

# Project Fact Sheet

## Overview

The Route 128/I-95 Land Use and Transportation Study **will establish the future land use, housing, and economic development** assumptions for the segment of Route 128/I-95 between **Newton and Lexington**. The study will develop and analyze alternatives, present policy and infrastructure recommendations and develop an implementation plan to advance this corridor into the future.

## Study Goals

- Improve Access, Safety, and Mobility for All
- Support Strategic Land Use and Economic Vitality
- Advance Social Equity Throughout
- Contribute Environmental and Health Benefits
- Develop Recommendations with Lasting Benefits
