### **NOTIFICATION OF CHANGE IN FORENSIC SERVICES: BIOLOGICAL TESTING OF FECAL MATERIAL**

Please be advised that due to limited agency requests for presumptive (screening) testing for the presence of fecal material on evidence items, the Massachusetts State Police Crime Laboratory (MSPCL) has made the decision to discontinue providing this testing service.

If your agency requires presumptive testing for the presence of fecal material on evidence items, the MSPCL will assist with identifying a laboratory providing this service, if one is available, and facilitate the request for testing as needed.

If you have any questions regarding this notice or if you require assistance with locating an alternative testing laboratory, please contact the MSPCL Case Management Unit at 978-451-3440 or [mspclcmu@mass.gov](mailto:mspclcmu@mass.gov).
