

List of Companies licensed as Hazardous Waste (HW) Transporters who provide Emergency Response Services in MassDEP's Northeast Region (NERO)

This list* is provided by MassDEP to assist parties responsible for releases of Oil and/or Hazardous Materials which pose an Imminent Hazard or Public Safety Threat, or for other situations that require the immediate retention of an emergency response contractor. Note that contractors listed below with a double asterisk (**) are contractors who are contractually pre-qualified to undertake necessary response actions on behalf of the MassDEP if the responsible party is unable or unwilling to do so. **MassDEP Staff cannot recommend any particular contractor.**

Responsible parties have additional options for obtaining other qualified cleanup contractors, subject to approval by MassDEP, who can conduct response actions within required timeframes. Options include, but are not limited to:

1. Consult your fuel provider;
2. Consult your insurance provider;
3. Do a web search for Massachusetts "oil spill" or "environmental" cleanup contractors;
4. Refer to local yellow pages under "Environmental & Ecological Products & Services"

MassDEP reserves the right to reject a contractor who in MassDEP's judgment will not be able to provide full response within required timeframes.
