Subrecipients of Federal Grant Funds

Subrecipients receiving federal grant funds administered by OGR must comply with the following three grant conditions that are addressed in this primary document.

- Federal Conditions
- State Conditions; and
- OGR Conditions

Federal Conditions: Federal conditions are based on laws passed by Congress, regulations issued by the federal department making the funds available and published in the Code of Federal Regulations (CFR), and financial guidance also created by the federal department making the funds available. Additionally, in most cases, there are requirements and conditions associated with specific federal grant-streams, which are not conditions of receipt of federal funds generally. (Note: See **Addendum 5** for specific conditions associated with a specific federal grant-stream.)

State Conditions: State conditions are established in laws passed by the Massachusetts Legislature and orders and rules established by the Governor. They are referenced in the Standard Contract Form itself and, in the pages attached to it.

OGR Conditions: OGR conditions outline the further administrative requirements for each grant award established by the Executive Office of Public Safety and Security (EOPSS) and Office of Grants and Research (OGR).

Subrecipients of State Grant Funds

When receiving a grant award from state funds administered by OGR, subrecipients must comply with the following two general grant conditions that are addressed in this primary document:

- State Conditions; and
- OGR Conditions

Federal Grant Fund Conditions

The basic federal grant conditions below apply to all federal grants, regardless of the federal department making the funds available.

Audit Requirements of Federal Funds

- [2 CFR 200 Subpart F Audit Requirements](#) **Audit required.** A non-Federal entity that expends \$1,000,000 or more during the non-Federal entity's fiscal year in Federal awards must have a single or program-specific audit conducted for that year in accordance with the provisions of this part.
- (b) **Single audit.** A non-Federal entity that expends \$1,000,000 or more in Federal awards during the non-Federal entity's fiscal year must have a single audit conducted in accordance with [§ 200.514](#) except when it elects to have a program-specific audit conducted in accordance with [paragraph \(c\)](#) or [\(d\)](#) of this section
- **Program-specific audit election (in general).** A non-Federal entity may elect to have a program-specific audit conducted in accordance with [§ 200.507](#) if the following conditions are met:
 - (1) The Non-Federal entity expends Federal awards under only one Federal program (excluding research and development); and
 - (2) The Federal program's statutes or regulations, or terms and conditions of the Federal award, do not require a financial statement audit of the non-Federal entity.
- **Exemptions when Federal awards expended are less than \$1,000,000.** A non-Federal entity that expends less than \$1,000,000 in Federal awards during its fiscal year is exempt from Federal audit requirements for that year, except as noted in [§ 200.503](#). However, in all instances, the records of the non-Federal entity must be available for review or audit by appropriate officials of the Federal agency, pass-through entity, and the Government Accountability Office (GAO).
- OGR defines the 12 months as July 1 to June 30. The above webpage provides the full text of this basic federal grant requirement.
- **Unique Entity Identifier (UEI) and System for Award Management (SAM)**
 - All subrecipients receiving federal funds **MUST** have a 12-character alphanumeric UEI ID. For more information: Visit [SAM.gov | Home](#)
 - All subrecipients receiving federal funds **MUST** maintain an annual registration in [SAM.gov | Home](#)
- **Transparency Act Reporting for Federal Funds- [Subaward Reporting in SAM.GOV](#)**
 - The Federal Funding Accountability and Transparency Act (FFATA) requires EOPSS to report on a federal website specific award and subrecipient identifying information for each award greater than \$30,000 OGR makes with federal funds it received after October 1, 2010. Prior to receiving funds, certain affected subrecipients must report certain information to OGR so that EOPSS may fulfill its FFATA reporting requirements. Data reported by EOPSS may be viewed at [www.USASpending.gov](#).
- **Cost Principles for Federal Grants to non-federal entities, including State and Local Governments, Non-Profit Organizations, and Institutions of Higher Education**
 - [2 CFR Part 200 Subpart E](#) – Cost Principles. These regulations list and define general categories of costs that are both allowable and unallowable. Examples are included below.

 - Costs incurred by advisory councils are allowable.
 - Audit costs are allowable.
 - Compensation costs are allowable so long as they are consistent with that paid for similar work in other activities of the local government.

When replacing equipment purchased with federal funds, the equipment to be replaced may be used as a trade-in or can be sold with the proceeds used to offset the cost of the replacement equipment. In addition, during the period of the contract with OGR, insurance on the equipment is allowable. Information required to be captured and recorded appears in **(Addendum 4)**.

Failure to comply with any conditions may result in termination of the contract or other consequences.

Office of Grants and Research Conditions

In addition to the federal and state general grant conditions outlined above, EOPSS and OGR have certain grant conditions that are essential to the administration of grant awards. Whether subrecipients are receiving funds from a federal or state grant, they must adhere to these conditions. Federal and State Conditions must be adhered to by subrecipients of federal grant funds.

- **Drug-Free Workplace- Drug-Free Workplace Certification-**
 - As the recipient, you must comply with drug-free workplace requirements in Subpart B (or Subpart C, if the recipient is an individual) of part 421, which adopts the Governmentwide implementation ([2 CFR part 182](#)) of sec. 5152-5158 of the Drug-Free Workplace Act of 1988 (Pub. - **Time Extensions of Contracts**
 - While uncommon, time extensions may be granted at the option of OGR. They are not encouraged or guaranteed.
 - If a subrecipient needs additional time to complete the scope of work for the grant award, OGR may approve a **time-only** extension as long as the contract with the revised end date is executed by both the subrecipient and OGR before the end date of the current contract.
 - **No time extension** will be permitted if the amended contract form is executed after the current contract end date.
 - Requests for time extensions must be made **at least 30 days** before the end date of the current contract.
- **Remaining Balances**
 - Any amount of an award remaining at the expiration of a contract or Interdepartmental Service Agreement will be reverted to OGR.
- **Interdepartmental Service Agreement Spending**
 - Interdepartmental Service Agreement (ISA) spending must adhere to the dates specified in the ISA and follow the policy in the ISA as dictated by the Office of the Comptroller (CTR).
 - **ISA Terms and Conditions (Link: [MMARS POLICY: PROCUREMENT/CONTRACTS](#))**
 - **ISA- Anticipated Start Date.** The Buyer/Parent and Seller/Child Departments must certify when obligation under this ISA or Amendment may be incurred.

- Pursuant to 815 CMR 6.03(2), the effective date of an ISA shall be the latest of the following:
 - The date the ISA was executed by an authorized signatory of the Buyer Department.
 - The date the ISA was executed by an authorized signatory of the Seller Department; or
 - A later date as specified in the ISA
- All goods must be received, and all services must be rendered by the end date of the ISA or contract. Receipt of goods and services occurring after the specified ISA end date may result in denial of those costs. The Seller (*child department*) will be responsible for covering those costs with an account other than that funding the ISA.

- **Accounts Payable Period**

- Each Interdepartmental Service Agreement has a defined accounts payable period.
- **ALL** payments must be completed and disbursed by the end date of the specified accounts payable period within the ISA.

NOTE: Subrecipients Child department may not ask the Office of the Comptroller to extend an end date of the program code associated with the ISA without prior agreement by OGR. Should this occur, OGR will deny costs against the ISA. If the costs have already been accepted in MMARS, OGR will ask the “child” department to execute an expenditure correction transaction in MMARS to move those costs to another account belonging to the department.

- **Spending**

- An ISA that crosses a state fiscal year (ending June 30) into the next fiscal year, must observe the Commonwealth’s policies on payment corrections or overpayments.
- That is, any unallowable charges must be corrected with an Expenditure Correction (EX) transaction before August 31.
- All unallowable expenditures including payroll cost must be corrected by the date specified in the Fiscal Year Close/Open guidance issued each year by the Office of the State Comptroller. Any overpayments must be corrected with an Expenditure Refund transaction before August 31.

- **Reporting**

- OGR requires all financial reports to be submitted along with a Warehouse Query and Labor Cost Management Query (for ISAs only) detailing the expenditures made for that period by the child department. Documentation to support the match is also required if a non-federal match is required.
- **All spending outside of the approved cost categories requires a budget modification.**
- At OGR’s discretion, reimbursement will be held until reporting requirements are met.

- **Requests for Reimbursement and Financial Reports**

- All requests for reimbursements and financial reports **MUST** be received by OGR fifteen (15) days after the end of the reporting period.
- Those received after the required time frame may result in non-payment at the option of OGR. Should this occur, OGR will notify the subrecipient of the non-payment for this reason.
- Reimbursement under a subsequent contract may also be withheld pending resolution of any outstanding documentation or other requirements not fulfilled to the satisfaction of OGR. Furthermore, OGR may withhold execution of any subsequent contract.
- If the request for reimbursement is returned because of incomplete documentation, the request and documentation must be resubmitted within the timeframe dictated by OGR.

- **Programmatic and Financial Reports** must be received in accordance with the requirements of the specific award. At the option of OGR, reimbursement will be held until all reporting requirements are met.
 - **Allowable grant-related travel costs** will be paid at the lesser rate of \$.62 per mile or the subrecipient's normal reimbursement rate. This rate is subject to change. Tolls and parking for grant-related local travel may also be paid. Receipts are required.
 - **Indirect cost rates will not** be reimbursed based on a percentage rate without documentation of the rate having been approved by a federal agency.
 - When a percentage rate has not been approved by a federal agency, a subrecipient may request of OGR allowable direct costs that will be incurred and can be specifically allocated to the project being funded.
- *** Costs must be consistently charged as either indirect or direct costs but may not be double charged or inconsistently charged as both. If chosen, this methodology once elected must be used consistently for all Federal awards until such time as a non-Federal entity chooses to negotiate for a rate, which the non-Federal entity may apply to do at any time.*
- **Procurement Practices** of subrecipient agencies must be followed. The subrecipient should ensure that its procurement practices conform to any specific federal guidelines found in the references in the federal conditions section above. Where there is a difference between the practices of the subrecipient agency/organization and a federal guideline, the more restrictive procedure applies.
 - **Timesheets** must be maintained by subrecipients for work performed by its employee(s) paid for with grant funds. Timesheets must show the hours worked and paid for with grant funds and must be signed by the employee(s).

- ***Audit required.*** A non-Federal entity that expends \$1,000,000 in federal funds from all sources during their fiscal or more during the non-Federal entity's fiscal year in federal awards must have a single or program-specific audit conducted for that year in accordance with the provisions of this part.
 - Subrecipients will submit the form to OGR at the end of the fiscal year after the completion of a single or program-specific audit of their federal funds. Subrecipients must indicate if they were required to have an audit and if so, to identify any findings related to the federal funds awarded by OGR.

This includes any alleged violations, serious irregularities, sensitive issues or overt or covert acts involving the use of public funds in a manner not consistent with federal statutes, related laws, regulations, appropriate guidelines, or purposes of the grant.
- **Award sub-recipients must accept their award** no later than 30 days from the award date. Failure to accept a grant award within the 30-day timeframe may result in a loss of funds.
- **Use of funds should begin** within 90 days of the start of the contract, and if they are not, the subrecipient must report to OGR the steps taken to initiate the grant activities, the reasons for the delay, and the expected start of the use of the funds
 - If meaningful implementation steps have not begun after 90 days of the grant start date, OGR reserves the right to cancel the contract.
- **Subcontractors** implementing activities with grant funds must adhere to the grant provisions in this document and should be approved by OGR prior to subrecipients executing subcontracts.
- **Instructional Materials**
 - Materials created or produced with grant funds will be “work made for hire,” as defined in United States copyright law, and EOPSS/OGR shall be considered the author.
 - EOPSS/OGR shall be the sole owner of all rights pertaining to these materials, including copyrights and all rights to use, reproduce, or publish the materials, and subrecipients may not use, reproduce, or distribute such materials without prior written the approval of OGR. If a project results in the production of **other original books, manuals, or copyrightable material**, unless otherwise

provided in the contract documents, EOPSS/OGR reserves a royalty-free, non-exclusive and irrevocable license to reproduce, publish, translate or otherwise use, and authorize others to publish and use, such material. If paid with federal funds, the grant number must appear on the materials. Please contact your OGR point of contact if you need assistance with this disclosure.

- **Audiovisual or Written Materials** developed as part of the grant may be required to incorporate specific language or disclaimers (e.g., regarding the federal source of funding) and in some instances pre-approval from the federal funding agency as instructed by the OGR grant manager.

OVERTIME POLICY FOR SUBRECIPIENTS RECEIVING FEDERAL FUNDS

This policy applies to all subrecipients and contractors that receive a Federal grant award from the Executive Office of Public Safety and Security's Office of Grants and Research (OGR) and are requesting to use grant funds for overtime costs.

Overtime hours being charged against a federal grant award provided by OGR may only seek reimbursement for **actual hours worked** regardless of department policy or union contract rules. For example, an officer working one hour of overtime on a federally funded project awarded by OGR is **prohibited** from **charging the grant award for 4 hours of overtime due to a union contract**. A department that must allow for this, will need to cover the remaining 3 hours of overtime from their own state or local budget. **Departments found violating this policy will be subject to immediate termination of a grant award and must return all misspent funds back to OGR.**

Definitions For this policy, the definitions for the key terms referenced within are listed below:

- *Overtime*- Expenses limited to the additional costs that result from state and local first responders such as sworn law enforcement personnel working over and above their weekly full-time/part-time schedule as a direct result of their performance of approved activities related to the project receiving federal funding.
- *Backfill related Overtime*- Expenses limited to overtime costs that result from personnel who are working overtime (as identified above) to perform the duties of other personnel who are temporarily assigned to an approved grant activity outside of their core responsibilities.
- *Subrecipient*- An entity receiving a grant award from OGR.
- *First Responder*- State or local law enforcement, fire services, emergency medical services, emergency management, health care, hazardous materials, public safety communications, public health, public works, and government administrative type employees. ***Note, each federal award has different criteria as to the type of individual allowed to be reimbursed for overtime costs. Please reference your specific grant application or OGR point of contact to determine qualifying personnel for overtime.***

State and local first responders that are eligible through their department for backfill and/or overtime (and preapproved by OGR) may be reimbursed for backfill and/or overtime **related to grant-funded activities ONLY.**

The licensing authority then must report readily available statistical data to the commonwealth fusion center. The data shall include, but not be limited to: (i) the make, model, serial number and caliber of the weapon used; (ii) the type of crime committed; (iii) whether an arrest or conviction was made; (iv) whether fingerprint evidence was found on the firearm; (v) whether ballistic evidence was retrieved from the crime scene; (vi) whether the criminal use of the firearm was related to known gang activity; (vii) whether the weapon was obtained illegally; (viii) whether the weapon was lost or stolen; and (ix) whether the person using the weapon was otherwise a prohibited person.

Notwithstanding verbal or other representations by the parties, the "Effective Date" of this Contract or Amendment shall be the latest date that this Contract or Amendment has been executed by an authorized signatory of the Contractor, the Department, or a later Contract or Amendment Start Date specified, subject to any required approvals. The Contractor makes all certifications required under this Contract under the pains and penalties of perjury and agrees to provide any required documentation upon request to support compliance, and agrees that all terms governing performance of this Contract and doing business in Massachusetts are attached or incorporated by reference herein.

Commonwealth and Contractor Ownership Rights

The Contractor certifies and agrees that the Commonwealth is entitled to ownership and possession of all "deliverables" purchased or developed with Contract funds. A Department may not relinquish Commonwealth rights to deliverables nor may Contractors sell products developed with Commonwealth resources without just compensation. The Contract should detail all Commonwealth deliverables and ownership rights and any Contractor proprietary rights.

Qualifications

The Contractor certifies that it is qualified and shall at all times remain qualified to perform this Contract, and that performance shall be timely and meet or exceed industry standards for the performance required, which includes obtaining requisite licenses, registrations, permits, resources for performance, and sufficient professional, liability, and other appropriate insurance to cover the performance. If the Contractor is a business, the Contractor certifies that it is listed under the Secretary of State's website as licensed to do business in Massachusetts, as required by law.

Laws and Regulations Prohibiting Discrimination and Human Trafficking

Contractors acknowledge and certify as a condition of this Contract that they are responsible for complying fully with all state and federal laws prohibiting discrimination, human trafficking, and forced labor, including but not limited to [M.G.L. c. 265 §§ 49-57](#).

Business Ethics and Fraud, Waste and Abuse Prevention

The Contractor certifies that performance under this Contract, in addition to meeting the terms of the Contract, will be made using ethical business standards and good stewardship of taxpayer and other public funding and resources to prevent fraud, waste and abuse.

Collusion

The Contractor certifies that this Contract has been offered in good faith and without collusion, fraud, or unfair trade practices with any other person, and that any actions to avoid or frustrate fair and open competition are prohibited by law and shall be grounds for rejection or disqualification of a Response or termination of this Contract.

Public Records and Access

The Contractor shall provide full access to records related to performance and compliance to the Department and officials listed under [Executive Order 195](#) and [M.G.L. c. 11, §12](#) for six (6) years beginning on the first day after the final payment

under this Contract or such longer period as necessary for the resolution of any litigation, claim, negotiation, audit or other inquiry involving this Contract. Access to view Contractor records related to any breach or allegation of fraud, waste and/or abuse may not be denied and Contractor cannot claim confidentiality or trade secret protections solely for viewing but not retaining documents. Routine Contract performance compliance reports or documents related to any alleged breach or allegation of non-compliance, fraud, waste, abuse or collusion may be provided electronically and shall be provided at Contractor's own expense. Reasonable costs for copies of non-routine Contract related records shall not exceed the rates for public records under [950 CMR 32.00](#).

Debarment

The Contractor certifies that neither it nor any of its subcontractors are currently debarred or suspended by the federal or state government under any law or regulation including [Executive Order 147](#); [M.G.L. c. 29, § 29F](#); [M.G.L. c. 30, § 39R](#); [M.G.L. c. 149 § 27C, 44C](#) and [148B](#); and [M.G.L. c. 152, § 25C](#).

Invoices

The Contractor must submit invoices in accordance with the terms of the Contract and the Commonwealth [Bill Payments Policy](#). Contractors must be able to reconcile and properly attribute concurrent payments from multiple Departments. Final invoices in any fiscal year must be submitted no later than August 15 for performance made and received (goods delivered, services completed) prior to June 30, in order to make payment for that performance prior to the close of the fiscal year to prevent reversion of appropriated funds. Failure to submit timely invoices by August 15 or other date listed in the Contract shall authorize the Department to issue an estimated payment based upon the Department's determination of performance delivered and accepted. The Contractor's acceptance of an estimated payment releases the Commonwealth from further claims for these invoices.

If budgetary funds revert due to the Contractor's failure to submit timely final invoices, or for disputing an estimated payment, the Department may deduct a penalty of up to 10% from any final payment in the next fiscal year for failure to submit timely invoices.

Payments Subject To Appropriation

Pursuant to [M.G.L. c. 29 §§ 26, 27](#) and [29](#), Departments are required to expend funds only for the purposes set forth by the Legislature and within the funding limits established through appropriation, allotment and subsidiary, including mandated allotment reductions triggered by [M.G.L. c. 29, § 9C](#). A Department cannot authorize or accept performance in excess of an existing appropriation and allotment, or sufficient non-appropriated available funds. Any oral or written representations, commitments, or assurances made by the Department or any other Commonwealth representative are not binding. The Commonwealth has no legal obligation to compensate a Contractor for performance that is not requested and is intentionally delivered by a Contractor outside the scope of a Contract. Contractors should verify funding prior to beginning performance.

Intercept

Contractors may be registered as Customers in the Vendor file if the Contractor owes a Commonwealth debt. Unresolved and undisputed debts, and overpayments of Contract payments that are not reimbursed timely shall be subject to intercept pursuant to [M.G.L. c. 7A, § 3](#) and [815 CMR 9.00](#). Contract overpayments will be subject to immediate intercept or payment offset. The Contractor may not penalize any state Department or assess late fees, cancel a Contract or other services if amounts are intercepted or offset due to recoupment of an overpayment, outstanding taxes, child support, other overdue debts or Contract overpayments.

Tax Law Compliance

The Contractor certifies under the pains and penalties of perjury: (1) tax compliance with federal tax laws; (2) tax compliance with state tax laws including, but not limited to, [M.G.L. c. 62C, § 49A](#), reporting of employees and contractors, withholding and remitting of tax withholdings and child support; and (3) Contractor is in good standing with respect to all state taxes and returns due, reporting of employees and contractors under [M.G.L. c. 62E](#), withholding and remitting child support including [M.G.L. c. 119A, § 12](#), [TIR 05-11, New Independent Contractor Provisions](#), and applicable TIRs.

Bankruptcy, Judgments, Potential Structural Changes, Pending Legal Matters and Conflicts

The Contractor certifies it has not been in bankruptcy or receivership within the last three calendar years which would negatively impact Contractor's ability to fulfill the terms of this Contract or Amendment. Contractor certifies that it will immediately notify the Department, in writing, of any filing for bankruptcy and/or receivership, any potential structural change in its organization, or if there is **any risk** to the solvency of the Contractor that may impact the Contractor's ability to timely fulfill the terms of this Contract or Amendment. The Commonwealth reserves the right to request additional information regarding the financial viability of the Contractor and its ability to perform. The Contractor certifies that at any time during the period of the Contract the Contractor is required to affirmatively disclose in writing to the Department Contract Manager the details of any judgment, criminal conviction, investigation or litigation pending against the Contractor or any of its officers, directors, employees, agents, or subcontractors, including any potential conflicts of interest of which the Contractor has knowledge, or learns of during the Contract term. Law firms or Attorneys providing legal services are required to identify any

potential conflict with representation of any Department client in accordance with Massachusetts Board of Bar Overseers (BBO) rules.

Protection of Commonwealth Data, Personal Data and Information

The Contractor certifies that all steps will be taken to ensure the security and confidentiality of all Commonwealth data for which the Contractor becomes a holder, either as part of performance or inadvertently during performance, with special attention to restricting access, use and disbursement of personal data and information under [M.G.L. c. 93H](#) and [c. 66A](#) and other applicable state and federal privacy requirements. For all Contracts involving the Contractor's access to personal information, as defined in [M.G.L. c. 93H](#), and personal data, as defined in [M.G.L. c. 66A](#), or access to Department systems containing such information or data, Contractor certifies under the pains and penalties of perjury that the Contractor: (1) has read [M.G.L. c. 93H](#) and [c. 66A](#) and agrees to protect any and all personal information and personal data; and (2) has reviewed all of the Enterprise Information Security Policies and Standards published by the Executive Office for Technology, Services and Security (EOTSS), or stricter standards prescribed by the Department. Notwithstanding any contractual provision to the contrary, in connection with the Contractor's performance under this Contract, for all Departments, including all offices, boards, commissions, agencies, departments, divisions, councils, bureaus, and offices, now existing and hereafter established, the Contractor shall: (1) obtain a copy, review, and comply with any pertinent security guidelines, standards, and policies; (2) comply with the Enterprise Information Security Policies and Standards published by the Executive Office for Technology Services and Security (EOTSS), or a comparable set of policies and standards ("Information Security Policy") as prescribed by the Department;

Addendum 4: Federal Guidelines on Equipment

Below are the guidelines on equipment found in the Federal Uniform Administrative Requirements for Grants document.

§200.313 Equipment. <https://www.ecfr.gov/current/title-2/section-200.313>

Title. Title to equipment acquired under the Federal award will vest upon acquisition in the recipient or subrecipient subject to the conditions of this section. This title must be a conditional title unless a Federal statute specifically authorizes the Federal agency to vest title in the recipient or subrecipient without further responsibility to the Federal Government (and the Federal agency elects to do so). A conditional title means a clear title is withheld by the Federal agency until conditions and requirements specified in the terms and conditions of a Federal award have been fulfilled. Title for equipment vested in a recipient or subrecipient is subject to the following conditions:

- (1) Use the equipment for the authorized purposes of the project during the period of performance or until the property is no longer needed for the purposes of the project.
- (2) While the equipment is being used for the originally authorized purpose, the recipient or subrecipient must not dispose of or encumber its title or other interests without the approval of the Federal agency or pass-through entity.
- (3) Use and dispose of the property in accordance with [paragraphs \(b\), \(c\), and \(e\)](#) of this section.

(b) **General.** A State must use, manage and dispose of equipment acquired under a Federal award in accordance with State laws and procedures. Indian Tribes must use, manage, and dispose of equipment acquired under a Federal award in accordance with tribal laws and procedures. If such laws and procedures do not exist, Indian Tribes must follow the guidance in this section. Other recipients and subrecipients, including subrecipients of a State or Indian Tribe, must follow [paragraphs \(c\)](#) through [\(e\)](#) of this section.

(c) **Use.**

(1) The recipient or subrecipient must use equipment for the project or program for which it was acquired and for as long as needed, whether or not the project or program continues to be supported by the Federal award. The recipient or subrecipient must not encumber the equipment without prior approval of the Federal agency or pass-through entity. The Federal agency may require the submission of the applicable common forms for reporting on equipment. When no longer needed for the original project or program, the equipment may be used in other activities in the following order of priority:

- (i) Activities under other Federal awards from the Federal agency that funded the original program or project; then
- (ii) Activities under Federal awards from other Federal agencies. These activities include consolidated equipment for information technology systems.

(2) During the time that equipment is used on the project or program for which it was acquired, the recipient or subrecipient must also make the equipment available for use on other programs or projects supported by the Federal Government, provided that such use will not interfere with the purpose for which it was originally acquired. First preference for other use of the equipment must be given to other programs or projects supported by the Federal agency that financed the equipment. Second preference must be given to programs or projects under Federal awards from other Federal agencies. Use for non-federally funded projects is also permissible, provided such use will not interfere with the purpose for which it was originally acquired. The recipient or subrecipient should consider charging user fees as appropriate.

(3) Notwithstanding the encouragement in [§ 200.307](#) to earn program income, the recipient or subrecipient must not use equipment acquired with the Federal award to provide services for a fee that is less than a private company would charge for similar services unless specifically authorized by Federal statute. This restriction is effective as long as the Federal Government retains an interest in the equipment.

(4) When acquiring replacement equipment, the recipient or subrecipient may either trade-in or sell the equipment and use the proceeds to offset the cost of the replacement equipment.

(d) **Management requirements.** Regardless of whether equipment is acquired in part or its entirety under the Federal award, the recipient or subrecipient must manage equipment (including replacement equipment) utilizing procedures that meet the following requirements:

(1) Property records must include a description of the property, a serial number or another identification number, the source of funding for the property (including the FAIN), the title holder, the acquisition date, the cost of the property, the percentage of the Federal agency contribution towards the original purchase, the location, use and condition of the property, and any disposition data including the date of disposal and sale price of the property. The recipient and subrecipient are responsible for maintaining and updating property records when there is a change in the status of the property.

(2) A physical inventory of the property must be conducted, and the results must be reconciled with the property records at least once every two years.

(3) A control system must be in place to ensure safeguards for preventing property loss, damage, or theft. Any loss, damage, or theft of equipment must be investigated. The recipient or subrecipient must notify the Federal agency or pass-through entity of any loss, damage, or theft of equipment that will have an impact on the program.

(4) Regular maintenance procedures must be in place to ensure the property is in proper working condition.

(5) If the recipient or subrecipient is authorized or required to sell the property, proper sales procedures must be in place to ensure the highest possible return.

(e) **Disposition.** When equipment acquired under a Federal award is no longer needed for the original project, program, or for other activities currently or previously supported by a federal agency, the recipient or subrecipient must request disposition instructions from the Federal agency or pass-through entity if required by the terms and conditions of the Federal award. Disposition of the equipment will be made as follows, in accordance with Federal agency or pass-through entity disposition instructions:

(1) Equipment with a current fair market value of \$10,000 or less (per unit) may be retained, sold, or otherwise disposed of with no further responsibility to the Federal agency or pass-through entity.

(2) Except as provided in [§ 200.312\(b\)](#), or if the Federal agency or pass-through entity fails to provide requested disposition instructions within 120 days, items of equipment with a current fair market value in excess of \$10,000 (per-unit) may be retained or sold by the recipient or subrecipient. However, the Federal agency is entitled to an amount calculated by multiplying the percentage of the Federal agency's contribution towards the original purchase by the current market value or proceeds from the sale. If the equipment is sold, the Federal agency or pass-through entity may permit the recipient or subrecipient to retain, from the Federal share, \$1,000 of the proceeds to cover expenses associated with the selling and handling of the equipment.

(3) The recipient or subrecipient may transfer title to the property to the Federal Government or to an eligible third party provided that the recipient or subrecipient must be entitled to compensation for its attributable percentage of the current fair market value of the property.

(4) In cases where a recipient or subrecipient fails to take appropriate disposition actions, the Federal agency or pass-through entity may direct the recipient or subrecipient to take disposition actions.

(f) **Equipment retention.** When included in the terms and conditions of the Federal award, the Federal agency may permit the recipient to retain equipment or authorize a pass-through entity to permit the subrecipient to retain equipment, with no further obligation to the Federal Government unless prohibited by Federal statute or regulation.

The FEMA EHP review process must be completed before funds are released to carry out the proposed project, otherwise, DHS/FEMA may not be able to fund the project due to noncompliance with EHP laws, executive orders, regulations, and policies. DHS/FEMA may also need to perform a project closeout review to ensure the applicant complied with all required EHP conditions identified in the initial review. If ground disturbing activities occur during construction, the applicant will monitor the ground disturbance, and if any potential archaeological resources are discovered, the applicant will immediately cease work in that area and notify the pass-through entity, if applicable, and DHS/FEMA. EO 11988, Floodplain Management, and EO 11990, Protection of Wetlands, require that all federal actions in or affecting the floodplain or wetlands be reviewed for opportunities to relocate, and be evaluated for social, economic, historical, environmental, legal, and safety considerations. FEMA’s

regulations at 44 C.F.R. Part 9 implement the EOs and require an eight-step review process if a proposed action is in a floodplain or wetland or has the potential to affect or be affected by a floodplain or wetland. The regulation also requires that the federal agency provide public notice of the proposed action at the earliest possible time to provide the opportunity for public involvement in the decision-making process (44 C.F.R. § 9.8). Where there is no opportunity to relocate the federal action, FEMA is required to undertake a detailed review to determine what measures can be taken to minimize future damages to the floodplain or wetland.

Article 49 Applicability of DHS Standard Terms and Conditions to Tribal Nations

The DHS Standard Terms and Conditions are a restatement of general requirements imposed upon recipients and flow down to sub-recipients as a matter of law, regulation, or executive order. If the requirement does not apply to Tribal Nations, or there is a federal law or regulation exempting its application to Tribal Nations, then the acceptance by Tribal Nations, or acquiescence to DHS Standard Terms and Conditions does not change or alter its inapplicability to a Tribal Nation. The execution of grant documents is not intended to change, alter, amend, or impose additional liability or responsibility upon the Tribal Nations where it does not already exist.

Article 50 Acceptance of Post Award Changes

In the event FEMA determines that an error in the award package has been made, or if an administrative change must be made to the award package, recipients will be notified of the change in writing. Once the notification has been made, any subsequent requests for funds will indicate recipient acceptance of the changes to the award.

Please email FEMA Grant Management Operations at: ASK-GMD@fema.dhs.gov for any questions.

Article 51 Disposition of Equipment Acquired Under the Federal Award

When original or replacement equipment acquired under this award is no longer needed for the original project or program or for other activities currently or previously supported by a federal awarding agency, the non-state recipient or subrecipient (including subrecipients of a State or Tribal Nation), must request instructions from FEMA to make proper disposition of the equipment pursuant to 2 C.F.R. section 200.313(e). State recipients must follow the disposition requirements in accordance with State laws and procedures. 2 C.F.R. section 200.313(b). Tribal Nations must follow the disposition requirements in accordance with Tribal laws and procedures noted in 2 C.F.R. section 200.313(b); and if such laws and procedures do not exist, then Tribal Nations must follow the disposition instructions in 2 C.F.R. section 200.313(e).

Article 52 Prior Approval for Modification of Approved Budget

Before making any change to the FEMA approved budget for this award, a written request must be submitted and approved by FEMA as required by 2 C.F.R. section

200.308. For purposes of non-construction projects, FEMA is utilizing its discretion to impose an additional restriction under 2 C.F.R. section 200.308(i) regarding the transfer of funds among direct cost categories, programs, functions, or activities. For awards with an approved budget where the federal share is greater than the simplified acquisition threshold (currently \$250,000) and where the cumulative amount of such transfers exceeds or is expected to exceed ten percent (10%) of the total budget FEMA last approved, transferring funds among direct cost categories, programs, functions, or activities is unallowable without prior written approval from FEMA. For purposes of awards that support both construction and non-construction work, 2

C.F.R. section 200.308((f)(9) requires the recipient to obtain prior written approval from FEMA before making any fund or budget transfers between the two types of work. Any deviations from a FEMA approved budget must be reported in the first Federal Financial Report (SF-425) that is submitted following any budget deviation, regardless of whether the budget deviation requires prior written approval.

Article 53 Indirect Cost Rate

2 C.F.R. section 200.211(b)(16) requires the terms of the award to include the indirect cost rate for the federal award. If applicable, the indirect cost rate for the award is stated in the budget documents or other materials approved by FEMA and included in the award file.

Article 54 Build America, Buy America Act (BABAA) Required Contract Provision & Self-Certification

In addition to the DHS Standard Terms & Conditions regarding Required Use of American Iron, Steel, Manufactured Products, and Construction Materials, recipients and subrecipients of FEMA financial assistance for programs that are subject to BABAA must include a Buy America preference contract provision as noted in 2

C.F.R. section 184.4 and a self-certification as required by the FEMA Buy America Preference in FEMA Financial Assistance Programs for Infrastructure (FEMA Interim Policy #207-22-0001). This requirement applies to all subawards, contracts, and purchase orders for work performed, or products supplied under the FEMA award subject to BABAA.

Article 55 Price Act Waiver

As directed by Section 2008(b)(2) of the Homeland Security Act of 2002 (codified as amended at 6 U.S.C. § 609(b)(2)), C-UAS recipients and subrecipients may not use more than 50% of their total award amount to pay for personnel activities unless a waiver is approved by FEMA. When a state submits a grant application indicating that more than 50% of the funding will be allocated to personnel costs, FEMA will treat the grant application as a formal request for a waiver of the 50% limitation. FEMA's subsequent awarding of the grant will constitute approval of the waiver. A separate waiver request will not be necessary.

Article 56 Mitigation Technology Approval

All mitigation technologies requested under the C-UAS Grant Program require approval from the Secretary of Homeland Security (S1), or their designated representative. When a state submits a grant application indicating its intent to procure mitigation equipment, DHS will treat approval of the grant application by S1 as the required mitigation technology approval. Should a recipient subsequently submit an amendment after the grant is awarded to acquire mitigation technology that was not part of the original application, this request will also require DHS approval. No grant funds may be obligated or expended for the acquisition, deployment, or operation of mitigation technologies until such approval is granted. Failure to obtain DHS approval may result in suspension or termination of grant funding.

Article 57 Prohibition on Covered Foreign Unmanned Aircraft Systems (UAS)

As a condition of this award, recipients, subrecipients, and their contractors or subcontractors must comply with Section 1825 of the American Security Drone Act of 2023, as enacted in the National Defense Authorization Act for Fiscal Year 2024 (Pub. L. No. 118-31 §§ 1821-33, 41 U.S.C. 3901 note prec.). Federal funds may not be used to procure, operate, or otherwise support any covered unmanned aircraft system (UAS) that is manufactured or assembled by a covered foreign

entity, or in connection with the operation of such a system. For further guidance, refer to Public Law 118-31 and OMB Memorandum M-26-02, Ensuring Government Use of Secure Unmanned Aircraft Systems and Supporting United States Producers.
