

## OSCCAR Reports by Fiscal Year-A

**Development Version:** Crystal Reports XI, Service Pack 2

**First Issuance Date:** 5/12/07 as "OSCCAR Reports."

**Modification Date (8/18/07):** Changed use of Region parameter.

**Modification Date (9/24/07):** Changed to allow selection of all, none, or selected charts. Changed to show only one chart per page. Put crosstab first, before charts.

**Parameters:** Location Level (Site, Career Center, Region), Local Office, Career Center, Region, Date Range, Show Which Charts.

**Key Features:** The OSCCAR Reports by Fiscal Year report allows the user to compare OSCCAR Reports across fiscal years for one selected location (a region, a career center, or a local office). The report starts by showing the actual data in a crosstab and then shows results in charts {all, none, or selected charts} at the end of the report. Year to Date totals and Year to Date Visits are displayed in a crosstab that shows all OSCCAR items. The user should select a date range that includes the report end dates of interest. Note that the report is organized by fiscal year only. To see a YTD cumulative report through a specific month for a particular year, select a date range that includes that month only. Note that charts will have only one value on the x-axis if only one month end date is selected.

***This report uses regular letter size paper. If many years are selected, the crosstab may create virtual pages (pages to the right) when viewed on the computer screen. These pages are given a horizontal page number for ease of assembly when printed. The horizontal page numbers are displayed after a hyphen, and the pages should be assembled in this order: Page 1-1, Page 1-2, Page 1-3, Page 2-1, Page 2-2, Page 2-3, etc.***
