

PCA Public Listening Session: General Updates and Details on Gradual EVV Implementation

As was mentioned during prior stakeholder meetings, MassHealth will be hosting bi-monthly Public Listening Sessions to provide updates on Electronic Visit Verification (EVV) implementation for the PCA Program. In addition to providing updates, these sessions will be used to gather critical stakeholder feedback regarding EVV and will be held at least every other month until EVV implementation begins in calendar year 2023. All sessions will be held virtually using videoconference. We are asking for your assistance in sharing this information as broadly as possible.

Please note that the next session is taking place as follows:
