

MassAbility

Helping you do you.

Together with stakeholders, partners, and allies, MassAbility works to expand what's possible in the lives of people with disabilities. We collaborate, problem-solve, innovate, and bring about a better Massachusetts for everyone—one that is truly equitable, accessible, and inclusive.

Create a plan for your future

MassAbility

Expanding equity and access for people with disabilities.

MassAbility

MassAbility's Pre-Employment Transition Services (Pre-ETS) provide students with disabilities the opportunity to experience the world of work.

Together with provider partners across the state, we help you make decisions about your career path and create a plan for your future.

Whether you're a younger student interested in learning about your first summer job, or an upper-level student planning your career path after school, providers offer a wide range of possibilities for you up until your 22nd birthday.

Core Services provided by Pre-ETS providers:

+ Job Exploration Counseling
+ Workplace Readiness Training
+ Work-based Learning Experience
+ Self-advocacy
+ Counseling on Post-secondary Education
+ Counseling on Post-secondary Training

If you're 14-16

Are you thinking about what work interests you?

Do you want to know what careers are going to be available for you in the future? How can you best express your thoughts to teachers, parents, and employers? Your Pre-ETS provider will help build awareness of the careers and opportunities available to you.

Two years before graduation or turning 22

Two years before graduating (or turning 22), you'll want to connect with MassAbility and apply for services by connecting with MassAbility Connect.

In some cases, your school has done this for, please speak to your guidance counselor to check what your MassAbility status is. Your MassAbility counselor will pick up where the Pre-ETS services end, helping you transition to a career path.

What to expect

+ Preparing you for further job experience
+ Looking for educational programs
+ Degrees to achieve employment goals

If you're 16-21

What careers interest you?

What education and skills do you need? Your provider will help you explore various career options, post-secondary education, and partner with you to explore trainings or internships opportunities.

What to expect

+ Discovering careers that interest you
+ Preparations for career paths after school
