What is Arlington EcoWeek at Home?

Right now we are staying at home and doing everything we can to keep ourselves and our families and neighbors safe and healthy. During Arlington EcoWeek at Home, we invite you to do everything you can (or even do just one thing) to care for and protect our Earth—the beautiful home we all share.

Arlington EcoWeek at Home offers a week of activities you can do from home to inspire connection to and celebration of our natural world. Arlington EcoWeek at Home coincides with the 50th anniversary of Earth Day on April 22.

When is Arlington EcoWeek at Home?

Arlington EcoWeek at Home events were posted during the week of Monday, April 20 – Friday, April 25. You can still click on the links below to experience the activities.

Why are we having Arlington EcoWeek at Home during a pandemic?

1. We need to take care of our Earth now more than ever. Did you know that deforestation is one of the causes of humans getting exposed to animal viruses? Read more [here](#) or [here](#).
2. At a time when we are feeling socially isolated, EcoWeek gives us the opportunity to connect virtually with each other and get to know some of the key people in Arlington. You can learn about our local and global environmental issues and find out how you can help.

LiveCam from the Cincinnati Zoo

In videos look for the Brazilian porcupine!

Live Q&A Zoom presentation with our Animal Control Officer Diane Welch and one of her feathered friends. [Video Recording Here, 60 minutes](#)

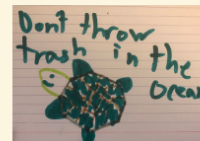

[Young Voices for the Planet](#). These short films are about youth who care about the Earth and are taking action. They are free, under 10 minutes, and appropriate for all ages.

[Arlington Community Media, Inc. Green Teams page](#). Watch videos about cafeteria composting and climate change rallies and listen to podcasts created by Arlington Green Team students.

[Messages from Future Earth Podcast Episode 3](#)

[Wellington Park Public Meeting](#). Learn about the Wellington Park project timeline, design options, and share your input on what you would like to see in a park located on Grove Street along Mill Brook in Arlington. - [Video Recording Here, 1 1/4 hrs](#). Co-hosted by the Town of Arlington and the Mystic River Watershed Association.
