

Pharmacy Professionals- Are you looking to become more active in your community?

The SHINE Program wants you!!

SHINE (Serving the Health Insurance Needs of Everyone) provides free health insurance information, counseling and assistance to Massachusetts residents with Medicare.

SHINE Counselors are trained and certified by the Massachusetts Executive Office of Elder Affairs to support Medicare beneficiaries when selecting their health and prescription drug coverage, and to screen individuals with limited resources to determine their eligibility for various programs.

Why do pharmacy professionals make great SHINE counselors?

- They are natural community advocates
- They possess the ability to process and communicate complex information
- They have a deep knowledge of prescription drugs and health insurance options
- They are skilled at working with the public and with older adults.

SHINE certification can also enhance the pharmacy professional's role in serving their patients, by expanding their knowledge of Medicare coverage.

We are inviting pharmacy professionals across the Commonwealth, whether active or retired, to learn more about SHINE and see if it's the right opportunity for you.

For more information on becoming a SHINE counselor, please register for one of our upcoming information sessions:
