### **PORTABLE BREATH TEST DEVICES (PBTs)**

When making a decision to purchase a portable breath test device (PBT), the Office of Alcohol Testing (OAT) will calibrate devices that meet the following criteria:

- 1) The PBT is a Department of Transportation (DOT) approved device
- 2) Data stored on the PBT is downloadable
- 3) The PBT will save the date and time
- 4) The PBT is compatible with Dry Gas for accuracy checks
- 5) The PBT will pass and holds the OAT Calibration Process

Devices which have been previously certified at OAT may continue to be submitted for calibration purposes.

The following are a few of the manufacturers of portable breath testing devices:

#### **Draeger, Inc.**

4040 West Royal Lane, Suite 136

Irving, TX 75063

(866) 385 – 5900
