

**Executive Office of the Trial Court
Probation Officer Drug Court Resource Demand Survey**

The Special Commission on Substance Addiction Treatment in the Criminal Justice System is mandated to determine "... the optimum number and estimated expansion costs associated with the drug courts necessary to meet the needs of the total annual number of nonviolent substance addicted offenders...". As a probation officer with experience in drug courts, the commission is seeking your input into this analysis. Please respond for the week of _____. You are encouraged to collaborate with your treatment providers in the completion of this survey.

1. Which drug court do you provide probation supervision services for? _____

2a. How many probationers are currently enrolled in your drug court? _____

2b. How many drug court sessions are operated by your drug court? ☐ One ☐ Two ☐ Three or more

2c. Of your current enrollment, how many are incarcerated waiting for a treatment bed? _____

3a. Does your drug court maintain a waiting list? ☐ Yes ☐ No

3b. If you selected "Yes" to question 3a, how many probationers are on this waiting list? _____

4a. What is the capacity of your drug court? _____

4b. If your drug court enrollment is currently at capacity, how many additional participants do you feel require your services? _____

**Executive Office of the Trial Court
Probation Officer Drug Court Resource Demand Survey**

6. For each of the below treatment modalities, please indicate whether it is currently used by your drug court, the number of drug court participants currently enrolled in that treatment, the number waiting for that treatment, and the number that can't access that treatment due to availability or other barriers.
