CURRENTLY HAVE 6 CARE
PARTNER ROLE OPEN THAT WE
ARE ACTIVELY RECRUITING

DO NOT TRACK THE DIFFERENCES IN TURNOVER, BASED ON LICENSURE

THE REPORTED TURNOVER
RATES INCLUDES CP WHO MOVED
TO OTHER ROLES WITHIN CCA,
NOT NECESSARILY LEFT THE
ORGANIZATION

# Care Partner by Geography

MA	75%
NH	6%
FL	5%*
ME	2%
RI	2%
Others	9%*

<sup>\*</sup> Staff lived in MA when hired and moved during COVID

# Care Partner and Care Team Interaction

# Care partners and clinical team huddle daily

- Discharges
- ED visits
- Escalated needs
- Follow up

# Team meetings weekly

- Readmissions
- Challenges with community services
- Member concerns needing full team input

# How the Care Team Works With Providers

- Staff update the PCP after a hospitalization or a change in status
  - Can be phone calls or secure messaging through their medical record
    - Update on member medical or behavioral health status
    - Request for community services
    - Request for DME/supplies
- Can assist with setting up appointments
- Work with the PCP to close care gaps (mammograms, colonoscopies)

# Matching Member Needs and Preferences to Care Partner

- Primary reason for choosing a care partner
  - Member preference for visit type (in-person/virtual/telephonic)
  - Licensure based on member need, risk
- Secondary reasons, when possible
  - Member language preference, when possible
  - Align to PCP office, when possible
