

**Project Presentations for AGF for Second Round of FFY 24 405c funding  
as of 5/13/24**

As part of the AGF process, project representatives will make virtual public presentations on their projects. While one hour has been reserved for each presentation, we have asked presenters to use no more than 20 minutes for the formal portion of their presentations and then about 10 more minutes for Q&A. Below is current information on these presentations, but please monitor the AGF webpage for updates at <https://www.mass.gov/info-details/state-traffic-safety-information-system-improvements-grant-program>. Project representatives will record their presentations and these are expected to be available a few days afterwards on the AGF webpage.
