LOCAL HOUSING AUTHORITY HOUSING NOW PROGRAM**

Local Housing Authority Housing Now Program

I. BACKGROUND AND FUNDING AVAILABILITY

The Executive Office of Housing and Livable Communities (EOHLC) is committed to supporting the stability and well-being of residents living in the Commonwealth. The Local Housing Authority Transitional Housing Program (THP) supported our most vulnerable families to minimize their length of stay in Emergency Assistance shelter and achieve housing stability in c. 200 and c. 705 family public housing developments.

EOHLC is pleased to announce a Notice of Funding Availability for the evolution of THP to Local Housing Authority Housing Now (Housing Now). Housing Now provides funding to assist families experiencing homelessness in transitioning to state-aided c.200 and c.705 housing developments. Housing Now serves families through direct referral from EA shelters to Local Housing Authorities (LHAs), rather than through application to state-aided public housing waiting list. LHAs place these families in set-aside units under one of two models:

- 1) **Transitional Housing** provides short-term transitional housing services within state-aided housing developments to families experiencing homelessness to create new sustainable tenancies upon program exit. EOHLC administers the transitional program through LHAs and the Emergency Assistance (EA) program.

This model is best suited for families who need additional short-term support (up to 9 months) to succeed in maintaining employment, developing daily living skills, such as money management, developing appropriate tenancy related skills and addressing other issues that may be impediments to becoming self-sufficient. This may include such barriers as domestic violence, health issues, academic deficiencies and personal debt. EOHLC will fund ongoing services to these families to help them overcome barriers and maintain tenancies and provide a unit fee.

- 2) Under a **Housing First** model, LHA places families from EA-funded shelters, hotels, and motels directly into long-term tenancies. EOHLC will fund ongoing services to these families to help them overcome barriers and maintain tenancies, while the unit will continue to receive operating subsidy and the family will pay rent as public housing tenants immediately.

II. PROGRAM DETAILS

Potential Housing Now families are identified by EA case workers and through direct referral from EA shelters to Housing Authorities considered for screening. Families coming into the program must still meet state-aided public housing eligibility and qualification requirements as set out in 760 CMR 5.00 (including CORI). Referred households are screened by an LHA case manager who will perform an assessment to determine if the program can meet the needs of the family. Once an eligibility decision is made, the LHA case manager contacts the referral source and family to inform them of the eligibility decision.

- 1) Transitional Housing Model

Families who are accepted into the program are required to sign a Program Participation and License Agreement, as well as the Uniform Shelter Program Rules form which details the

conditions by which Participant Families must abide by in order to remain in the program¹. Each family must also enter into a Housing Now Re-Housing Plan developed jointly by the Case Manager and the family. The Housing Now Re-Housing Plan outlines the specific goals a family must meet in order to graduate from the program. Once a Participant Family completes the Housing Now Re-Housing Plan, they are offered a public housing unit by the sponsoring LHA and enter into a lease. Housing Now also provides six months of stabilization services for each family that completes the Program to ensure that they transition successfully from transitional housing to permanent housing.

In the rare cases where families do not succeed in the transitional housing model (does not apply to a Housing First program model), termination follows the EA termination process. EOHLC will fund ongoing services to these families to help them overcome barriers and maintain tenancies and provided a unit fee.

See attached template (Attachment A).

2) Housing First Model

Families who are accepted into the program are required to sign a lease with the housing authority and assume all rights and responsibilities as a tenant. Each family must also enter into a Housing Now Plan developed jointly by the Case Manager and the family. The Housing Now Plan outlines the goals and services a family may need.

Housing Now families are tenants and removal of the tenant from the unit would need to follow the lease and applicable housing laws. Housing Now families would not follow the EA termination process.

EOHLC will fund ongoing services to these families through an agreed upon service fee, while the unit will continue to receive operating subsidy and the family will immediately pay rent as state-aided public housing tenants, in accordance with 760 CMR 5.00 and 760 CMR 6.00.

See attached template (Attachment B).

Both Models EOHLC will make these award increases for a period of five years (starting in FY25, through FY30). Once a LHA receives an award of a first year of funding or funding increase, the LHA will not need to reapply for the additional years of funding (if available).

LHAs are encouraged to submit proposals as soon as possible. Submissions will be accepted until July 5th, 2024. EOHLC anticipates contracting a maximum of 99 units to the program as subject to funding availability.

EOHLC provides funding to participating LHAs to administer Housing Now. These funds are used to cover program costs including case management, occupancy and administrative costs and support services. Note that EOHLC will continue to pay operating subsidy for these units, net of rental income. EOHLC will compensate LHAs operating Housing Now based on an approved budget which may reflect

¹ A Housing First model would have the family sign a lease with the housing authority and start a tenancy.

unique expenses due to program offerings, region and location in the state. EOHLC anticipates budgeted costs will conform to the ranges below:

- EOHLC will provide to the LHA (for both the THP and Housing First programs) a service rate ranging from \$600 - \$1,100 per month/family for support services.
- For transitional housing models only, EOHLC will pay a unit rate for the public housing units at least equal to the amount that the LHA would receive if the unit were rented as a public housing unit.
- For Housing First models, the LHA will collect the tenant portion of rent from the Housing Now participant/ LHA tenant, comparable to any other public housing tenant.

III. GRANT AWARDS

Eligibility Criteria

To be eligible for funding, LHAs must agree to operate the program in accordance with Program Guidelines or an agreed upon Housing First model. EOHLC will grant awards to LHAs that meet the following threshold criteria:

- LHAs must administer c. 200 and/or c. 705 family state-aided public housing.
- LHAs must dedicate at least 7 units of state-aided family public housing to the program
- LHAs have demonstrated experience working with EA shelter providers and households exiting shelter.
- Housing Now is a continuous program. As a result, it is expected that if operating a Transitional Housing model, once the transitional period has concluded for one family and they are a permanent tenant at the LHA, another unit is made available for the next eligible family household for Housing Now. If operating a Housing First Model, the LHA can propose a placement rate to fill units available for Housing Now referrals. For example, an LHA could propose to fill one (1) unit with a Housing Now referral for every five (5) vacancies.
- The Participating LHA shall provide adequate staffing for this Program which may include the following positions: project coordinator, case manager and, depending on the size of the program, a family aide.
- The Board supports the LHAs participation in Housing Now, as evidenced by a Board vote.
- LHAs must agree to operate the program in accordance with Program Guidelines.
- EOHLC strongly encourages current LHAs participating in the existing Transitional Housing Program to apply, but all applications will be evaluated on their merits. EOHLC will limit awards to the number of units dedicated to the program as of Jan 1, 2023.

Award Limits

LHAs that are awarded Housing Now funding will be eligible for funding starting in FY25, through FY30. EOHLC will implement the budget exemption to reflect the award at the start of the LHA fiscal year starting on or around July 1, 2024.

EOHLC encourages LHAs to identify leveraged or in-kind funds to use in conjunction with Housing Now funds to support staffing plan. LHAs will be required to include any awarded Housing Now funds in their state-aided program's operating budget, regardless of whether the LHA is a surplus or deficit housing authority.

Criteria for Prioritizing Awards

EOHLC anticipates that there will be more requests for funding than there will be funds available for new awards and will therefore evaluate applications according to the following considerations:

- Length of time and depth of experience as a participant in the Transitional Housing Program
- Size of public housing portfolio (or combined size of public housing portfolio if regional application);
- Length of time and depth of experience providing resident support services;
- Length of time and depth of experience working with EA shelter providers and households exiting shelter;
- Shelter demand in the EA region;
- Availability of public transportation;
- Evidence of strong community relationships with Continuum of Cares (CoCs), public schools, and other relevant organizations;
- Proposed use of a Housing First model.

Application Process

To apply for funding, LHAs requesting to join the Housing Now program must send complete applications to EOHLCPublicHousing@mass.gov with the subject “Housing Now NOFA Application (LHA name)” by July 5, 2024.

The application must include an LHA program proposal applying for funding to administer the Housing Now including, budget, proposed timeline, proposed programs, and if applicable partnerships with other LHAs.
