Scoring methodology:

You will receive an ECT&E score notice that will indicate the maximum points you earned in each category. In addition, the score notice will list any categories that you claimed but were not credited due to a lack of supporting documentation or errors in calculation. The final ECT&E score that will appear on your score notice will be derived through a standardization and weighting process. In addition, the ECT&E exam component as a whole is weighted relative to the Written (Technical Knowledge, Situational Judgement) component. You cannot add up the points based on the information in this guide to obtain the score that will represent 20% of your total overall score on your Statewide Promotional Examination.

A candidate who fails to submit an ECT&E application within 7 days after the written exam date, will receive a score of "Incomplete". A candidate who fails to submit any supporting documentation to their ECT&E application will receive a score of "Incomplete".
