**ELECTROLOGY OUT OF STATE APPLICATION**  
**CHECKLIST**

Your application must include:

- One 2" x 2" photo
- A copy of your driver's license
- A copy of your Electrologist license from another state
- You must have the state in which you are licensed send a verification (also sometimes called a certification) of your license directly to the Board whether or not your license is current. This verification or certification should indicate the status of your license, information on any pending actions, and any disciplinary information.

NOTE: If you obtained your current license in another state through reciprocity, you must also arrange to have the state where you were originally licensed send the Board a verification of your original license, even if it is expired.

- A money order or check payable to the Commonwealth of Massachusetts in the amount of **\$97**. All money orders must be signed and dated. **\*Application fees are non-refundable.\***
- An official transcript from your Electrology school in an envelope sealed by the school showing the subjects and the number of hours in each subject that you completed, and your graduation from the program. **If your school is closed, and you are unable to provide a transcript, you must include a letter or communication from the State where your school was located confirming that it is closed.**
- Proof of passage of a licensure examination in a state or jurisdiction in the United States. This can be confirmed on the verification letter from your state or your exam score results.
- A notarized Division of Occupational Licensure Criminal Offender Record Information (CORI) Acknowledgment Form.

**APPLICATIONS WITHOUT ALL OF THE ABOVE ITEMS WILL BE  
CONSIDERED INCOMPLETE**

**EXAM REQUIREMENTS:**

**Applicants are required to take an exam if any of the following apply:**

- You do not have a current license in another state or jurisdiction
- You have completed a program in a school substantially equivalent to the Board's requirements, but you do not have a license in any state or jurisdiction
- You have not passed an exam for your license in a state or jurisdiction in the United States
- Your license(s) in another state or jurisdiction have been suspended or revoked at any time.
- Your completed education is less than the Board's required education hours:
  - 1100 hours in Electrology
- You completed your training through an apprenticeship rather than a school
- Your license in another state or jurisdiction does not cover all of the services that the Board's license covers (for example, an Electrologist license that does not cover laser hair removal).
  - Please note that you will also need to go back to school to obtain the Board's required hours in any area that you have not received training in that is applicable to the license you are applying for. For example, if you have an Electrologist license that does not include laser hair removal, you will need to obtain 60 hours in laser hair removal in a school to meet the Board's requirement for an Electrologist license.

**Applicants do not have to take an exam if all the following applies:**

- You have a current license in another state or jurisdiction
- You have obtained a related license by passing an exam in a state or jurisdiction in the United States
- None of your licenses have ever been suspended or revoked
- You have completed a school program substantially equivalent to the Board's requirements (1100 hours in Electrology, including laser hair removal)
- Your current license's scope is equivalent to the scope of practice of the license you are applying for (for example, your Electrologist license from another state must permit you to provide laser hair removal services)
