¹ Grade 3SEI ("G3SEI") refers to Grade 3 leaks of significant environmental impact.
*Total leaks carried forward remained the same, but some leaks have now been reclassified between 2 and 3

--

Notes
Column D previously included leaks eliminated by replacement and eliminated otherwise (i.e. reclassification, negative readings, etc.). These eliminated leaks (i.e. reclassification, negative readings, etc.) are still represented on the detailed quarterly information as their open/closed status is still accounted for in column E.
