# PHN 2025-14

To: All Local Housing Authority (LHA) Executive Directors

From: Fatima Razzaq, Acting Director, Division of Public Housing

**Document Name:** Public Housing Innovations 2026 Notice of Funding Availability

**COMMBUYS BID Number**: BD-26-1076-OCDDE-PH005-122710

Agency Document Number: EOHLC2026-41 Public Housing Innovations NOFA 2026

Date: November 14, 2025

Please Note: This is a single document associated with a complete Bid (also referred to as a Notice of Funding Availability (NOFA), Procurement, or Solicitation) issued by the Executive Office of Housing and Livable Communities (Executive Office, EOHLC, or HLC) that can be found on COMMBUYS (www.COMMBUYS.com). All Bidders (also referred to as Respondents or Applicants) are responsible for reviewing and adhering to all information, forms and requirements for the entire Bid, which are all incorporated into the Bid. Bidders may also contact the OSD Help Desk Helpdesk at OSDHelpDesk@mass.gov or the OSD Helpline at 1-888-MA-STATE. The Helpline is generally staffed from 8:00 AM to 5:00 PM Monday through Friday Eastern Standard or Daylight time, as applicable, except on federal, state and Suffolk County holidays.

The terms of <u>815 CMR 2.00</u>, State Grants, Federal Grant Awards, Federal Subgrants and Subsidies are incorporated by reference into this NOFA. Contract and fiscal requirement terms used in this NOFA shall have the meanings defined in <u>815 CMR 2.00</u>.

### I. Program Description

The Public Housing Innovations Notice of Funding Availability (PHI 2026 NOFA) offers an updated program for Local Housing Authorities (LHAs) to request capital funding for the transformation of state-aided public housing developments. These funds are authorized by the Public Housing Innovations Demonstration Program (PHIDP) as enacted in the 2008, 2013, 2018 Housing Bond bills, and the 2024 Affordable Homes Act and in accordance with 760 CMR 63.

PHIDP provides for awards that fund rehabilitation and redevelopment of state-aided public housing, using innovative methods including, but not limited to, mixed-income redevelopment including market-rate production,

alternate funding sources with new management or capital structures potentially including affordable housing production, or conversion to federal public housing. The program aims to develop and promote an innovative and cost-effective means of modernizing and preserving public housing while producing net new housing units and reducing or eliminating the need for future state capital and/or operating subsidies for the development.

EOHLC offers annual funding rounds for public housing redevelopment, aligned approximately with the recurring timeline for Housing Development's Affordable Housing Competition for Rental Projects "Winter Rental Round."

# II. Program Updates

This notice makes the following program updates:

- This NOFA offers approximately \$25M of capital funding for one or more state-aided public housing redevelopment projects. In addition, this NOFA will offer predevelopment awards to help develop and sustain a pipeline of early-stage redevelopment projects. Unfortunately, EOHLC will not be able to offer any Moving To Work (MTW), Massachusetts Rental Voucher Program (MRVP), or Housing Choice Vouchers (HCV) this year as we have in the past.
- LHAs with Faircloth authority can still obtain federal vouchers if approved through HUD's Restore-Rebuild program as part of a RAD conversion. In addition, LHAs with sufficient federal reserves may also apply for rent augmentations to further boost rent payment standards up to 110% of the HUD listed FMR. Subject to EOHLC and HUD approval, LHAs that maintain a federal portfolio but do not possess Faircloth authority may be able to partner with LHAs that do, to utilize this authority for the project. This NOFA will prioritize applications that are able to federalize state-aided public housing developments.
- In cases where federal vouchers are not available, EOHLC may continue to support the replacement of state-aided public housing units through on-going operating subsidy payments. On a case-by-case basis, EOHLC may provide payments in excess of the standard operating subsidy for exceptional projects that meet the goals of this NOFA.
- LHAs are encouraged to contribute equity to redevelopment proposals by pledging the estimated market
  value of LHA owned surplus land and/or scattered site c. 705 and similar developments that are in need of
  significant capital improvement. Any units that are proposed to be disposed of must have a plan for
  replacement in the proposed redevelopment project. These additional sources can be particularly useful in
  cases where vouchers are not available for redevelopment.
- Redevelopment proposals that require significant infrastructure improvements may apply to the HousingWorks Infrastructure Program (HWIP) (and up to 11 other competitive grant programs) via the Commonwealth's <a href="Commonwealth's Community One Stop for Growth">Commonwealth's Community One Stop for Growth</a> application.
- The PHI 2026 NOFA will offer all related funding from the Divisions of Public Housing and Rental Assistance through one application.
- Project proposals submitted through this NOFA that require resources awarded through the Winter Rental Round (tax credits and affordable housing production subsidies) must submit applications to **both** NOFAs so that the Divisions may review the overall funding request in a comprehensive manner.

### III. Available Funds (2026)

- Up to \$25M in PHIDP capital funds;
- All contracts and awards are subject to the availability of funding and the Commonwealth Bill Paying policy.
- LHAs may request up to \$350,000 per replacement public housing unit. EOHLC will not release full funding until the projects have reached financial closing. Early-stage redevelopment proposals may apply for up to

- \$400,000 in predevelopment awards to help pay for architectural, zoning and due diligence costs accrued during the predevelopment project stages.
- While these limits apply only to funds awarded through this NOFA, EOHLC will review total funding requests across the PHI 2026 NOFA and Housing Development Winter Rental Round NOFAs and will prioritize projects that minimize draw on state administered resources, including tax credits/private activity bond allocation and soft debt and project-based vouchers.

# IV. Program Application Timeline

Pre-Applications due: January 7, 2026 by 5pm

Invitations to submit final applications: January 2026 Final Applications due: March 13, 2026 by 5pm

Please upload all required application documents (itemized below) to a file-sharing site such as Dropbox and grant access to anyone with the link. Email the link to <a href="mailto:EOHLCPublicHousing@mass.gov">EOHLCPublicHousing@mass.gov</a> with the subject <a href="mailto:">"PHI 2026</a> NOFA Application (LHA name)"

Awards made: Spring 2026

# V. Program Details

Public Housing Innovations 2026 will provide up to a maximum of \$350,000 per replacement state-aided public housing unit in planning, design, and construction funding to LHAs proposing to redevelop their state-aided public housing development. Projects should reduce or eliminate the need for EOHLC funded capital and/or operating costs in perpetuity. This program seeks projects that will physically revitalize and financially stabilize state-aided public housing developments, ensuring their long-term viability while also allowing existing state capital and operating funds to be more effectively used on the smaller remaining statewide portfolio. EOHLC also seeks to address the housing supply crisis when funding these comprehensive redevelopments and will **only** consider projects that propose additional housing units in the course of the redevelopment, whether affordable or market rate.

The redevelopment goals set forth in this NOFA may be achieved in a number of different ways. Models include but are not limited to the following (or some combination thereof):

- **Mixed-Finance:** Leveraging public and private resources into the project's capital sources. These sources may include tax credit equity, debt leveraged from subsidized rents, and local funds.
- **Mixed-Income**: Intermixing public housing units with non-public housing units, including other low-income housing and/or market rate housing units.
- **Federalization**: Converting eligible state-funded family and elderly developments to federal funding and oversight at LHAs that have capacity to federalize units under the <u>HUD Faircloth limit</u>, or are eligible to receive Faircloth authority from another LHA. This can include Restore Rebuild projects previously known as Faircloth to Rental Assistance Demonstration (RAD) conversions.
- Non-Tax Credit Projects Smaller projects that substitute greater amounts of local funding sources
  including LHA owned surplus land and/or the value of existing c. 705 units in need of significant repair to
  leverage more private debt may be eligible for PHI 2026 capital in excess of the \$350,000 per unit limit.
   EOHLC will review all proposals that pursue the goals of this NOFA, and proposals can combine the above
  models or suggest alternative concepts.

All proposals must adhere to the following rules:

### **Project Requirements:**

- As part of the redevelopment, all state-aided public housing units must be replaced on a 1:1 basis with
  equivalent permanently affordable units in perpetuity; reduction of deeply affordable units will not be
  considered.
- Chapter 200, 667, and 705 developments are eligible. Chapter 689 and 167 housing is not eligible.
- Project design must adhere to the <u>EOHLC Design Guidelines for New Construction</u>. Waivers may be granted on a case-by-case basis, subject to EOHLC discretion.
  - Projects must include net-new housing production, whether affordable or market rate. These new
    units should be funded primarily with sources outside this NOFA. Public Housing capital will not be
    available for construction of non-public housing replacement units or for expansion of the number of
    public housing units, except those that meet the conditions set out in PHN 2019-20.
    - Acceptable sources of leveraged funding include:
      - State LIHTC (must be requested through the <u>Affordable Housing Competition for Rental Projects)</u>
      - 4% LIHTC with tax-exempt bond financing through MassHousing or MassDevelopment. Applicants requesting volume cap should have initial conversations with MassHousing or MassDevelopment, and **must** inform EOHLC in their pre-application if a formal application or award has been made.
      - Private equity
      - Private debt
      - ☐ EOHLC Soft Debt: a limited amount of EOHLC Development funding may be available to fund proposed production of net-new affordable units. LHAs must apply through the Affordable Housing Competition for Rental Projects (Winter Rental Round).
      - ☐ Local HOME/Community Development Block Grant (CDBG)
      - Local Community Preservation Act (CPA) funding
      - HCV vouchers controlled by the applicant LHA. Projects that restrict use of HCV to net-new affordable units will be scored more favorably.
      - MRVP or HCVs provided by LHAs that can project-base a sufficient number of their own vouchers to meet the needs of the project. (EOHLC will not award new vouchers)
      - MassWorks or HousingWorks
      - Projected sales proceeds from LHA owned surplus land or c. 705 units
      - Other funds, on a case-by-case basis subject to EOHLC discretion and funding availability.
- Project Budgets must **not** include:
  - State HOME/CDBG funds
  - HDIP
  - 9% LIHTC
- Projects contemplating the inclusion of state LIHTC or Housing Development soft debt must apply for the
  Winter Rental Round in EOHLC's Division of Housing Development. LHAs should only apply for these funds
  if they are proposing a significant number of net new income-restricted units. This funding is highly
  competitive.

- Projects must demonstrate achievement of long-term financial stability that eliminates the need for future EOHLC public housing capital funding. Projects that also reduce or eliminate the need for future EOHLC operating subsidy will be scored more favorably.
- Projects that propose to convert existing state-aided public housing units to a federal subsidy (i.e.
  federal Section 8 Vouchers, or a RAD conversion) should note that the units will no longer be subject to
  EOHLC oversight or eligible for EOHLC public housing funding, and will be considered Federalized per
  M.G.L. c. 121B, § 34.
- Projects proposing a new ownership structure must ensure that property management structure preserves
  public housing affordability and long-term tenant protections in perpetuity for residents in replacement
  units.
- Project management agreements with development partners should ensure that LHAs continue to manage
  the tenant selection process for units that continue to receive EOHLC operating subsidy and are subject to
  the state-aided public housing tenant selection requirements contained in 760 CMR 5.00, as administered
  through the CHAMP application process.
- Projects should assume that Prevailing Wage will apply to the entire project, including any possible construction of market-rate units.
- Projects will be subject to the tenant protection requirements of Section 35 of <u>Chapter 150 of the Acts of 2024</u> (Affordable Homes Act).
- Projects should incorporate procurement flexibilities granted through <u>Chapter 268 of the Acts of 2022</u>, as summarized via PHN 2023-04.

#### Use of Funds:

- Public Housing Innovations grant funds may only be used for state-aided public housing projects undertaken pursuant to clause (j) of M.G.L. c. 121B, § 26
- Up to 10% or \$1M, whichever is less, of final capital award may be spent on a reimbursement basis in advance of closing on predevelopment costs in mixed-finance projects, including feasibility, design, legal work, and resident engagement. All disbursements will be made at the discretion of EOHLC and EOHLC will only make the balance of the capital award available upon financial closing of the project. EOHLC may, on a case-by-case basis, allow a higher share of PHI funds to go to predevelopment if the LHA does not have a development partner.

### **Pre-Application Proposal Requirements**

Pre-Application Proposals are due to EOHLC by January 7, 2026. They should be no longer than 10 pages, and must include descriptions of the following:

#### 1. Scope:

- 1. Description of development and current site conditions
- 2. Proposed scope and concept of project including utilities and infrastructure needs
- 3. Anticipated relocation needs
- 4. Feasibility issues to be addressed
- 5. Schedule of major project milestones
- 6. If applicable, description of proposed new ownership structure

#### 2. Cost:

1. A Sources/Uses development proforma and the basis for project estimate. All site related costs associated with environmental remediation and infrastructure upgrades on and off site that are required to construct the project must be included within this statement.

2. Financing plan and schedule including dates for application and expected award timeline for each source of funding.

#### 3. Team:

- 1. Experience of current team members
- 2. If applicable, developer partner. EOHLC will only consider applicants that (1) have already properly procured a development partner and/or (2) are developing themselves through an affiliate and with the help of a development consultant. LHA and consultant teams that have not procured a development partner will still be eligible for predevelopment funding awards.

### 4. Other Project Benefits (as applicable):

- 1. Net-new affordable units
- 2. Sustainable design components
- 3. Resiliency to climate change hazards
- 4. Economic mobility or neighborhood revitalization
- 5. Accessibility and community amenities

Any LHA planning to request any resources from the Winter Rental Round must also submit a pre-application to EOHLC's Division of Housing Development. Projects that do not require tax credits or soft debt may not need to submit an application through the Division of Housing Development but should call this out in their pre-application proposal to the Division of Public Housing. EOHLC will not consider projects for funding that do not file preapplications for all funding requested.

#### Final Proposal Requirements

Projects that are invited to submit a formal application will be expected to submit a full project proposal. Required submission items are:

- 1. Narrative Cover Letter (10 pages max) describing goals of project including overall building program, gross square footage, unit count & types, amenities, and building design concept
- 2. One-Stop funding application, including
  - a A Sources/Uses development proforma (provide in Excel)
  - b A 20-year operating proforma (provide in Excel)
- 3. A detailed development schedule, including expected dates of funding and local approvals
- 4. Market assessment (if project involves market-rate units)
- 5. Photos of existing site
- 6. Site plan of existing site
- 7. Site plan of proposed project including any utility infrastructure upgrades
- 8. Copy of RFP used to select developer co-applicant, if applicable, and any addenda and attachments thereto.
  - a. <u>This template Request for Proposals (RFP)</u> was created for the original Partnership to Expand Housing Opportunities program and may be adapted for use with this NOFA.
- 9. Copy of selected developer's response to RFP, if applicable
- 10. Memorandum of Understanding with the developer co-applicant, if applicable
- 11. An LHA Board vote approving the program application, as evidenced by a certified extract from the minutes of the Board meeting

12. A letter from the head of any resident association or local tenant organization(s) or representative of tenants demonstrates evidence of compliance with tenant participation regulations (760 CMR 6.00). If no letter can be obtained, then the LHA executive director may instead submit a letter certifying that tenants were involved in setting the needs and priorities of the application

Proposals that include a mixed-income or mixed-finance component are encouraged to procure a developer partner and must do so pursuant to a c. 30B-compliant RFP or Request for Quotes (RFQ) process by the time of pre-application. The developer should have demonstrated success in developing affordable housing, and if the project includes market-rate housing, the developer should have experience with developing mixed-income communities. The RFP or RFQ must specify that the LHA intends to dispose of the property at a cost exceeding \$35,000, and that it will comply with the requirements of M.G.L. c. 30B, Sec. 16. The LHA will need to secure a third-party valuation of the parcel before final disposition. EOHLC will consider applications where the LHA plans to serve as the developer themselves through an affiliate, but the LHA must demonstrate that it has the development experience (or experienced development consultants) to advance the project and the necessary balance sheet to attract funding.

M.G.L. c. 121B, § 34, as amended by c. 268 of the Acts of 2022, relieves public housing redevelopment projects involving conveyance to an affiliated non-profit or a private entity from most requirements of public construction procurement contained in M.G.L. c. 149. Prevailing Wage and contractor bonding requirements under MGL c. 149 § 26 to 27F, inclusive, and § 29 will still apply. For more information, please refer to PHN 2023-04.

# VI. Application Process

### Pre-Application:

- Pre-Applications are due to EOHLC by 5pm on January 7, 2026.
- All inquiries regarding this NOFA should be made via e-mail and directed to mailto:
   <u>eohlcpublichousing@mass.gov</u>. Inquiries should have a subject line entitled: "Public Housing Innovations
   2026 NOFA Inquiry." All inquiries should be received by December 1, 2025 at 5pm. Any applicant Questions
   & EOHLC Answers (Q&A) will be posted publicly by December 15, 2025 at the latest.
  - Please submit preapplications by email to <u>EOHLCPublicHousing@mass.gov</u> with the subject <u>"PHI 2026 NOFA Pre-Application (LHA name)"</u>
- EOHLC will review Pre-Application proposals and evaluate at its discretion based on the extent to which the proposal meets the overall intent of the NOFA and funding availability. EOHLC intends to invite no more than 5 projects to submit a full application.
- EOHLC will only advance pre-application submissions that reference funds administered by Division of Housing Development if the applicant also submits a pre-application to the Housing Development Winter Rental Round.
- EOHLC will invite selected sponsors to submit full applications in March of 2026

# Final Application:

- The projects selected to advance will submit their full project proposal by March 13, 2026.
  - Please upload all required application documents (itemized above) to a file-sharing site such as Dropbox and grant access to anyone with the link
  - Email the link to <u>EOHLCPublicHousing@mass.gov</u> with the subject "PHI 2026" NOFA Application (LHA name)"

• EOHLC will review proposals against the scoring criteria below and approve 1 or more projects, depending on projected cost and funding availability.

NOFA Activity	Date	Time
NOFA Post Date:	11/14/25	
Pre-Applications Due:	1/7/26	5pm
Invitation to Submit Final Application:	February 26	
Final Applications Due:	3/13/26	5pm
Q&A Submittal Deadline (est.):	12/1/25	5pm
Q&A Response Deadline (est.):	12/15/25	5pm
Application Award (est.):	Spring 2026	

# VII. Scoring Criteria for Stage 2

Applications will be reviewed to determine overall consistency with the goals of the PHI 2026 Program and with EOHLC goals and objectives. Applications will only be scored if they meet the project requirements listed on page 2.

#### PROJECT FEASIBILITY: SCOPE &COST | 35 POINTS

- Extent to which the project demonstrates vision, reasonable scope, and cost. Extent to which project meets goals of PHIDP program (760 CMR 63.03).
- Current physical condition; extent to which project would address capital needs at development, as demonstrated by Capital Planning System (CPS) facility condition index or other metrics.
- Consideration will be made for the utilization of public and private sources of funding, more favorably scoring projects that minimize the use of funds administered by all Divisions of EOHLC including federal tax credits.

### ONGOING COSTS DEFERRED | 20 POINTS

- Extent to which the project will remove the need for state capital and/or operating funds. Applicants will be ranked and scored based off the current state subsidy for the units and the expired component value of the units as of 7/1/2025.
- Projects that propose to include LHA-controlled project-based vouchers of any kind are allowable, but
  scores will be negatively impacted on a sliding scale depending on percentage of LHA-controlled projectbased vouchers to total replacement units. There is no penalty for proposing project-based vouchers for
  net-new units, or for smaller projects that require additional PBVs as a substitute for federal tax credits.

#### OTHER PROJECT BENEFITS | 20 POINTS

- Net-new units: Number affordable, workforce or market-rate (primary other project benefit)
- Economic mobility and neighborhood revitalization
- The extent to which the project includes sustainable design components
- The extent to which project design promotes resiliency to climate change hazards

· Accessibility and community amenities

NOTE: projects that do not add density and units will not be considered for funding.

#### READINESS TO PROCEED | 15 POINTS

- Applicants should demonstrate project feasibility, focusing particularly on the extent to which the proposal
  appears to identify and address all the key hurdles to completion; applicant must input development
  schedule timeline dates that demonstrate the ability of the project to begin construction within 24 months
  of award.
- Applicants should provide a clear timeline illustrating key project development dates, including: start and
  completion dates for relocation (if needed), expected leveraged funding application and commitment
  dates for 4% tax credits and volume cap, confirm zoning compliance or expected timeframe for receipt of
  zoning relief, key design milestone dates, and construction milestone dates (including bid date, NTP date
  and date of substantial completion), and if applicable, HUD review and inspection dates.

### **TEAM CAPACITY | 10 POINTS**

## Scoring Criteria:

- Management and organizational capacity are vital for a successful project. EOHLC will review and make determinations at its discretion. Review includes:
- Skills and experience of development team
- LHA's experience with other large capital projects
- LHA's current pipeline of major capital projects
  - o Performance Management Review (PMR) and Agreed Upon Procedures (AUP) findings
  - Development partner resume and experience (if applicable)

#### VIII. General

This NOFA includes the minimum anticipated scope of services. EOHLC may elect to modify or redefine the scope of services as needed to ensure compliance with state and federal statutes, regulations, and other EOHLC policies and requirements. EOHLC may also negotiate and execute contract amendments with the awarded LHAs to include the above and/or related initiatives or projects which were not previously addressed, and which EOHLC reasonably determines are within the scope of this NOFA and necessary to result in best value to the Commonwealth.

All responses and information submitted in response to this NOFA are subject to the Massachusetts Public Records Law. All written correspondence and materials submitted to EOHLC during this process, including as part of the response to this NOFA, become the property of EOHLC upon their receipt and will not be returned to the submitting parties. Except as provided in the Public Records Law, all materials submitted to EOHLC are subject to release as public records. In no event shall EOHLC, or any of their agents, representatives, consultants, directors, officers, or employees, be liable to an LHA for the disclosure of all or a portion of a response or related information submitted in connection with this NOFA.

By submitting their NOFA application, the LHA agrees to the terms of the NOFA, affirms that they are not subject to any state or federal debarment order, and affirms that all contracted services shall be provided consistently with state and federal law, and any applicable EOHLC administrative guidance, policies, or other technical requirements.

This NOFA does not commit EOHLC to pay any costs incurred in the preparation of an LHA's response to this NOFA or to enter a contract for services. EOHLC may (i) accept or reject any and all proposals received as a result of this NOFA; (ii) contract for some, all or none of the services offered by LHAs in response to this NOFA; (iii) negotiate with one or more of the qualified LHAs; (iv) cancel, in part or in its entirety, this NOFA if it is in the best interest of the Commonwealth to do so; and/or (v) waive any informality, and/or exclude any proposals from further consideration for failure to fully comply with the requirements of this NOFA if EOHLC determines it is in the best interests of the Commonwealth to do so.

EOHLC reserves the right to make amendments to the NOFA after initial publication. Any such amendment will be posted to COMMBUYS. It is each LHA's responsibility to check COMMBUYS for any amendments, addenda or modifications to this NOFA, and any Q&A records related to this NOFA. EOHLC accepts no responsibility and will provide no accommodation to LHAs who submit a response based on an out-of-date NOFA or on information received from a source other than COMMBUYS.

LHAs may not alter the NOFA language. Modifications to the NOFA, or additions which change the intent of this NOFA, are prohibited and will be disregarded. Content submitted in response to this NOFA must be suitable for public viewing, and EOHLC reserves the right to edit or delete any inappropriate content.

Bidders with disabilities or hardships that seek reasonable accommodation, which may include the receipt of NOFA information in an alternative format, must communicate such requests in writing to the contact person. Requests for accommodation will be addressed on a case-by-case basis. An LHA requesting accommodation must submit a written statement which describes the respondents' disability and the requested accommodation to the contact person for the NOFA.

EOHLC reserves the right to use other available information regarding a development team's history, experience and past performance as a EOHLC grantee or borrower (as applicable) when evaluating applications, including whether the team has:

- Met prior work plan objectives in a timely and proper manner in accordance with an approved budget, and otherwise performed effectively;
- ☐ Complied with the terms and conditions of previous contracts;
- Conducted due diligence, closed loans and constructed program/projects in accordance with applicable requirements;
- Maintained compliance with applicable programmatic and legal requirements for any required period of affordability, and;
- Has a significant balance of unutilized resources provided by any division of EOHLC, including without limitation capital grants from the Division of Public Housing, or capital grants, loans, or tax credits from the Division of Housing Development.

LHAs must ensure that all client/participant data is held in accordance with applicable state and federal requirements, including but not limited to, M.G.L. c. 66A, M.G.L. c. 93H, M.G.L. c. 93I, the applicable Commonwealth Terms and Conditions, and the Enterprise Information Security Policies and Standards published by the Executive Office for Technology, Services and Security ("EOTSS"), such that the confidentiality and security of the Commonwealth program data is protected.

LHA's and development partner co-applicants are obligated to notify EOHLC in writing of changes in project
information included in pre or full application submissions that develop after initial submission. Any changes
in local zoning/building code compliance requirements, or updates regarding the results of environmental

investigations on-site or new information in general that has implications to the overall project scope and total project cost, must be shared with EOHLC through an partially amended application, immediately after such information is known to the project applicants.

**NOTE**: Applicants that submit via email to EOHLC must upload all required application documents to a file-sharing site such as Dropbox and grant access to anyone with the link. Please do not send files as attachments to the EOHLC email.
