Housing Now Program for Local Housing Authorities

I. BACKGROUND AND FUNDING AVAILABILITY

The Executive Office of Housing and Livable Communities (EOHLC) is committed to supporting the stability and well-being of residents living in the Commonwealth. The Local Housing Authority (LHA) Transitional Housing Program (THP) supported our most vulnerable families to minimize their length of stay in Emergency Assistance (EA) Family Shelter and achieve housing stability in state-aided and federally subsidized public housing.

EOHLC is pleased to announce a Notice of Funding Availability (NOFA) for the evolution of THP to Local Housing Authority Housing Now (Housing Now Program or Program). Housing Now provides funding to assist families experiencing homelessness in transitioning to state-aided and federally subsidized public housing. Housing Now serves families through direct referral from the EA Family Shelter program to LHAs. LHAs place these families in units they have designated under the Housing First Model.

Under the Housing First Model, families are placed directly from the EA Family Shelter program into long-term tenancies at LHAs. Once the families are placed into a public housing unit and the Housing Now Program, EOHLC will fund ongoing supportive services to these families to help them overcome barriers and maintain tenancies. This means that operating subsidies will be paid towards the unit, and the family will pay rent as public housing tenants.

Program Details

Families suitable for Housing Now are identified by EA Family Shelter program case workers and directly referred through EA shelters to LHAs for screening. Families coming into the Housing Now Program must meet state-aided public housing eligibility and qualification requirements as set out in 760 CMR 5.00 (including CORI) or applicable federal admission requirements if placed in federally funded public housing. Referred households are screened by an LHA case manager who will perform an assessment to determine if the Program can meet the needs of the family. Once an eligibility decision is made, the LHA case manager contacts the referral source and family to inform them of the eligibility decision.

Under the Housing First Model, families who are accepted into the Program are required to sign a lease with the housing authority and assume all rights and responsibilities as a tenant. Each family must also enter into a Housing Now Plan developed jointly by the case manager and the family. The Housing Now Plan outlines the goals and services a family may need. Housing Now families are tenants. Accordingly, removal of the tenant from the unit must be in accordance with the applicable lease terms and regulations associated with the unit. For Housing Now units offered through state-aided public housing units, please refer to the State Aided Public Housing Lease ([Attachment B - State-Aided Lease Addendum](#) and [Attachment C - Form State-Aided Public Housing Lease](#)) and 760 CMR 6.06 for actions that can result in termination of the lease and steps that the housing authority is required to take. LHAs utilizing federally funded units will follow termination and procedures associated with the executed lease and federal regulations associated with the unit.

EOHLC will fund ongoing services to these families through an agreed upon service fee, while the unit will continue to receive an operating subsidy and the family will immediately pay rent as other state-aided

public housing tenants, in accordance with 760 CMR 5.00 and 760 CMR 6.00, or applicable federal requirements if placed in federal public housing. See attached template (Attachment A).

EOHLC will make these award increases for a period of four years (starting in fiscal year (FY) 2026, through FY2030). Once an LHA receives an award of a first year of funding or funding increase, the LHA will not need to reapply for the additional years of funding (if available).

LHAs are encouraged to submit proposals as soon as possible. Submissions will be accepted until **January 30, 2026**. EOHLC anticipates contracting a maximum of 51 additional units to the Program, subject to funding availability, in FY2026.

EOHLC provides funding to participating LHAs to administer Housing Now. These funds are used to cover program costs including case management, administrative costs, and support services as outlined in the Administrative Plan, which will be published and made available in, or about, January 2026. Please note that, EOHLC will continue to pay the operating subsidy for these units, net of rental income.

EOHLC will compensate LHAs operating Housing Now based on an approved budget, which may reflect unique expenses due to program offerings, region, and location in the state. EOHLC anticipates providing the LHA a service rate ranging from \$660 - \$1,210 per month per family for support services. The LHA will collect the tenant portion of rent from the Housing Now participant/LHA tenant, comparable to any other public housing tenant.

II. GRANT AWARDS

Eligibility Criteria

To be eligible for funding, LHAs must agree to operate the Program in accordance with the Housing Now Program Scope of Services – Housing First Model (Attachment A). EOHLC will grant awards to LHAs that meet the following threshold criteria:

- LHAs must administer family state-aided public housing or federal public housing eligible for this use.
- LHAs must dedicate at least 7 units of family public housing to the Program.
- LHAs must have demonstrated experience working with the EA Family Shelter program and households exiting shelter.
- The participating LHA shall provide adequate staffing for this Program, which may require a project coordinator and/or case manager.
- The LHA Board supports the LHA's participation in Housing Now, as evidenced by a documented Board vote.
- LHAs must agree to operate the Program in accordance with the Housing Now Administrative Plan.

In addition to new LHAs applying to participate in the Program, EOHLC encourages LHAs that are currently participating in Housing Now to apply to expand their existing program, if feasible.

Award Limits

LHAs that are awarded Housing Now funding will be eligible for funding starting in FY26, through FY30. EOHLC will implement the budget exemption to reflect the award starting on or around March 13, 2026.

EOHLC encourages LHAs to identify leveraged or in-kind funds to use in conjunction with Housing Now funds to support their staffing plan. LHAs will be required to include any awarded Housing Now funds in their state-aided program's operating budget, regardless of whether the LHA is a surplus or deficit housing authority.

Criteria for Prioritizing Awards

EOHLC anticipates that there will be more requests for funding than there will be funds available for new awards and will therefore evaluate applications according to the following additional considerations:

- Length of time and depth of experience working with the comparable service programs and/or programs for the target population;
- Size of public housing portfolio (or combined size of public housing portfolio if a regional application is submitted);
- Length of time and depth of experience providing resident support services;
- Length of time and depth of experience working with EA Family Shelter program providers and households exiting shelter;
- Regional shelter demand;
- Availability of public transportation near LHA housing units; and
- Evidence of strong community relationships with Continuum of Cares (CoCs), public schools, and other relevant organizations.

Applications will be reviewed by EOHLC to determine overall consistency with the goals of the NOFA and with EOHLC goals and objectives. Only complete applications that are received by the deadline will be reviewed. EOHLC will award points based on how well the application meets the criteria listed below. An application can score a maximum of 100 total points.

1. 30 Points available: Project scope, in terms of comprehensiveness and impact
2. 10 Points available: Applicant's prior experience
3. 30 Points available: Project budget
4. 30 Points available: Organizational/staffing capacity of applicant

EOHLC reserves the right to request additional information from the LHA applicant during the review process and to use other available information as may be necessary in order to complete its review. This may include but is not limited to, the applicant's compliance with the terms and conditions of previous contracts.

Housing Now is a continuous program. The LHA can propose a placement rate to fill units available for Housing Now referrals. For example, an LHA could propose to fill one (1) unit with a Housing Now referral for every five (5) vacancies.

Application Process

To apply for funding, LHAs requesting to join the Housing Now Program must send complete applications to EOHLCpublichousing@mass.gov with the subject "Housing Now NOFA Application (LHA name)" by **Jan 30, 2026**.

The application for funding must include an LHA program proposal to administer the Housing Now program. Proposal must include:

- Identification of the number of units that the LHA is committing to Housing Now, identifying the program and development name, location, and total units the LHA will commit to this Program, by development, with an expected time frame for unit availability.
- Description of the availability of public transportation at or near the LHA.
- Description, in detail, of how the current LHA provided resident services to tenants, the nature of those services, and the length of time they have been available.
- Submission of a program budget that details projected spending.
- LHA statement regarding current working relationship and willingness to work with EA Family Shelter program service provider(s) and CoC(s) in area(s) contiguous to the LHA.
- An LHA Board vote supporting the LHAs involvement in this program is preferred. However, a commitment to secure a vote is acceptable for bid submission. Where two or more LHAs are partnering, an LHA Board vote must be submitted from each of the LHAs.

EOHLC reserves the right at any time to accept or reject any or all proposals in whole or in part, to waive any informality and to exclude any proposals for further consideration for failure to fully comply with the requirements of this NOFA. EOHLC reserves the right to request additional information from LHAs during the review process and to use other available information as may be necessary to complete its review. Each LHA shall provide any additional requested information to EOHLC prior to funding. All awards are subject to funding availability.

III. TIMELINE

Applications will be reviewed within sixty days of application deadline. We encourage timely submissions. Late applications may be considered only if the applicant demonstrates good cause and receives an approved waiver from EOHLC.
