Information Required for Admission Screening

The following is a list of information the admitting provider or designee must give the MassHealth Utilization Management contractor when proposing an elective admission. MassHealth may request additional information at any time to clarify the details of any admission. See 130 CMR 450.208 for regulations about admission screening. Refer to Appendix A in your MassHealth provider manual for contact information about the Utilization Management Program.

- if applicable, the name of the member's primary care clinician (PCC) and one of the following:
 - the telephone number of the PCC;
 - the provider number of the PCC; or
 - the address of the PCC;
- if applicable, whether the PCC has been notified of the proposed admission;
- other health-insurance information;
- whether the member is being treated as a result of an accident, and if available, the date and type of accident;
- the expected or actual dates of admission and expected discharge date;
- the name and provider number of the attending physician;

- clinical information that supports the medical necessity of the proposed admission and/or procedure; and
- other pertinent information the admitting provider has considered in deciding to admit the member.

Please Note: Admission screening does not satisfy the need to obtain prior authorization (PA) for services that require PA. See 130 CMR 450.303, 424.000, and Subchapter 6 of the *Podiatrist Manual* to determine what services require PA. See Subchapter 5 of your MassHealth provider manual for instructions for requesting PA.
