**NOTICE OF PUBLIC HEARING**

Under the authority of M.G.L. c. 6A, section 16 and in accordance with M.G.L. c. 30A, the Division of Medical Assistance (the Division) will hold a remote public hearing on Monday, October 21, 2024, at 9 a.m. relative to the emergency adoption of amendments to the following regulation.

**130 CMR 409.000: Durable Medical Equipment Services**

The regulation will take effect as an emergency on October 1, 2024. There is no fiscal impact on cities and towns.

Effective for dates of service provided on or after October 1, 2024, the Executive Office of Health and Human Services (EOHHS) has implemented, via emergency adoption, add-on payments to MassHealth-enrolled DME mobility providers for certain mobility system repairs and to align coverage for maintenance repairs with Medicare policy. The amendments to 130 CMR 409.000 support amendments made to 101 CMR 322.00: Rates for Durable Medical Equipment, Oxygen and Respiratory Therapy Equipment. There is a concurrent public comment and hearing process for 101 CMR 322.00.

To alleviate member challenges and promote shorter turnaround for mobility system repairs, EOHHS has implemented an add-on payment for certain mobility system repairs. The amendments to 130 CMR 409.000 clarify the types of covered and non-covered maintenance repairs, align MassHealth maintenance repair coverage with Medicare, and clarify the types of repairs that will be eligible for the add-on payment.

The \$1,000 add-on payment with reinvestment and reporting requirements is available to providers who perform certain types of mobility system repairs within a defined time period. The proposed payment methodologies and applicable payments are described in 101 CMR 322.00 and have a concurrent public comment period.

EOHHS has also made necessary revisions and updates to correct or clarify provisions within 130 CMR 409.000.

The estimated annual aggregate fiscal impact of the proposed amendments to 130 CMR 409.000 to align MassHealth maintenance repair coverage with Medicare is \$725,000. The additional estimated impact of the related amendments to 101 CMR 322.00 for a repair rate add-on is \$3.3 million. The estimated annual fiscal impact for unrelated amendments to 101 CMR 322.00 for the supplemental payment for ceiling lift services is between \$100,000 and \$300,000.
