

Appendix F **USDA-NRCS WHIP and EQIP Practices per 2008 Farm Bill**

Access Road Existing forest road, gravel and geotextile
Access Road Existing forest road, erosion control
Early Successional Habitat Development/Management Herbaceous Management
Early Successional Habitat Development/Management Liming
Early Successional Habitat Development/Management Shrub/sapling Management
Early Successional Habitat Development/Management Tree Clearing
Early Successional Habitat Development/Management Heavy Tree Clearing
Early Successional Habitat Development/Management Tree Clearing w/ Timber
Firebreak Construct firebreak
Forest Slash Treatment Slash treatment
Forest Stand Improvement Manual Release
Forest Stand Improvement Chemical Release
Forest Stand Improvement Mechanical Thinning
Forest Stand Improvement Manual Thinning
Forest Stand Improvement Thinning-girdling
Forest Stand Improvement Chemical Thinning
Forest Trails and Landings Forest Bridge
Forest Trails and Landings Forest culvert
Forest Trails and Landings Forest erosion control
Obstruction Removal Stump grinding
Pest Management Invasives Control-Chemical
Pest Management Phragmites Control
Pest Management Invasives Control-Biological Acre
Restoration and Management of Declining Habitats Restore old growth characteristics
Restoration and Management of Declining Habitats Oak regen - cut trees <8"
Restoration and Management of Declining Habitats Oak regen -cut trees >8"
Restoration and Management of Declining Habitats Oak Regen - Timber
Riparian Forest Buffer Zones 1&2
Riparian Forest Buffer Natural Regeneration
Riparian Forest Buffer Buffer in Forest
Tree/Shrub Establishment 200 Plants/Acre with Protectors
Tree/Shrub Establishment 200 Plants/Acre without Protectors
Tree/Shrub Establishment 300 Plants/Acre with Protectors
Tree/Shrub Establishment 300 Plants/Acre without Protectors
Tree/Shrub Establishment Forest regen - conifer planting
Tree/Shrub Establishment Forest regen-hardwood planting
Tree/Shrub Establishment Forest regen-direct seeding
Tree/Shrub Site Preparation Chem prep - field
Tree/Shrub Site Preparation Disk prep - field
Tree/Shrub Site Preparation Chem prep - forest
Tree/Shrub Site Preparation Dozer prep
Tree/Shrub Site Preparation Tree shear prep
Tree/Shrub Site Preparation Manual prep-forest
Upland Wildlife Habitat Management Snag Creation
Wetland Wildlife Habitat Management Create turtle nesting habitat
