October 30, 2025

## **Advisory: Boston**

### **Right Lane Closure on I-90 Eastbound Between Beacon Street and the Prudential Center**

*Fixed work zone will be in place starting Monday, November 3*

**BOSTON** - The Massachusetts Department of Transportation (MassDOT) is announcing a right lane closure on I-90 eastbound between Beacon Street and the Prudential Center to support ongoing construction activity related to the Bowker Overpass Replacement Project.

Work to prepare traffic signage and to install vehicular barriers and pavement markings will occur on Sunday night November 2, between the hours of 10:00 p.m. to 5:00 a.m. **The fixed closure will begin Monday morning, November 3.**

Drivers on I-90 eastbound should expect a reduction from four lanes to three lanes with the right lane converted to a fixed work zone in the vicinity of the Bowker Overpass. The lane closure will be marked with appropriate signage and traffic control devices. Drivers should expect reduced speed zones and potential delays when traveling through the work zone.

The work is being conducted as part of an \$84 million project to replace the Bowker Overpass bridge over I-90 in Boston.

Drivers traveling through the affected areas should expect delays, reduce speed, and use caution.

Appropriate signage, law enforcement details, and advanced message boards will be in place to guide drivers through the work area.

All scheduled work is weather dependent and/or may be impacted due to an emergency.
