INFORMATION AND GUIDANCE

OTA technical staff are available to provide assistance by email, over the phone and at your facility.

OTA also produces technical reports, case studies, fact sheets, and other technical publications.

WORKSHOPS

OTA sponsors and co-sponsors workshops, webinars, demonstration events, and other hands-on educational opportunities.

PROGRAMS AND RESOURCES

ON-SITE ASSISTANCE

Upon request, an OTA team can:

1. Visit your facility to conduct a walk through;
2. Identify opportunities to enhance compliance, improve processes or reduce toxics use and conserve resources;
3. Provide a written report summarizing all findings and recommendations; and
4. Provide follow-up support on recommendations made.

CONFIDENTIALITY

Services are confidential and any information or practices learned during the course of our assistance will not be shared or reported to anyone.
