Residency Affirmation	I am a resident of the Commonwealth of Massachusetts
Statement of Intent	I intend to comply with and advance the policy established by this Act.

Statement of Interest	<p>My decision to apply to the Citizen's Commission was inspired by a song. In the 80's Cyndi Lauper had a hit with "Money Changes Everything" a tune about an average guy being forced to accept the consequences of decisions made for him and around him by entities that he did not know of, could not perceive of and that he could not influence or change, no matter how hard he tried, because the system was ultimately stacked against him by powerful and well-funded artificial entities who buy influence. I'm not anti-business or anti-capitalism or anti-opportunity or anti-union or anti-activist. I work for a large global corporation. However, I do believe to the depths of my very soul that when it comes to government the impact of an individual human vote should never, ever be diminished or obliterated by the influence of an artificial entity. The effects of this distorted person-hood are so corrosive: it means people don't vote because they believe their vote doesn't matter and it gives future generations nothing substantive or durable in terms of a government they can trust and believe. At the end of the day, if we don't have a government by the people and for the people then what do we have? We have Macbeth's lament, "Sound and fury, signifying nothing." I pledge to the voters of Massachusetts that I will devote myself to advance the Act approved by voters to the best of my ability . Thank you very much for your consideration of my application to be a member of this Commission</p>
