

# Palmer Station Planning and Design – Public Information Meeting

## What is happening?

MassDOT invites you to a public information meeting on the Palmer Station Planning and Design Project. The project team will provide a presentation of the conceptual design for a potential future rail station in Palmer. There will be time for Q+A following the presentation, with comment forms provided for those who wish to provide written comments. All comments will be taken into consideration as MassDOT advances the design process.

For individuals who are unable to attend, comments and questions may be submitted electronically to [andrew.m.koziol@dot.state.ma.us](mailto:andrew.m.koziol@dot.state.ma.us).

## About the project

As part of MassDOT's Compass Rail program to expand intercity passenger rail in Massachusetts, MassDOT is conducting a study to identify a new passenger rail station along the proposed Compass Rail corridor serving the Town of Palmer and surrounding communities. The proposed new passenger rail station will enhance mobility and connectivity, support local planning goals, and drive economic development.
