Nature-Based Flood Mitigation

Montague City Road Flooding Protection Project: Design and Permitting

Montague

Project Priorities:

- Analyze alternative nature-based storm damage protection and other bioengineering methods to adapt to seasonal flooding that routinely closes one of Montague's main thoroughfares
- Create design and obtain necessary permits to construct the chosen alternative, a vegetated drainage swale

MVP Grant: \$33,750
Match Amount: \$11,250
Total Project Cost: \$45,000
