to respond to the Noncompliance Notice pursuant to the procedures required by this Article, or in the event that the alleged noncompliance is not remedied within thirty (30) days or the date projected pursuant to Section 13.2(iii) above, if the Town seeks to continue its investigation into the alleged noncompliance, then the Issuing Authority shall schedule a public hearing. The Issuing Authority shall provide Licensee at least thirty (30) business days prior written notice of such public hearing, which will specify the time, place and purpose of such public hearing, and provide Licensee the opportunity to be heard.

13.4. *Enforcement:* Subject to applicable federal and State law, in the event the Issuing Authority, after the public hearing set forth in Section 13.3, determines that Licensee is in default of any provision of this License, the Issuing Authority may:

13.4.1. Submit a claim against an appropriate part of the performance bond pursuant to Section 10 above;

13.4.2. Seek specific performance of any provision, which reasonably lends itself to such remedy, as an alternative to damages;

13.4.3. Commence an action at law for monetary damages or seek other equitable relief;

13.4.4. Assess liquidated damages in accordance with the schedule set forth in Section 13.6 below; or

13.4.5. In the case of a substantial noncompliance of a material provision of this License, seek to revoke this License in accordance with Section 13.5.

13.5. *Revocation:* Should the Issuing Authority seek to revoke this License after following the procedures set forth in this Article, including the public hearing described in Section 13.3, the Issuing Authority shall give written notice to Licensee of such intent. The notice shall set forth the specific nature of the noncompliance. The Licensee shall have ninety (90) days from receipt of such notice to object in writing and to state its reasons for such objection. In the event the Issuing Authority has not received a satisfactory response from Licensee, it may then seek

termination of this License at a second public hearing. The Issuing Authority shall cause to be served upon the Licensee, at least thirty (30) business days prior to such public hearing, a written notice specifying the time and place of such hearing and stating its intent to revoke this License.

13.5.1. At the designated public hearing, Licensee shall be provided a fair opportunity for full participation, including the rights to be represented by legal counsel, to introduce relevant evidence, to require the production of evidence, to compel the relevant testimony of the officials, agents, employees or consultants of the Issuing Authority, to compel the testimony of other persons as permitted by law, and to question and/or cross examine witnesses. A complete verbatim record and transcript shall be made of such hearing.

13.5.2. Following the second public hearing, Licensee shall be provided up to thirty (30) days to submit its proposed findings and conclusions to the Issuing Authority in writing and thereafter the Issuing Authority shall determine (i) whether an event of default has occurred under this License; (ii) whether such event of default is excusable; and (iii) whether such event of default has been cured or will be cured by the Licensee. The Issuing Authority shall also determine whether it will revoke this License based on the information presented, or, where applicable, grant additional time to the Licensee to effect any cure. If the Issuing Authority determines that it will revoke this License, the Issuing Authority shall promptly provide Licensee with a written determination setting forth the Issuing Authority's reasoning for such revocation. Licensee may appeal such written determination of the Issuing Authority to the Cable Division or to an appropriate court, which shall have the power to review the decision of the Issuing Authority *de novo*. Licensee shall be entitled to such relief as the court finds appropriate. Such appeal must be taken within sixty (60) days of Licensee's receipt of the written determination of the Issuing Authority.

13.5.3. The Issuing Authority may, at its sole discretion, take any lawful action that it deems appropriate to enforce the Issuing Authority's rights under this License in lieu of revocation of this License.

13.6. *Liquidated Damages*: For the violation of any of the following provisions of this Final License, liquidated damages shall be paid by the Licensee to the Issuing Authority. Any such liquidated damages shall be assessed as of the date that the Licensee received written notice of the provision or provisions which the Issuing Authority believes are in default, provided that the Issuing Authority has first made a determination of default in accordance with the procedures set forth in Sections 13.1 through 13.4 above. On an annual basis from the Effective Date, the Licensee shall not be liable for liquidated damages that exceed five thousand dollars (\$5,000). The liquidated damages shall be assessed as follows:

(1) For failure to obtain the advance, written approval of the Issuing Authority for any transfer of the Final License in accordance with Section 11 herein, Two Hundred Fifty Dollars (\$250.00) per day, for each day that any such non-compliance continues

(2) For failure to comply with the PEG Access provisions in accordance with Sections 6.1, 6.3 and 6.6 herein, One Hundred and Fifty Dollars (\$150.00) per day, for each day that any such non-compliance continues

(3) For failure to comply with the customer service standards in accordance with Article 8 herein, One Hundred and Fifty Dollars (\$150.00) per day that any such non-compliance continues.

Such liquidated damages shall not be a limitation upon any other provisions of this License and applicable law, including revocation, or any other statutorily or judicially imposed penalties or remedies; provided, however, that in the event that the Issuing Authority collects liquidated damages for a specific breach for a specific period of time, the collection of such liquidated damages shall be deemed to be the exclusive remedy for said specific breach for such specific period of time only. Each of the above-mentioned cases of non-compliance shall result in damage to the Town, its residents, businesses and institutions, compensation for which will be difficult to ascertain. The Licensee agrees that the liquidated damages in the amounts set forth above are fair and reasonable compensation for such damage. The Licensee agrees that said foregoing amounts are liquidated damages, not a penalty or forfeiture, and are within one or more exclusions to the term "franchise fee" provided by Section 622(g)(2)(A)-(D) of the Cable Act.

#### **14. MISCELLANEOUS PROVISIONS**

14.1. *Actions of Parties:* In any action by the Town or Licensee that is mandated or permitted under the terms hereof, such party shall act in a reasonable, expeditious, and timely manner. Furthermore, in any instance where approval or consent is required under the terms hereof, such approval or consent shall not be unreasonably withheld, delayed or conditioned.

14.2. *Binding Acceptance:* This Agreement shall bind and benefit the parties hereto and their respective receivers, successors and assigns, and the promises and obligations herein shall survive the expiration date hereof.

14.3. *Preemption:* In the event that federal or State law, rules, or regulations preempt a provision or limit the enforceability of a provision of this Agreement, the provision shall be read to be preempted to the extent and for the time, but only to the extent and for the time, required by law. In the event such federal or State law, rule or regulation is subsequently repealed, rescinded, amended or otherwise changed so that the provision hereof that had been preempted is no longer preempted, such provision shall thereupon return to full force and effect, and shall thereafter be binding on the parties hereto, without the requirement of further action on the part of the Issuing Authority.

14.4. *Force Majeure:* Licensee shall not be held in default under, or in noncompliance with, the provisions of this License, nor suffer any enforcement or penalty relating to noncompliance or default, where such noncompliance or alleged defaults occurred or were caused by a Force Majeure. Furthermore, the parties hereby agree that it is not the Town's intention to subject Licensee to penalties, fines, forfeitures or revocation of this License for

violations of this License where the violation was a good faith error that resulted in no or minimal negative impact on Subscribers, or where strict performance would result in practical difficulties and hardship being placed upon Licensee that outweigh the benefit to be derived by the Town and/or Subscribers.

14.5. *Performance Evaluations.* If, during the term of this License, the Town conducts an evaluation of Licensee's performance under this License or otherwise related to Licensee's provision of Cable Service in the Town, then the Town shall provide Licensee with a written report with respect to Licensee's compliance within ten (10) days after the conclusion of such evaluation.

14.6. *Delivery of Payments:* Licensee may use electronic funds transfer to make any payments to the Town required under this Agreement.

14.7. *Notices:* Unless otherwise expressly stated herein, notices required under this License shall be mailed first class, postage prepaid, to the addressees below. Each party may change its designee by providing written notice to the other party.

14.9. *Amendments:* Amendments or modifications to this License shall be mutually agreed to in writing by the parties.

14.10. *Captions:* The captions and headings of articles and sections throughout this Agreement are intended solely to facilitate reading and reference to the sections and provisions of this Agreement. Such captions shall not affect the meaning or interpretation of this Agreement.

14.11. *Severability:* If any section, subsection, sentence, paragraph, term, or provision hereof is determined to be illegal, invalid, or unenforceable by any court of competent jurisdiction or by any State or federal regulatory authority having jurisdiction thereof, such determination shall have no effect on the validity of any other section, subsection, sentence, paragraph, term or provision hereof, all of which will remain in full force and effect for the term of this License.

14.12. *Recitals:* The recitals set forth in this Agreement are incorporated into the body of this Agreement as if they had been originally set forth herein.

14.13. *FTTP Network Transfer Prohibition:* Under no circumstance including, without limitation, upon expiration, revocation, termination, denial of renewal of this License or any other action to forbid or disallow Licensee from providing Cable Services, shall Licensee or its assignees be required to sell any right, title, interest, use or control of any portion of Licensee's FTTP Network including, without limitation, the Cable System and any capacity used for Cable Service or otherwise, to the Town or any third party. Licensee shall not be required to remove the FTTP Network or to relocate the FTTP Network or any portion thereof as a result of revocation, expiration, termination, denial of renewal or any other action to forbid or disallow Licensee from providing Cable Services. This provision is not intended to contravene leased access requirements under Title VI or the PEG requirements set out in this License.

14.14. *Interpretation:* The Town and Licensee each acknowledge that it has received independent legal advice in entering into this License. In the event that a dispute arises over the meaning or application of any term(s) of this License, such term(s) shall not be construed by the reference to any doctrine calling for ambiguities to be construed against the drafter of the License.

14.15. *No Third Party Beneficiary:* Nothing in this License shall be construed to create or confer any rights or benefits to any third party.

## **EXHIBIT C**

### **CUSTOMER SERVICE STANDARDS**

These standards shall apply to the Licensee to the extent it is providing Cable Services over the Cable System in the Town.

#### **SECTION 1: DEFINITIONS**

- A. **Respond:** Licensee's investigation of a Service Interruption by receiving a Subscriber call and opening a trouble ticket, if required.
- B. **Service Call:** The action taken by the Licensee to correct a Service Interruption the effect of which is limited to an individual Subscriber.
- C. **Significant Outage:** A significant outage of the Cable Service shall mean any Service Interruption lasting at least four (4) continuous hours that affects at least ten percent (10%) of the Subscribers in the Service Area.
- D. **Standard Installation:** Installations where the Subscriber is within two hundred and fifty (250) feet of trunk or feeder lines.

#### **SECTION 2: TELEPHONE AVAILABILITY**

- A. The Licensee shall maintain a toll-free number to receive all calls and inquiries from Subscribers in the Town and/or residents regarding Cable Service. Licensee representatives trained and qualified to answer questions related to Cable Service in the Service Area must be available to receive reports of Service Interruptions twenty-four (24) hours a day, seven (7) days a week, and other inquiries at least forty-five (45) hours per week. Licensee representatives shall identify themselves by name when answering this number.
- B. The Licensee's telephone numbers shall be listed, with appropriate description (e.g. administration, customer service, billing, repair, etc.), in the directory published by the local telephone company or companies serving the Service Area, beginning with the next publication cycle after acceptance of this License by the Licensee.
- C. Licensee may use an Automated Response Unit ("ARU") or a Voice Response Unit ("VRU") to distribute calls. If a foreign language routing option is provided, and the Subscriber does not enter an option, the menu will default to the first tier menu of English options.

After the first tier menu (not including a foreign language rollout) has run through three times, if customers do not select any option, the ARU or VRU will forward the call to a queue for a live representative. The Licensee may reasonably substitute this requirement with another method of handling calls from customers who do not have touch-tone telephones.

D. Under Normal Operating Conditions, calls received by the Licensee shall be answered within thirty (30) seconds. The Licensee shall meet this standard for ninety percent (90%) of the calls it receives at all call centers receiving calls from Subscribers, as measured on a cumulative quarterly calendar basis. Measurement of this standard shall include all calls received by the Licensee at all call centers receiving calls from Subscribers, whether they are answered by a live representative, by an automated attendant, or abandoned after 30 seconds of call waiting.

E. Under Normal Operating Conditions, callers to the Licensee shall receive a busy signal no more than three (3%) percent of the time during any calendar quarter.

F. Upon request from the Town, but in no event more than once a quarter thirty (30) days following the end of each quarter, the Licensee shall report to the Town the following for all call centers receiving calls from Subscribers except for temporary telephone numbers set up for national promotions:

(1) Percentage of calls answered within thirty (30) seconds as set forth in Subsection 2.D.

(2) Percentage of time customers received busy signal when calling the Verizon service center as set forth in Subsection 2.E.

Subject to consumer privacy requirements, underlying activity will be made available to the Town for review upon reasonable request.

G. At the Licensee's option, the measurements and reporting above may be changed from calendar quarters to billing or accounting quarters. The Licensee shall notify the Town of such a change at least thirty (30) days in advance of any implementation.

### **SECTION 3: INSTALLATIONS AND SERVICE APPOINTMENTS**

A. All installations will be in accordance with FCC rules, including but not limited to, appropriate grounding, connection of equipment to ensure reception of Cable Service, and the provision of required consumer information and literature to adequately inform the Subscriber in the utilization of the Licensee-supplied equipment and Cable Service.

B. The Standard Installation shall be performed within seven (7) business days after the placement of the Optical Network Terminal ("ONT") on the customer's premises or within seven (7) business days after an order is placed if the ONT is already installed on the customer's premises.

The Licensee shall meet this standard for ninety-five percent (95%) of the Standard Installations it performs, as measured on a calendar quarter basis, excluding customer requests for

connection later than seven (7) days after ONT placement or later than seven (7) days after an order is placed if the ONT is already installed on the customer's premises.

C. The Licensee shall provide the Town with a report upon request from the Town, but in no event more than once a quarter thirty (30) days following the end of each quarter, noting the percentage of Standard Installations completed within the seven (7) day period, excluding those requested outside of the seven (7) day period by the Subscriber. Subject to consumer privacy requirements, underlying activity will be made available to the Town for review upon reasonable request.

At the Licensee's option, the measurements and reporting of above may be changed from calendar quarters to billing or accounting quarters. The Licensee shall notify the Town of such a change not less than thirty (30) days in advance.

D. The Licensee will offer Subscribers "appointment window" alternatives for arrival to perform installations, Service Calls and other activities of a maximum four (4) hours scheduled time block during appropriate daylight available hours, usually beginning at 8:00 AM unless it is deemed appropriate to begin earlier by location exception. At the Licensee's discretion, the Licensee may offer Subscribers appointment arrival times other than these four (4) hour time blocks, if agreeable to the Subscriber. These hour restrictions do not apply to weekends.

#### **SECTION 4: SERVICE INTERRUPTIONS AND OUTAGES**

A. The Licensee shall promptly notify the Town of any Significant Outage of the Cable Service.

B. The Licensee shall exercise commercially reasonable efforts to limit any Significant Outage for the purpose of maintaining, repairing, or constructing the Cable System. Except in an emergency or other situation necessitating a more expedited or alternative notification procedure, the Licensee may schedule a Significant Outage for a period of more than four (4) hours during any twenty-four (24) hour period only after the Town and each affected Subscriber in the Service Area have been given fifteen (15) days prior notice of the proposed Significant Outage.

C. Licensee representatives who are capable of responding to Service Interruptions must be available to Respond twenty-four (24) hours a day, seven (7) days a week.

D. Under Normal Operating Conditions, the Licensee must Respond to a call from a Subscriber regarding a Service Interruption or other service problems within the following time frames:

(1) Within twenty-four (24) hours, including weekends, of receiving Subscriber calls respecting Service Interruptions in the Service Area.

(2) The Licensee must begin actions to correct all other Cable Service

problems the next business day after notification by the Subscriber or the Town of a Cable Service problem.

E. Under Normal Operating Conditions, the Licensee shall complete Service Calls within seventy-two (72) hours of the time Licensee commences to Respond to the Service Interruption, not including weekends and situations where the Subscriber is not reasonably available for a Service Call to correct the Service Interruption within the seventy-two (72) hour period.

F. The Licensee shall meet the standard in Subsection E. of this Section for ninety percent (90%) of the Service Calls it completes, as measured on a quarterly basis.

G. The Licensee shall provide the Town with a report upon request from the Town, but in no event more than once a quarter within thirty (30) days following the end of each calendar quarter, noting the percentage of Service Calls completed within the seventy-two (72) hour period not including Service Calls where the Subscriber was reasonably unavailable for a Service Call within the seventy-two (72) hour period as set forth in this Section. Subject to consumer privacy requirements, underlying activity will be made available to the Town for review upon reasonable request. At the Licensee's option, the above measurements and reporting may be changed for calendar quarters to billing or accounting quarters. The Licensee shall notify the Town of such a change at least thirty (30) days in advance.

H. Under Normal Operating Conditions, the Licensee shall provide a credit upon Subscriber request when all Channels received by that Subscriber are out of service for a period of twenty-four (24) consecutive hours or more. The credit shall equal, at a minimum, a proportionate amount of the affected Subscriber(s) current monthly bill. In order to qualify for the credit, the Subscriber must promptly report the problem and allow the Licensee to verify the problem if requested by the Licensee. If Subscriber availability is required for repair, a credit will not be provided for such time, if any, that the Subscriber is not reasonably available.

I. Under Normal Operating Conditions, if a Significant Outage affects all Video Programming Cable Services for more than twenty-four (24) consecutive hours, the Licensee shall issue an automatic credit to the affected Subscribers in the amount equal to their monthly recurring charges for the proportionate time the Cable Service was out, or a credit to the affected Subscribers in the amount equal to the charge for the basic plus enhanced basic level of service for the proportionate time the Cable Service was out, whichever is technically feasible or, if both are technically feasible, as determined by Licensee provided such determination is non-discriminatory. Such credit shall be reflected on Subscriber billing statements within the next available billing cycle following the outage.

J. With respect to service issues concerning cable services provided to Town facilities, Licensee shall Respond to all inquiries from the Town within four (4) hours and shall commence necessary repairs within twenty-four (24) hours under Normal Operating Conditions. If such repairs cannot be completed within twenty-four (24) hours, the Licensee shall notify the Town in writing as to the reason(s) for the delay and provide an estimated time of repair.

K. Licensee may provide all notices identified in this Section electronically or on-screen.

## **SECTION 5: CUSTOMER COMPLAINTS**

Under Normal Operating Conditions, the Licensee shall investigate Subscriber complaints referred by the Town within seventy-two (72) hours. The Licensee shall notify the Town of those matters that necessitate an excess of seventy-two (72) hours to resolve, but those matters must be resolved within fifteen (15) days of the initial complaint. The Town may require reasonable documentation to be provided by the Licensee to substantiate the request for additional time to resolve the problem. For purposes of this Section, "resolve" means that the Licensee shall perform those actions, which, in the normal course of business, are necessary to investigate the Customer's complaint and advise the Customer of the results of that investigation.

## **SECTION 6: BILLING**

A. Subscriber bills must be itemized to describe Cable Services purchased by Subscribers and related equipment charges, and shall include the information required by 207 CMR 10.03(1) in clear, concise and understandable language and format. Bills shall clearly delineate activity during the billing period, including optional charges, rebates, credits, and aggregate late charges. Licensee shall, without limitation as to additional line items, be allowed to itemize as separate line items, License fees, taxes and/or other governmentally imposed fees. The Licensee shall maintain records of the date and place of mailing of bills.

B. Every Subscriber with a current account balance sending payment directly to Licensee shall be given at least five (5) days from the date statements are mailed to the Subscriber until the payment due date.

C. A specific due date shall be listed on the bill of every Subscriber.

D. Any Subscriber who, in good faith, disputes all or part of any bill shall have the option of withholding the disputed amount without disconnect or late fee being assessed until the dispute is resolved provided that:

(1) The Subscriber pays all undisputed charges;

(2) The Subscriber provides notification of the dispute to Licensee within thirty (30) days after the due date; and

(3) The Subscriber cooperates in determining the accuracy and/or appropriateness of the charges in dispute.

E. The Licensee shall notify the Subscriber of the result of its investigation of any complaint and shall give an explanation for its decision within 30 business days after the receipt of the complaint. The Subscriber shall forfeit any rights under 207 CMR 10.07 if he or she fails to pay the undisputed balance within 30 days. Any Subscriber who disagrees with the results of Licensee's investigation shall promptly inquire about and take advantage of any complaint resolution mechanism, formal or informal, available under this License or through the Issuing Authority before the Cable Division may accept a petition. The Subscriber or Licensee may petition the Cable Division to resolve disputed matters within 30 days of any final action.

F. The Licensee shall forward a copy of any Cable Service related billing inserts or other mailing sent to Subscribers to the Town upon request.

G. The Licensee shall provide all Subscribers with the option of paying for Cable Service by check or an automatic payment option where the amount of the bill is automatically deducted from a checking account designated by the Subscriber. Licensee may in the future, at its' discretion, permit payment by using a major credit card on a preauthorized basis. Based on credit history, at the option of the Licensee, the payment alternative may be limited.

H. The Issuing Authority hereby requests that Licensee omit the information specified in 47 C.F.R. §76.952(a) from its Subscriber bills.

## **SECTION 7: DEPOSITS, REFUNDS AND CREDITS**

A. The Licensee may require refundable deposits from Subscribers with 1) a poor credit or poor payment history, 2) who refuse to provide credit history information to the Licensee, or 3) who rent Subscriber equipment from the Licensee, so long as such deposits are applied on a non-discriminatory basis. The deposit the Licensee may charge Subscribers with poor credit or poor payment history or who refuse to provide credit information may not exceed an amount equal to an average Subscriber's monthly charge multiplied by six (6). The maximum deposit the Licensee may charge for Subscriber equipment is the cost of the equipment which the Licensee would need to purchase to replace the equipment rented to the Subscriber.

B. The Licensee shall refund or credit the Subscriber for the amount of the deposit collected for equipment, which is unrelated to poor credit or poor payment history, after one year and provided the Subscriber has demonstrated good payment history during this period.

C. Under Normal Operating Conditions, refund checks will be issued within the next available billing cycle following the resolution of the event giving rise to the refund (e.g., equipment return and final bill payment).

D. Credits for Cable Service will be issued no later than the Subscriber's next available billing cycle, following the determination that a credit is warranted, and the credit is approved and processed. Such approval and processing shall not be unreasonably delayed.

E. Bills shall be considered paid when appropriate payment is received by the Licensee or its' authorized agent. Appropriate time considerations shall be included in the Licensee's collection procedures to assure that payments due have been received before late notices or termination notices are sent.

## **SECTION 8: RATES, FEES AND CHARGES**

A. The Licensee shall not, except to the extent expressly permitted by law, impose any fee or charge for Service Calls to a Subscriber's premises to perform any repair or maintenance work related to Licensee equipment necessary to receive Cable Service, except where such problem is caused by a negligent or wrongful act of the Subscriber (including, but not limited to a situation in which the Subscriber reconnects Licensee equipment incorrectly) or by the failure of the Subscriber to take reasonable precautions to protect the Licensee's equipment (for example, a dog chew).

B. The Licensee shall provide reasonable notice to Subscribers of the possible assessment of a late fee on bills or by separate notice.

## **SECTION 9: DISCONNECTION /DENIAL OF SERVICE**

A. The Licensee shall not terminate Cable Service for nonpayment of a delinquent account unless the Licensee mails a notice of the delinquency and impending termination prior to the proposed final termination. The notice of termination shall be mailed to the Subscriber to whom the Cable Service is billed. The notice of delinquency and impending termination may be part of a billing statement.

B. Cable Service terminated in error must be restored without charge within twenty-four (24) hours of notice. If a Subscriber was billed for the period during which Cable Service was terminated in error, a credit shall be issued to the Subscriber if the Service Interruption was reported by the Subscriber.

C. Nothing in these standards shall limit the right of the Licensee to deny Cable Service for non-payment of previously provided Cable Services, refusal to pay any required deposit, theft of Cable Service, damage to the Licensee's equipment, abusive and/or threatening behavior toward the Licensee's employees or representatives, or refusal to provide credit history information or refusal to allow the Licensee to validate the identity, credit history and credit worthiness via an external credit agency.

D. Charges for cable service will be discontinued at the time of the requested termination of service by the Subscriber, except equipment charges may be applied until equipment has been returned. No period of notice prior to requested termination of service can be required of Subscribers by the Licensee. No charge shall be imposed upon the Subscriber for or related to total disconnection of Cable Service or for any Cable Service delivered after the effective

date of the disconnect request, unless there is a delay in returning Licensee equipment or early termination charges apply pursuant to the Subscriber's service contract. If the Subscriber fails to specify an effective date for disconnection, the Subscriber shall not be responsible for Cable Services received after the day following the date the disconnect request is received by the Licensee. For purposes of this subsection, the term "disconnect" shall include Subscribers who elect to cease receiving Cable Service from the Licensee and to receive Cable Service or other multi-channel video service from another Person or entity.

## **SECTION 10: COMMUNICATIONS WITH SUBSCRIBERS**

A. Licensee shall require that: (i) all Licensee personnel, contractors and subcontractors contacting Subscribers or potential Subscribers at the homes of such Subscribers or potential Subscribers shall wear a clearly visible identification card bearing their name and photograph; (ii) all Licensee representatives wear appropriate clothing while working at a Subscriber's premises; and (iii) every service vehicle of the Licensee and its contractors or subcontractors shall (a) be clearly identified as such to the public, (b) have the Licensee's logo plainly visible and (c) have the contractor's / subcontractor's name plus markings (such as a magnetic door sign) indicating they are under contract to the Licensee. In addition, the Licensee shall make reasonable effort to account for all identification cards at all times.

B. Licensee shall require that all contact with a Subscriber or potential Subscriber by a Person representing the Licensee shall be conducted in a courteous manner.

C. The Licensee shall send annual notices to all Subscribers informing them that any complaints or inquiries not satisfactorily handled by the Licensee may be referred to the Town.

D. All notices identified in this Section shall be by either:

(1) A separate document included with a billing statement or a message included on the portion of the monthly bill that is to be retained by the Subscriber;

(2) A separate electronic notification;

(3) A separate on-screen notification; or

(4) Any other reasonable written means.

E. The Licensee shall provide reasonable notice to Subscribers of any pricing changes or additional changes (excluding sales discounts, new products or offers) and, subject to the forgoing, any changes in Cable Services, including channel line-ups. Such notice must be given to Subscribers a minimum of thirty (30) days in advance of such changes if within the control of the Licensee, and the Licensee shall provide a copy of the notice to the Town including how and where the notice was given to Subscribers.

F. The Licensee shall provide information to all Subscribers about each of the following items at the time of installation of Cable Services, annually to all Subscribers, at any time upon request, and, subject to Subsection 10.E., at least thirty (30) days prior to making significant changes in the information required by this Section if within the control of the Licensee:

- (9) The address and telephone number of the Licensee's office to which complaints may be reported.

A copy of notices required in this Subsection 10.F. will be given to the Town at least fifteen (15) days prior to distribution to Subscribers if the reason for notice is due to a change that is within the control of Licensee and as soon as possible if not with the control of Licensee.

G. Notices of changes in rates shall indicate the Cable Service new rates and old rates, if applicable.

H. Notices of changes of Cable Services and/or Channel locations shall include a description of the new Cable Service, the specific channel location, and the hours of operation of the Cable Service if the Cable Service is only offered on a part-time basis. In addition, should the channel location, hours of operation, or existence of other Cable Services be affected by the introduction of a new Cable Service, such information must be included in the notice.

I. Every notice of termination of Cable Service shall include the following information:
