

**Department of Conservation and Recreation
Commonwealth of Massachusetts**

**Postponed: Landry Park Design
Public Meeting
~~Tuesday December 5th, 2023 @ 6pm – 7:30pm~~**

The upcoming Landry Park Design Public Meeting is being postponed due to an unforeseen delay in the project schedule. DCR anticipates the rescheduled public meeting taking place in early January 2024.

At this virtual public meeting, the project team will present the goals and scope of work for improvements to Landry Park and the parkland directly across the Charles River, as well as information gathered from surveys and site analyses. The area that is now Landry Park is located within the Boston Manufacturing Company Historic District (MHC #WLT.AO), along the edge of Charles River and within former mill building foundations that were demolished and filled in the 1970s. The site was redeveloped in 1980's to rehabilitate the Mill building, which now houses 288 subsidized apartments, and create Landry Park. DCR's vision for the Landry Park Area is to protect and restore the ecologically sensitive landscape of the Charles riverbank while also highlighting and interpreting the great cultural significance of the park, historic spillway, and mill buildings by providing clear, welcoming, and universally accessible pedestrian routes and connections to the Charles River Greenway, Paul Dudley Bike Path, and the Museum of Industry as well as providing enhanced opportunities for passive recreation. DCR seeks public input on a vision to renovate and modernize the park while supporting the communities it serves.

The public will be invited to ask questions and provide feedback on the presentation, using the Q&A functionality that will be available through the virtual participation platform. After the meeting, the presentation will be available for viewing at <https://www.mass.gov/dcr/past-public-meetings>. DCR encourages the public to share additional feedback, with a deadline for receipt of comments by DCR of ~~December 19th, 2023~~. Comments may be submitted online at <http://www.mass.gov/dcr/public-comment>. Please note that the content of comments you submit to DCR, along with your name, town, and zip code, will be posted on DCR's website. Additional contact information required when commenting, notably email address, will only be used for outreach on future updates on the subject project or property.

If you have agency-related questions or concerns or would like to be added to an email list to receive DCR general or project-specific announcements, please email Mass.Parks@mass.gov or call 617-626-4973.

Reasonable accommodations for people with disabilities are available upon request. Include a description of the accommodation you will need, please include as much detail as you can. Also include a way we can contact you if we need more information. Please allow an adequate amount of advance notice prior to the meeting for your request. Last minute requests will be accepted, but we may be unable to fulfill the request. Please send an e-mail to Melixza G. Esenyie, ADA and Diversity Manager at the Executive Office of Energy and Environmental Affairs at Melixza.Esenyie2@mass.gov or call 617-872-3270.
