

Massachusetts Department of Environmental Protection
 Bureau of Water Resources – Water Management Act Program
Notification of Golf Course Water Use Restriction

Important: When filling out forms on the computer, use only the tab key to move your cursor - do not use the return key.

MassDEP regulations (310 CMR 36.07(2) and 36.28(3)) allows for the inclusion of water conservation measures in WMA registrations and permits that are appropriate to the use. WMA registrations and permits may require MassDEP notification within 14 days when specific water conservation measures are implemented. Proper completion and submission of this form may serve as that notification. MassDEP requests that any golf course implementing an irrigation restriction, amending, or ending a restriction, complete and submit this form. **Please return this form to: MassDEP WMA Program, 100 Cambridge Street 9th floor, Boston, MA 02114, or email to: linjun.yao@mass.gov.**
