

MEMORANDUM

TO: All Retirement Boards
 FROM: John Parsons, Executive Director
 RE: Mandatory Retirement Board Member Training – 1st Quarter 2019
 DATE: January 8, 2019

As you know, Chapter 32 mandates that retirement board members complete training during each year of service on the retirement board. Please note that this requirement has two elements, 18 credits over the course of the member’s term and at least 3 credits in each year of the term. Failure to meet either of these statutory standards will prohibit the member from serving beyond the conclusion of the term for which the training requirement was not met.

As we enter the eighth year of this program, unfortunately, several retirement board members have become ineligible for service on retirement boards due to failure to fulfill the education mandate. We urge board members to utilize the full array of training choices, including on-line opportunities to avoid any problems in this area.
