**Re: Petition Of Safari Communications, Inc. For Designation As An
Eligible Telecommunications Carrier On A Wireless Basis
DTC Case No. 11-4 [NEW FILING]**

Dear Secretary Williams:

Enclosed please find the following documents filed with the Department:

- An original and three (3) copies of the above-captioned verified Petition of Safari Communications, Inc.;
- An original and three (3) copies of a Motion for Admission Pro Hac Vice of Martin C. Rothfelder (including supporting affidavit); and
- A check (check no. 5274) in the amount of \$100 payable to the Commonwealth of Massachusetts as the filing fee for this matter.

An electronic copy of the filing is being delivered to the Department at dtc.efiling@state.ma.us. We are also enclosing one additional copy of the petition. Please stamp and date this copy as "filed" and return it to us in the self-addressed stamped envelope, postage pre-paid provided herewith.

Sincerely,

A handwritten signature in black ink, appearing to read "Martin C. Rothfelder".

Martin C. Rothfelder

MOTION FOR ADMISSION PRO HAC VICE OF MARTIN C. ROTHFELDER

Safari Communications, Inc. ("Safari") requests that the Massachusetts Department of Telecommunications and Cable admit Martin C. Rothfelder, Esq. as counsel *pro hac vice* to appear before the Department on behalf of Safari. In support of this motion, Safari states that Mr. Rothfelder and his firm, Rothfelder Stern, LLC is regularly engaged by in similar matters and Mr. Rothfelder's admission *pro hac vice* is necessary for efficient representation with respect to Safari's petition for ETC status in the Commonwealth. In support of this motion, Safari submits the affidavit Martin C. Rothfelder.

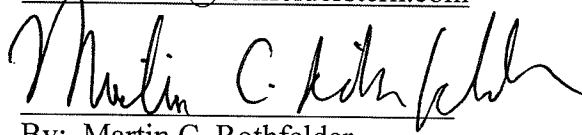

Respectfully submitted,

SAFARI COMMUNICATIONS, INC.

**AFFIDAVIT OF MARTIN C. ROTHFELDER, ESQ.
IN SUPPORT OF
MOTION FOR ADMISSION PRO HAC VICE**

Martin C. Rothfelder, first being duly sworn, deposes and states the following:

1. Safari Communications, Inc. ("Safari") has engaged Rothfelder Stern, L.L.C., of which I am a member, to obtain Eligible Telecommunications Carrier status in Massachusetts and elsewhere. My firm's address and contact information is

Rothfelder Stern, L.L.C
625 Central Avenue
Westfield, NJ 07090
Telephone (908) 301-1211
Facsimile (908) 301-1212
e-mail address: mcrothfelder@rothfelderstern.com.

2. I request admission as counsel *pro hac vice* for the purpose of representing Safari with respect to its petition filed with the Massachusetts Department of Telecommunications and Cable to obtain ETC status in the Commonwealth.

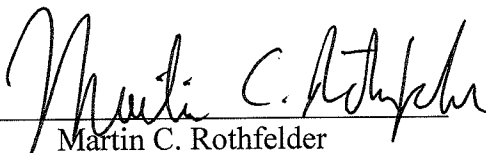

3. I am a licensed attorney in good standing in New Hampshire, New Jersey, Pennsylvania, Missouri and New York. My year of admission and attorney number in each state is listed below:

<u>Date of Admission</u>	<u>State</u>	<u>Attorney Registration No.</u>
1981	Missouri	31794
1987	New Hampshire	2880
1989	New Jersey	41064
2000	Pennsylvania	85479
2003	New York	610158

I have not been the subject of any disciplinary proceedings in the states in which I am admitted to practice law or in any other state.

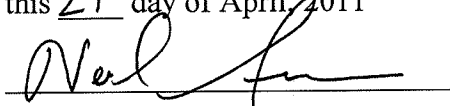

4. I am familiar with, and will follow, the Department's rules, procedures, timetables, and all applicable Massachusetts laws.

5. My practice focuses on telecommunications and energy. I have appeared before the Massachusetts Department of Telecommunications and Energy in Docket 98-38 and Docket 99-11. I have been admitted *pro hac vice* before the Department in docket D.T.C. 11-1 via an order dated March 24, 2011.

DTC Case No. _____

**SAFARI APPLICATION FOR DESIGNATION AS AN ELIGIBLE
TELECOMMUNICATIONS CARRIER ON A WIRELESS BASIS**

Safari Communications, Inc. ("Safari" or "Company"), by and through its undersigned counsel, and pursuant to Section 214(e) of the Telecommunications Act of 1996 (the "1996 Act"), 47 U.S.C. § 214(e) and Federal Communications Commission ("FCC") Universal Services, 47 C.F.R. §§ 54.101 through 54.207 (the "FCC Rules"), hereby requests that the Massachusetts Department of Telecommunications and Cable (the "Department") designate Safari as an Eligible Telecommunications Carrier ("ETC") throughout the Massachusetts Incumbent Local Exchange Carrier ("ILEC") service territory of Verizon New England Inc. (the "Service Area") for the purpose of receiving federal universal service support for wireless services.

The Company seeks ETC designation in Massachusetts as a wireless carrier only for the purpose of receiving low-income universal support, i.e., Lifeline and Link-Up support. The Company does not make application for ETC designation to offer services supported by the federal universal service fund's high-cost program. The Company satisfies all of the statutory and regulatory requirements for designation as an ETC in the requested designated service area. As explained herein, the public interest would be served by granting this petition.

Safari Communications, Inc. is a corporation organized in the State of Florida with its principal offices located at 4915 Dorothy Avenue, Sarasota, FL 34235. **Exhibit A** contains the Articles of Organization.

Correspondence or communications pertaining to this Petition should be directed to:

Email: SafariTom@aol.com

The Company is authorized to do business in Massachusetts. See **Exhibit B**.

Exhibit C contains the resume of the Company's president.

Exhibit D contains a list of the Company's standard customer terms and conditions in connection with its wireless service offering.

In addition to the State of Massachusetts, the Company plans to seek ETC designation in the States of Illinois and California. The Company has never been denied ETC designation by any regulatory authority. The Company does not have any pending actions against it by any regulatory authority.

Upon designation as an ETC, the Company will provide the supported services throughout the requested designated service area and offer Lifeline and Link-Up service to qualified low-income consumers.

I. AUTHORITY FOR DESIGNATION OF AN ETC

Title 47 U.S.C. § 214(e)(2) of the Act provides that a state commission shall upon request designate a common carrier as an eligible telecommunications carrier (ETC) for a service area designated by the state commission. Title 47 U.S.C. § 214(e)(1) provides that an ETC shall be eligible to receive universal service support in accordance with section 254 of the Act and shall, in the service area for which the designation is received, offer the services that are supported by federal universal service support mechanisms under section 254(c), either using its own facilities or a combination of its own facilities and resale of another carrier's services, and shall advertise the availability of such services and their costs using media of general distribution. The Federal Communications Commission has promulgated a list of the services or functionalities that shall be supported by federal universal service support mechanisms at 47 C.F.R. § 54.101.

II. THE COMPANY IS A COMMON CARRIER

The Company will provide CMRS throughout the requested service area, and as a CMRS provider, the Company is regulated as a common carrier under 47 C.F.R. § 20.9.

III. THE COMPANY SHALL OFFER REQUIRED SERVICES

Pursuant to 47 U.S.C. § 214(e)(1)(A) and 47 C.F.R. § 54.201(d)(1), the Company shall, throughout the service area for which designation is received, offer the services that are supported by Federal universal service support mechanisms defined in 47 C.F.R. § 54.101(a). These services are: 1) voice grade access to the public switched network; 2) local usage; 3) dual tone multi-frequency signaling or its functional equivalent; 4) single-party service or its

functional equivalent; 5) access to emergency services; 6) access to operator services; 7) access to interexchange service; 8) access to directory assistance; and 9) toll limitation for qualifying low-income consumers. The Company shall provide these required services.

IV. THE COMPANY SHALL USE ITS OWN FACILITIES, OR A COMBINATION OF ITS OWN FACILITIES AND RESALE OF ANOTHER CARRIER'S SERVICES

Pursuant to 47 U.S.C. § 214(e)(1)(A) and 47 C.F.R. § 54.201(d)(1), the Company shall use its own facilities or a combination of its own facilities and resale of another carrier's services to offer the services that are supported by Federal universal service support mechanisms. The Company has entered into a capital lease agreement with a third party which enables the company to utilize a leased switch to provide one or more of the supported services that are supported by Federal universal service support mechanisms, and which will be used in combination with the network architecture being provided from an underlying wireless provider that the Company obtains at resale. The switching facility is located at 624 S. Grand Avenue, Los Angeles, CA inside a collocation space.

V. THE COMPANY SHALL PROVIDE SERVICE THROUGHOUT THE DESIGNATED SERVICE AREA

Pursuant to 47 U.S.C. § 214(e)(1) and 47 C.F.R. § 54.201(d), the Company shall offer the services that are supported by Federal universal service support mechanisms throughout the service area for which designation is received. In addition, the Company commits to provide service throughout its proposed designated service area to all customers making a reasonable request for service. See 47 C.F.R. § 54.202(a)(1)(i). The Company certifies that it will provide service on a timely basis to requesting customers within the Company's service area where the Company's network already passes the potential customer's premises. See 47 C.F.R. § 54.202(a)(1)(i)(A). The Company certifies that it will provide service within a reasonable period

of time, if the potential customer is within the Company's licensed service area but outside its existing network coverage, if service can be provided at reasonable cost by: 1) modifying or replacing the requesting customer's equipment; 2) deploying a roof-mounted antenna or other equipment; 3) adjusting the nearest cell tower; 4) adjusting network or customer facilities; 5) reselling services from another carrier's facilities to provide service; or 6) employing, leasing or constructing an additional cell site, cell extender, repeater, or other similar equipment. See 47 C.F.R. § 54.202(a)(1)(i)(B).

VI. THE COMPANY WILL ADVERTISE

Pursuant to 47 U.S.C. § 214(e)(1)(B) and 47 C.F.R. § 54.201(d)(2), the Company shall advertise the availability of the services that are supported by Federal universal service support mechanisms and the charges for such services using media of general distribution. The Company may advertise, among other means, via newspaper, mail circular, and radio and target residential customers with its advertising efforts. The Company will advertise in accordance with Department rules. The Company will make a concerted effort to notify municipal, state, and federal governmental agencies whose clientele may likely benefit the most from having the Company designated as an ETC by the Department.

VII. THE COMPANY SHALL MAKE AVAILABLE LIFELINE AND LINK UP SERVICE

Pursuant to 47 C.F.R. § 54.405 and 47 C.F.R. § 54.411(d), the Company shall make available Lifeline and Link Up service to qualifying low-income consumers and publicize the availability of Lifeline and Link Up service in a manner reasonably designed to reach those likely to qualify for the service.

VIII. SERVICE AREA FOR WHICH DESIGNATION IS REQUESTED

The Company requests ETC designation throughout the service territory of Verizon New England, Inc., which constitute non-rural exchanges. Through its contractual arrangements with its underlying carriers, the Company will provide service in this Service Area.

IX. EMERGENCY SITUATIONS

Pursuant to 47 C.F.R. § 54.202(a)(2), a carrier seeking ETC designation must demonstrate its ability to remain functional in emergency situations, including a demonstration that it has a reasonable amount of back-up power to ensure functionality without an external power source, is able to reroute traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations.

Since the Company is providing service to its customers through the use of facilities obtained from other carriers, this arrangement allows the Company to provide to its customers the same ability to remain functional in emergency situations as currently provided by the carriers to their own customers, including access to back-up power to provide functionality without an external power source, rerouting of traffic around damage facilities, and the capability of managing traffic spikes resulting from emergency situations.

X. CONSUMER PROTECTION AND SERVICE QUALITY STANDARDS

Pursuant to 47 C.F.R. § 54.202(a)(3), a carrier seeking ETC designation must demonstrate that it will satisfy applicable consumer protection and service quality standards. The Company commits to comply with the Cellular Telecommunications and Internet Association's Consumer Code for Wireless Service.

XI. DESIGNATION OF THE COMPANY AS AN ETC IS IN THE PUBLIC INTEREST

Competition furthers the goals of telecommunications service and provides the consumer with a greater choice of providers and service choices, which will in turn result in market-driven prices and quality. Granting the Company ETC status would advance principles of customer service by providing increased competition and is therefore in the public interest. In addition, as a wireless provider, the Company can often serve a larger local calling area than a traditional wireline provider and afford the customer the convenience of telephony mobility.

The designation of the Company as an ETC will offer Lifeline-eligible customers a greater choice of providers for accessing telecommunications services not available to such customers today and should likely expand participation of qualifying customers in the Lifeline program.

XII. 5-YEAR PLAN

Pursuant to 47 C.F.R. § 54.202(a)(1)(ii), a carrier seeking ETC designation must submit a five-year plan that describes proposed improvements or upgrades to the Company's network on a wire center-by-wire center basis. Because the Company seeks ETC designation solely for purposes of reimbursement for provision of subsidized Lifeline and Link Up services to eligible customers, submission of a five-year plan is not required at this time.

XIII. LOCAL USAGE PLAN

Pursuant to 47 C.F.R. § 54.202(a)(4), a carrier seeking ETC designation must demonstrate that it offers a local usage plan comparable to the one offered by the incumbent LEC in the service areas for which it seeks designation. The Company's offering of local usage plans will be comparable to or exceed the underlying ILEC plans. See Section XIV.

XIV. SUMMARY OF OFFERING

A. Lifeline

Under the Company's wireless Lifeline plan, the Company will provide qualified Lifeline customers who reside in the Service Area with 100 minutes of free anytime local and long distance minutes each month and will use all low-income universal service support to allow the Company to provide the service with no monthly recurring charge, thus ensuring that the consumer receives 100% of all universal service support funding for which the Company will seek reimbursement from the Universal Service Fund necessary to provide the free minutes of airtime above. In the event that all airtime has been used, Lifeline Customers will have the ability to purchase additional time. Current pricing ranges from 35 minutes at \$5.00 to 700 minutes at \$50. Customers can purchase additional minutes by calling into customer service and paying for minutes using a debit or credit card.

The wireless plan will also include a free handset and the following Custom Calling features:

- (1) Caller ID;
- (2) Call Waiting;
- (3) Call Forwarding;
- (4) 3-Way Calling; and
- (5) Voicemail.

Wireless handsets will be delivered at no charge to qualifying customers, service will be activated, and the requisite number of minutes will be added upon certification of the customer for Lifeline and Link-Up.

B. Link Up

Under 47 C.F.R. § 54.411(a)(1), Link Up is an assistance program for qualifying low-income consumers that an ETC shall offer as part of the provision of services supported by the federal universal service support mechanism and consists of a reduction in the carrier's customary charge for commencing telecommunications service for a single telecommunications connection at a consumer's principal place of residence. The reduction shall be half of the customary charge or \$30.00, whichever is less. The Company will be reducing its activation charge by \$30.00. The company will give a \$30 promotional discount to offset the remaining balance on the connection fee.

XV. EQUAL ACCESS

Pursuant to 47 C.F.R. § 54.202(a)(5), the Company certifies that it may be required to provide equal access to long distance carriers in the event that no other ETC is providing equal access within the service area.

XVI. CONSUMER CERTIFICATION

Consistent with 47 C.F.R. § 54.409, the Company obtains a consumer's signature on a document under penalty of perjury that the consumer receives benefits under an approved assistance program or that the consumers' household meets applicable income requirements; and that the consumer will notify the Company if the consumer ceases participation in a program or his income criteria exceeds approved thresholds. The Company shall obtain this certification annually and shall put in place quality control mechanisms to ensure that only eligible consumers are participating in Lifeline and Link Up.

XVII. ANNUAL REPORTING REQUIREMENTS

The Company shall comply with all annual reporting requirements for designated ETCs listed in 47 C.F.R. § 54.209, as applicable.

XVIII. CONCLUSION

WHEREFORE, the Company respectfully requests designation as an ETC for purposes of receiving federal universal service support, that the Department send appropriate notice of the Final Order to the Federal Communications Commission, and that the Department issue such other orders as are deemed necessary in this matter.

Respectfully submitted,

Safari Communications, Inc.

Objective

To own and operate a professional, successful Competitive Local Exchange Carrier.

Qualifications

Motivated, personable professional with a talent for quickly mastering technology useful to the average Competitive Local Exchange Carrier (CLEC), such as AT&T LENS programs, Quickbooks and Call Queue software.

Diplomatic and tactful with professionals and non-professionals at all levels.

Experienced in Accounting- maintaining accurate profit and loss, fiscal planning and budgeting funds per department based off previous budget and future projections.

Accustomed to handling sensitive, confidential records- demonstrated history of producing accurate, timely reports, meeting strict deadlines, and maintaining relationships across several vendors.

Flexible and versatile – able to maintain a tactful, calm environment under pressure.

Competent with demonstrated ability to easily transcend cultural differences.

Thrive in deadline-driven environments with excellent team-building skills.

Education

(PARAMEDIC DEGREE HERE)

CENTRAL FLORIDA COMMUNITY COLLEGE – OCALA, FL

Associate of Arts Degree, 2001

GPA: 3.9/4.0

J.SERGEANT REYNOLDS COMMUNITY COLLEGE – RICHMOND, VA

GPA: 4.0/4.0 Law Enforcement Certification

DOUGLAS FREEMAN HS – OCALA, FL

High School Diploma, 1993

GPA: 3.85/3.9

Relevant Experience

THE BUTLER COMPANY, INC – Florida statewide Territory Manager, 1999 to 2004

Management of all aspects of operation to include: Facility rental/maintenance, employee scheduling for busy office averaging 50+ employees, finances related to accounts payable/receivable, invoicing, billing, budgeting.

Supervision of a total of six departments: Customer Service, Administration, Human Resources, Accounting, Marketing, and Compliance

Preparation of complex reports for company owners, showing profit and loss, company summaries, accounts gained and lost, meeting all requirements and tight deadlines.

HI-TECH COMMUNICATIONS– Ocala, FL. General Manager, 1996 to 2000

Assisted with launch of a thriving business, building substantial revenue in a 4 year period of time with minimal overhead.

Created special promotions, create bill inserts, market referrals- communicating with Billing Company and Marketing specialists.

Developed successful customer focused marketing campaigns exceeding the previous average of return and an increased customer base by 20%

Created Relationships with many vendors useful to the average cellular telephone/paging system provider.

Facilitated Time Tasks to track employee workload and adequately staff, ensured employee time clocks with accurate hours reported.

Timely handling of all Public Service Commission Complaints, Better Business Bureau Complaints.

Managed and delegated customer Call Queue to timely response to customer calls and reduced hold time.

Coverage Maps

You will find coverage maps on our website. These maps are for general informational purposes only. Safari Communications does not guarantee coverage or service availability. Even within a coverage area, factors such as terrain, weather, structures, foliage, signal strength, traffic volumes, service outages, network changes, technical limitations, and your equipment may interfere with actual service, quality and availability. Thus, it is possible your phone will roam even in the area depicted as your home calling area. Actual coverage and service areas may vary from the maps and may change without notice.

Roaming

"Roaming" occurs when a subscriber of one wireless service provider uses the facilities of another wireless service provider. Roaming most often occurs when you make and receive calls outside the home calling area. When your Safari Communications wireless handset is roaming, an indicator light on your handset may display the word "Roam" or "RM" on the screen while the phone is not in use. Availability, quality of coverage and Services while roaming are not guaranteed. Roaming is not available on current Safari plans.

Minute Usage

Airtime minutes will be deducted for all time during which your Safari Communications wireless phone is connected to, or using, the wireless system of any Carrier. Use of wireless minutes typically begins when you press the "call" or other key to initiate or answer a call and does not end until you press the "end" key or the call is terminated. Airtime minutes are deducted for all incoming and outgoing calls, including incoming call waiting calls, calls to toll free numbers, 411, Customer Service, and to access your voice mail. Airtime minutes are deducted for all text messages sent and all incoming text messages which are opened. For outbound calls, you may be charged airtime for incomplete and/or busy-no answer calls. Airtime minutes are deducted in full unit increments; partial minutes are rounded up to the next minute. Airtime minutes will also be deducted for use of other services such as text messaging and accessing the Mobile Web ("WAP"). No credit or refund is given for dropped calls.

Adding Minutes

Your Safari Communications wireless handsets will only operate when you have airtime minutes available on the handset. If you run out of your free monthly allotment of airtime minutes, you may purchase and add airtime minutes to your phone. Additional minutes may be added by calling Safari Communications 's wireless customer service line.

911/Emergency Calls

If you are in an area where your Safari Communications mobile handset is searching for a wireless signal or there is no wireless signal or wireless service, it is highly probable that a call to 911 will not go through. Do not rely solely on your Safari Communications wireless handset in an emergency situation. In an emergency, locate the nearest landline phone and call for help.
