ORDER OF THE COMMISSIONER OF PUBLIC HEALTH

Public Health Emergency Order No. 2022-06

Issued January 14, 2022

On May 28, 2021, pursuant to Section 2A of Chapter 17 of the General Laws, Governor Charles D. Baker declared that an emergency exists that is detrimental to the public health in the Commonwealth due to the continuing threat of COVID-19, and authorized the Commissioner, with the approval of the Public Health Council, to adopt measures to facilitate COVID-19 testing and vaccination, to mandate special measures to protect higher risk populations or to effectuate continued surveillance of COVID-19, and to respond as necessary to outbreaks of the virus as they may arise.

Consistent with the Governor's May 28, 2021 declaration, on June 9, 2021, the Public Health Council approved and authorized the Commissioner of Public Health to take such actions, incur such liabilities, and establish such rules, requirements and procedures which are necessary to prepare for, respond to, and mitigate the spread of COVID-19 in order to protect the health and welfare of the people of the Commonwealth. Accordingly, having received that authorization from the Council and with the approval of the Governor, I issue the following Order:

Over-the-counter diagnostic SARS-CoV-2 tests approved or authorized via emergency use authorization or otherwise approved or authorized by the U. S. Food and Drug Administration may be made available pursuant to a state-wide standing order issued by the Department of Public Health.

All applicable statutes, regulations, and guidance not inconsistent with this Order remain in effect.

This Order shall remain in effect until rescinded by me or the public health emergency is terminated by the Governor, whichever shall happen first.

IT IS SO ORDERED.

A handwritten signature in cursive script that reads "Margret R. Cooke".
