130 CMR 422.000: Personal Care Attendant Services

The proposed regulation is planned to go into effect no sooner than January 1, 2026. There is no fiscal impact on cities and towns.

The proposed amendments to 130 CMR 422.000 update and clarify certain requirements of the MassHealth Personal Care Attendant (PCA) program. The proposed amendments:

- establish criteria for complex care payment and prior authorization surrounding complex care;
- update the holidays observed for purposes of PCA rates;
- establish the expectation for consumers, PCAs, surrogates, and administrative proxies to submit accurate and true attestations in relation to EVV exemption requests;
- specifically remind providers of parental responsibility in relation to PCA services for minors;
- establish PCA employment rules stating that a PCA must be at least 16 years old;
- establish PCA employment rules stating that a PCA must not be a MassHealth member currently receiving PCA services;
- establish a PCA weekly hour limit for consumer safety. PCAs may not work more than 66 hours per week in the aggregate;
- implement the use of a PCP Summary Form as a requirement for prior authorization for PCA services;
- clarify the requirements for a qualified surrogate or administrative proxy; and
- clarify and update definitions to reflect the above changes.

The proposed revisions will not change or affect the total number of hours of PCA services a member is authorized to receive. The effective date of the proposed

amendments is January 1, 2026. These program regulations are aligned with 101 CMR 309.00: *Rates for Certain Services for the Personal Care Attendant Program*.
