BUSINESS REGULATION

**CHARLES BORSTEL**  
DIRECTOR, DIVISION OF  
PROFESSIONAL LICENSURE

**NOTICE: MassHealth Enrollment for Non-Billing Providers Soon to be  
Required Prior to License Renewal**

Provisions of the Affordable Care Act require that non-billing providers who order, refer, or prescribe services for MassHealth members must apply to enroll in MassHealth. This requirement will soon be mandatory. In anticipation of this requirement, as of June 2015 MassHealth has begun enrolling qualified non-billing providers. Professions covered by this requirement include:

- Licensed Independent Clinical Social Workers (LICSWs only);
- Optometrists;
- Podiatrists; and
- Psychologists.

To apply to enroll as a non-billing provider, please visit:

<http://www.mass.gov/eohhs/provider/insurance/masshealth/aca/aca-section-6401enrollment-information.html>. Licensees should retain proof of their application for enrollment. However, please note that an attestation that you have applied to enroll will not be a required for your next license renewal.

Questions regarding the license renewal process or compliance with this requirement prior to license renewal, may be directed to the staff of the board of registration that issues your license by calling the Division of Professional Licensure at (617) 727-3074.
