a. Effective February 24, 2020, the following agent will be added to the MassHealth Brand Name Preferred Over Generic Drug List.
   - Symbicort (budesonide/formoterol)BP – PA

b. Effective February 24, 2020, the following agent will be removed from the MassHealth Brand Name Preferred Over Generic Drug List.
   - Zytiga (abiraterone 250 mg, 500 mg) – PA

Legend

PA Prior authorization is required. The prescriber must obtain prior authorization for the drug in order for the pharmacy to receive payment. Note: PA applies to both the brand-name and the FDA “A”-rated generic equivalent of listed product.

# Designates a brand-name drug with FDA “A”-rated generic equivalents. Prior authorization is required for the brand, unless a particular form of that drug (for example, tablet, capsule, or liquid) does not have an FDA “A”-rated generic equivalent.

BP Brand preferred over generic equivalents. In general, MassHealth requires a trial of the preferred drug or clinical rationale for prescribing the nonpreferred drug generic equivalent.

^ Available through the health care professional who administers the drug. MassHealth does not pay for this drug to be dispensed through a retail pharmacy.
